SCHMALL, Charles H.
New York, New York
December 28, 1941

Wrote to the President stating that he is send to the President a belated Christmas gift which consists of three items from Mr. Schmall's collection: (1) A Naval Album; (2) A letter written in longhand by Lord Randolph Spencer Churchill, father of Winston Churchill; (3) A century-old British fishing license for use in Hyde Park, London. Asks the President to show the album to Captain Dudley Knox of the Naval Archives Bureau. Says if the pictures prove to be unpublished, please let Capt. Knox make reproductions for the Naval Library. -- On Jan. 3, 1942, Lt. Ross R. Hirshfeld, Office of Public Relations, Navy Dept., wrote to Mr. McIntyre expressing opinion that the above letter should beacknowledged from the President's office. -- The President wrote to Mr. Schmall on Jan. 7, 1942, expressing appreciation.

I enclose a relic which you richly deserve and which you may wish to put in the museum at Hyde Park. The inscription is a bit out of date, but I wrote it on a day when it seemed appropriate; the Pacific should be added now.

It is a long time since our last meeting at the Biltmore on the night of your first election but the memory of that occasion is always fresh in my mind. It has been the greatest satisfaction to remain your constant supporter ever since that historic day.

Dear Sir:

The writer hopes that the usual White House rule about returning gifts from unknown donors be waived and that the useful Drum Basket being shipped by express be accepted by the President from its originator and creator: Hubert M. Armfield, in token of his admiration and esteem.

An explanatory card is affixed to this faithful, historic, replica of the Snare Drum at Fort Ticonderoga, New York, which is probably the only authentic Revolutionary Drum belonging to the American Forces at that time, in existence.

From an admiring citizen,

Faithfully yours,

December 24th. 1941.

Mr. Franklin D. Roosevelt
President of the United States
Washington, D. C.

Dear Sir:

The thought came to me as I was sewing that since all the world is at war as at the present time that what the United Nations need most is a reminder that God is the supreme ruler and all the great leaders are instruments in His hand. Then I went to work and made a "Love and Peace" Emblem to be used as a reminder of His Love and Mercy to all the children of man.

His Love was so wonderful that He gave His only Son as our Savior to bring peace and good will to all people. We are living in an age more difficult than in Washington's or Lincoln's time and they both depended upon God as their guide, and were victorious.

"The wicked shall be turned into hell, and all the nations that forget God." Psalms 9:17.

"For nation shall rise against nation, and kingdom against kingdom; and there shall be famines, and pestilences, and earthquakes, in divers places." Matthew 24:7.

But, Oh! The Blessed promises. "I will forgive their iniquity and I will remember their sin no more." Jer. 31:34.

"If any of you lack wisdom let him ask of God that giveth to all men liberally and upbraideth not, and it shall be given him." James 1:5.

"Fear thou not, for I am with thee; be not dismayed, for I am thy God, I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness. For I the Lord thy God will hold thy right hand, saying unto thee, Fear not, I will help thee." Isa. 41: 10, 13.

"Be ye strong therefore, and let not your hands be weak; for your work shall be rewarded." II Chron. 15:7.

And then we can say like the prophet, Isaiah: "and they shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up sword against nation, neither shall they learn war any more." Isaiah 2:4b.

Very truly yours,

Mrs. Clyde Arbogast

THE EMBLEM

This Emblem has been blessed and sent out to do a mission. God hears and answers prayers, trusting that the people will call upon the Lord while He may be found. His spirit will not strive with men always.

I used the colors of purple and gold, which were most used in the Bible. Gold is for strength which we all united need. Before Christ was put on the cross to be crucified, "And they clothed him with purple," Mark. 15:17a., which meant victory.

I used the dove as an emblem of peace. When Noah was in the ark he sent the dove to see if it was safe. "Also he sent forth a dove from him, to see if the waters were abated from off the face of the ground;" Genesis 8:8. "and, lo, in her mouth was an olive leaf pluckt off;" Genesis 8:11b., which was victory. And when Christ was baptized, "and he saw the Spirit of God descending like a dove, and lighting upon him: And lo a voice from heaven, saying, This is my beloved Son, in whom I am well pleased." Matthew 3: 16b, 17, which was wonderful victory.

To have lasting peace it must come by the way of the cross of Calvary.

My dear Mrs. Arcar:

This will acknowledge the receipt of your letter of March first. I am very sorry that this office is unable to advise you regarding the matter about which you write. I would suggest that you consult an attorney.

While your desire to present the Flag you have crocheted to the President is very much appreciated, he does not feel that he could accept a gift upon which you have spent so much of your time and handicraft.

I am sorry not to be able to send you a more favorable reply.

Very sincerely yours,

March 1, 1942

To the President of the United States of America
Sir -

Please, may I have the opportunity to explain and try to, prove our appreciation for being in these trying times under the protection of our beloved flag of the United States of America. It stands as a symbol and emblem that all true patriots would gladly give up their lives that it may wave forever. God Bless America.

My husband has been a farmer all his life. He has been farming in the City of Manchester, N. H. for thirty-two years, on land owned by the Daniel Connor Estate.

About four months ago our home that we built on said estate was razed to the ground by fire. All of our farming equipment was completely ruined. We didn't have anything left in the world except a small insurance policy which would not replace half of what we lost.

-II-

After we lost our home, Mr. Lawrence M. Connor, one of the trustees of the estate was determined that we should rebuild on his property. He refused to sell us a mere house lot of the seventy-four acres of land that my husband has been operating for the past thirty-two years. We have trusted him faithfully and truly and have paid him all rents when they became due. After all that happened we found out that our government has been buying land all through that section, so we made up our minds and bought a farm consisting of sixty acres of tillable soil elsewhere. It seems that Mr. Connor did not like the idea of us leaving his land.

So Mr. Connor and his two brothers, who are lawyers, attached our insurance money, on which we were depending to replace some of our loss, especially our farming equipment. Which might be very difficult for us to acquire later on. We also tried very hard to settle with Mr. Connor the way he pleased, and have the balance of the money he attached, so we can use

-III-

it in these hard times, for the sake of helping the country, even though it is on the farm. But he refused.

I mention this so I can explain my reason. I felt that everyone should help in the work of our country. My husband is preparing to do his utmost for the coming season.

I would like to be advised if there is any possible way to settle with Mr. Connor before the term of Court, because we need the money very badly as I have mentioned above. Our lawyer has failed to have him agree to a settlement.

I would like to present to you, Mr. President, personally if possible, the gorgeous flag, which I Bertha Shapen Ascar have crocheted, to show my loyalty to my adopted ^{unit} country, the United States of America.

We my husband and I, are members of the Hillsborough County Farm Bureau, The American Red Cross, and the Lebanese Society of America.

-IV-

If you find it impossible for me to
present the flag to you personally, I shall
be glad to send it through the mail.

I would consider it the greatest pleasure
if I could have the opportunity of taking it
to you myself.

Respectfully Yours

Crochets Big Flag by Hand

Local Woman to Send Beautiful Gift to President

Every bit of it hand crocheted, this five by three and a half foot "Victory Flag" will be presented to President Roosevelt by its maker Mrs. Bertha Shaheen shown above with her two sons Johnny, three, and Louis, nine.

Day and night for the past four months Mrs. Bertha Shaheen has been making an American flag. It is what she terms a "victory"

flag and it is her fervent hope that she may present it personally to President Roosevelt as an indication of her affection for America, although she is a Syrian.

No Ordinary Flag

But this American flag, fashioned by this modern Betsy Ross, is no ordinary flag. Painstakingly, it has been crocheted by hand. From nimble fingers, a tiny, fast moving needle, and hundreds of yards of crocheted cotton has grown a five by three and a half foot gold edged Star Spangled Banner.

Mrs. Shaheen and her husband have been farming New Hampshire land for some 32 years. Four months ago their home on Weston road burned to the ground and they moved to their present 60 acre farm at 1394 South Willow street. Shortly after Mrs. Shaheen began work on the flag.

"I felt I wanted to do something in this trying time," she said. "I wasn't able to spend much money for this country and I couldn't leave the house to do any defense work because of my children." The Shaheens have two small boys, Johnny, who is three, and Louis, who is nine.

"I decided that I could make this flag as a contribution and at the same time be at home to work with my family."

Mrs. Shaheen will send a personal letter to the President this week, describing her work and requesting that he accept the flag from her personally.

'All Wool' Labels May Disappear

WASHINGTON, Feb. 25.—(A. P.) —R. F. Guthrie, textile chief of the War Production board, dropped a hint today that "all wool" labels might disappear from civilian clothing by the end of the year as the WPB ordered drastic curtailment in use of high grade new wool for civilian uses.

Guthrie said an order would be issued de-

country that there is a place to which all elephants go when they are about to die. While this place has often been sought it has never been found. In fact there is no reason to believe it exists.

Q. When is Child Health Day served? P. P. A.

A. Since 1928, May 1st has been designated by Act of Congress as Child Health Day. The President's proclamation calls upon people in all communities to exert every effort "to the end that before May Day—Child Health Day, children over nine months of age be immunized against diphtheria and small-pox, the two diseases for which we have the surest means of prevention."

Q. Did India declare war against Germany in the first World war? N. J. A.

A. In the first World war India made no separate declaration of war, not being a self-governing colony. India did, however, contribute a substantial number of men to the Allied forces.

Q. What breed of cow is known as the "poor man's cow"? P. R. M.

A. The Dexter or Dexter-Kerry breed, which originated from the Kerry breed of Ireland, spread into England and was introduced into America in 1859, is so called. It received its nickname because of the quantity of milk given and the small amount of inexpensive feed required.

Q. How many peoples were subject to ancient Rome? C. N. T.

A. Gibbon estimates that all races and nations which obeyed imperial Rome numbered 120 millions.

Q. Who was it who said Shakespeare "was not of an age but for all time"? M. F.

A. Ben Jonson, in the poem, "To the Memory of My Beloved, the author, William Shakespeare," prefixed to First Folio.

Q. What is the significance of the word "macaroni" as used in the song "Yankee Doodle"? G. N.

A. For a long time macaroni was unknown outside Genoa, Italy, but in the 18th century it was introduced into London. A club was formed at whose gatherings macaroni was the principal dish. Soon "macaroni" came to be a common name for a young man about town.

75 year old Grandmother sends handmade afghans for the President and Gen. MacArthur. Feels sure President will see that the General or someone near him will get it. Sent two to the Russian Ambassador to be forwarded to a poor Russian mother, with thought of encouraging Russians to continue their good fight and give USA more time to prepare. Thinks Mr. Churchill's visit to the US did more harm than good. Many people do not approve of the shipments of food to Great Britain, where it is sold for double the price, and Americans have to go without it. Says she is not an Isolationist, but detests the English. - Complains that many Italians in her town are evading the draft and thinks an investigation should be made. MEMORANDUM FOR THE PRESIDENT
March 23, 1942

P. P. F.

9-A

MHM said: Thought you might be interested in seeing this. Saw Lynn Pierson the other day and he told me Edsel had been quite ill and was down in Florida and suggested I drop him a little line. I told him that there were still some rumors that we might be in Warm Springs the last of the month and understood that he might stop over to see Lynn, which accounts for his comment in the last paragraph. --- Attached MHM's letter of 3/9 to Edsel Ford, re seeing Pierson and suggesting that he and Mrs. Ford stop-over at W. S. last of month provided, of course, they get down. Also said everyone is delighted with new car which the President is now using; that has been advised that Chief Wilson of Secret Service has written to Ford's Director of Personnel, Mr. Bennett a ltr. of very sincere thanks, but wants Mr. Ford to know also how much generous cooperation is appreciated. --- 3/19 Mr. Ford replied to MHM's ltr. stating doesn't think they cant stop at W.S. as have been away too long as it is. - Commented re their war jobs and enclosed card giving high spots of two jobs, bombers and aircraft engines.

Honorable Henry A. Wallace
Vice President of the United States
Washington, D. C.

Sir:

March 24, 1942

I received a letter from Mr. George M. Putnam, President of the New Hampshire Farm Bureau Federation, informing me that he has spoken to you about the American Flag which I have crocheted, to be presented to the President of the United States. Mrs. Bertha Niman Ascard this beautiful flag is to please my oldest boy.

1394 South Willow Street
Manchester, New Hampshire

About four months ago our home burned down to the ground by a fire caused by an oil burn. Dear Mrs. Ascard: lost everything we had in the world except a small fire insurance policy, which would never replace half of what we lost.

The "Victory Flag" which you crocheted

My husband is very beautiful, indeed, and I am happy to see on the farm on which our home was present it to the President on your behalf, we been a market gardener. That together with a copy of your letter giving consists of seventy acres. The buildings on the story of yourself and your patriotic family husband. He also lost all of his I am sure your son, Louis, has every reason to

be proud of parents who are working so courageously

After all to preserve the freedom of their adopted country. Our government has been buying land throughout that section of which to build houses for officers stationed at Greiner Field.

Sincerely yours,

Our former landlord, Mr. Lawrence M. Connor, thought he could force us to rebuild on his land to keep the land invaluable to him, so if our government needs that land he could get more money for it. Well, my husband and I didn't like this idea, so we bought a sixty acre farm. H. A. Wallace also a house which is all ready to live in.

But Mr. Connor got very disappointed when he learned we left his place, so he attached our fire insurance money for no reason at all, just to make it so hard for us to replace some of what we lost in the fire.

One day my oldest boy came home from school and he said, "Mother, I don't feel good." Naturally I wanted to know what was the matter with the boy. Then he said to me, "Our teacher made a speech today, Mother, and she said, 'Children war is declared now and we must learn to save everything and how to love our country and our flag and how to help win this war.' Most of the other kids were saying how their mothers and fathers were helping. I couldn't say much because I know our home burned down and we lost everything." Then I told my son, "Don't be foolish, son, you know your father is preparing for the coming season and then you can tell your teacher that later on you are going to help your father to raise some nice vegetables so the other people can use them while they are working in the field. And Mother can help too while she is staying home and taking care of the family." So I was very proud of my son, that he has the right spirit and the right love for our country and our flag. I made up my mind and I made a pretty flag because he was always fond of it.

Manchester, New Hampshire
March 16, 1942.

Honorable Henry A. Wallace
Vice President of the United States
Washington, D. C.

Sir:

I received a letter from Mr. George M. Putnam, President of the New Hampshire Farm Bureau Federation, informing me that he has spoken to you about the American Flag which I have crocheted, to be presented to the President of the United States. The reason why I crocheted this beautiful flag is to please my oldest boy.

About four months ago our home burned down to the ground by a fire caused by an oil burner explosion. We lost everything we had in the world except a small fire insurance policy, which would never replace half of what we lost.

My husband has been a farmer all his life. He has been on the farm on which our home burned down for thirty-two years. He has always been a market gardener. That farm, owned by the Daniel Connor Estate, consists of seventy acres. The buildings that burned on said estate were the property of my husband. He also lost all of his farming equipment.

After all this bad luck happened to us we found out that our government has been buying land throughout that section on which to build houses for officers stationed at Grenier Field.

Our former landlord, Mr. Lawrence M. Connor, thought he could force us to rebuild on his land to keep the land invaluable to him, so if our government needs that land he could get more money for it. Well, my husband and I didn't like this idea, so we bought a sixty acre farm elsewhere and also a house which is all ready to live in.

But Mr. Connor got very disappointed when he learned we left his place, so he attached our fire insurance money for no reason at all, just to make it so hard for us to replace some of what we lost in the fire.

One day my oldest boy came home from school and he said, "Mother, I don't feel good." Naturally I wanted to know what was the matter with the boy. Then he said to me, "Our teacher made a speech today, Mother, and she said, 'Children war is declared now and we must learn to save everything and how to love our country and our flag and how to help win this war.' Most of the other kids were saying how their mothers and fathers were helping. I couldn't say much because I know our home burned down and we lost everything." Then I told my son, "Don't be foolish sonny, you know your father is preparing for the coming season and then you can tell your teacher that later on you are going to help your father to raise some nice vegetables so the other people can use them while they are working to help. And Mother can help too while she is staying home and taking care of the family." So I was very proud of my son, that he has the right spirit and has the right love for our country and our flag. I made up my mind and after four months of work I made a pretty flag because he was always fond of it. After I showed it

Hon. Henry A. Wallace

to him I asked him, "Louis, shall we sell this flag?" The boy looked at me and said, "Mother, never sell an American Flag and especially not this one, this is very pretty. I'm proud of it. I wish I was big enough to take this flag with you and give it to our President, and show what a good mother you are." Then I said to my boy, "In a time like this everybody should do something to show their loyalty to our beloved country, the United States of America." The boy said to me then, "Mother, we can call this a Victory Flag."

When we went to Mr. Putnam's office and told him our story, he was very generous, and he told us that he was mighty glad to hear that we are trying to bring up our children in a good American way. He also made a quick arrangement for us to obtain a loan in order to continue our business. And he told us to come to him any time and he will do the very best he can to help us. My husband and I were born in Great Mount Lebanon and became American citizens a number of years ago. Some people used to call us Syrians, but we really used to be Lebanese.

We want to do everything we can for our country and in my spare time I am going to do crocheting to sell so I can buy Defense Bonds. If there is anyone in Washington whom I could do this for I would be pleased to hear from them.

If you will present this flag to our President and tell him our story, we will be very thankful indeed, Mr. Wallace.

Yours sincerely,

Dear Sir:-

(sent to House)
After reading the above article from our local News-Tribune, about your trout supply being temporarily suspended; under separate cover, I am sending you, packed in ice, two of our Washington Trout I caught yesterday morning on 4½ oz. fly rod. My personal friend, Rep. John M. Coffee knows a lot about these trout and the fishing spots.

Twice before, I have sent similar packages to Paul Cook of Silver Spring, Md., just across the line from the District and the trout arrived in fine condition, and yours ought to reach you in prime shape.

With apologies for not sending them by plane, I remain,

Sincerely and respectfully yours,

My dear Mr. Acree:

Many thanks in the President's behalf for the pecans and for the stamps. It was indeed kind of you to send them to him and I know that he would want to convey his sincere appreciation of your loyal spirit.

Very sincerely yours,

Honorable Franklin D. Roosevelt,
President United States,
Washington, D. C.

Dear Mr. President;

Under parcel post, I am
sending you a box of Mahan plants
from my place. I hope you like
them, and that they will add
pleasant moments to troubled days.

In your philatelic collection,
you have an Akron checked en-
velope from me. On the parcel post
box and this letter are items, defense
stamps etc. which will make them
interesting. envelope attached

As to Lindbergh, you are justi-
fied in your criticism. After
much discussion with Waco people,
I wired War Secretary Stimson to
accept Lindbergh's resignation.

service with many people and there was only one exception to a unanimous expression - that he should not be permitted to serve the United States.

He would naturally be entitled to a commission if he were accepted. I served in the World War in the Red Cross with no salary over a local board furnished office fuel, lights, stenographer, and with donations a total amount of over \$2800.

In a few minutes after we heard over the radio of Japan's attack, I had sent you an air-mail letter - offering you my services. Both my son and I have signed up for Civilian defense, and I have been in the Red Cross roll call and drive thru our allotted share.

As high a percentage of loyal

Americans will resent Lindbergh
as an officer or even a private -
as did before he tendered his resig-
nation.

You are not in any harder
spot on this now than you
ever when you criticised him
and then you were wholly
justified.

Those loyal to America do not
want to be led by one whose
loyalty has ever been questioned.

Sincerely,

Fred Acree
