Dear Mr. Scherer:

Rose Mary Woods has asked me to thank you and reply to your letter of June 3 in which you express an interest in attending the General Conference of UNESCO this fall as a Member of the U. S. Delegation.

As you are undoubtedly aware, the competition for these appointments is very stiff; however, because of your outstanding contribution to UNESCO as a former Member of the National Commission, your candidacy is receiving the most careful consideration. The actual decisions on the composition of this Delegation will not be made for some time yet, but we will try to keep you informed of the status of your candidacy as we near the final selections.

With best wishes,

Sincerely,

David J. Wimer  
Special Assistant to the President
