My dear Mr. M. H. McIntyre:

I have received your kind letter of January 4, 1937 and I am deeply grateful for your intention to transfer my letter of Dec. 22, 1936 with enclosed photographs to Mr. President in which I have showed myself as political and national artist designer and American Inventor. In this letter I want to ask you Mr. M. H. McIntyre to transfer to Mr. President - Z. D. Roosevelt my modest work: new design of banner of U. S. Democratic Party - design not, which I shall improve in better forms later and it will be desirable that this flag would be presented to Mr. President on January 20, 1937 for the second time of his inauguration.

Very truly yours democrat Leo Y. Booharin.

and who added to their wealth at the expense of the widows and or-
phans who were left without their supporters - husbands and fathers.

A CALL TO THE AMERICAN PEOPLE.

We, independent of any foreign country, the free people - the Americans.

We believe in our great American freedom proclaimed by our first congress, July the fourth, 1776 - the freedom hardly won by the strenuous efforts of the father of our country, the great George Washington.

On the eve of the coming Presidential election, we the children of the great George Washington in following his political ideals must be sufficiently courageous and sensible, in order not to let our freedom be endangered by a presidential candidate who is a plain tool of a dark group of irresponsible capitalistic usurpers anxious to rule our country exclusively for their own benefit.

After Washington as the next great president to appear in our annals was Thomas Jefferson.

He was the true father of our democratic principles and will ever be remembered as the author of the Declaration of Independence. He will also retain everlasting significance for doubling the territory of the United States by the purchase of the Louisiana from France.

Our third great president, Monroe, will always be remembered gratefully for the Monroe Doctrine which closed the Western hemisphere to the quarrels of Europe and forbade the aggressions of the nations of that continent in the Americas.

President Abraham Lincoln was the fourth political genius of our country -- he destroyed the shameful institution of slavery in this country, and through that great calamity, the civil war, which carried many of this country's sons to an early grave, liberated the negroes and bound the states together in a more perfect union.

The president just mentioned had just much to do with preserving the freedom, life and glory of our country after many tribulations and by numerous sacrifices of the American people.

Similarly, our president Franklin Delano Roosevelt, taking into consideration the accomplishments of our former presidents, the history of our country and observing closely the development of events in the countries of Europe and Asia, protecting this country from the approaching and fear inspiring cloud-modern plague of mankind -- the new world war.

The first world war which carried to a premature grave millions of lives just for the satisfaction of a few capitalistic grafters who were unjustly enriched by the sacrifices of the killed and the maimed, and who added to their wealth at the expense of the widows and orphans who were left without their supporters - husbands and fathers.

Great indeed is the price of health and life for every one of us. To lose either is a supreme disaster to him who is directly affected

Already terribly burdened with deadly armaments, the people of Europe, and Asia, especially Germany, France, England, Soviet Russia and Japan, are being prepared by their leaders for a horrible death in the very near future. The new war will be indescribably awful; many towns will be razed by aerial bombardment, while their inhabitants, together with their flowers of life, the innocent children will be torn to pieces by aerial bombs, suffocated by poisonous gases, burned alive and crushed in the ruins of their fallen homes.

The politics of fascist Italy of Germany of the Socialists of France of the Communists of Red Moscow, and of Imperial Japan, leads to the loss of not only individual freedom but just as well to the mass execution of their respective populations through war.

CITIZENS OF AMERICA:

If that is so, away with fascism, communism and any other dictatorial rule of a group of international killers. Let us turn our eyesight to that man who can keep our country from the oncoming destruction, save our lives and freedom, and provide for the welfare of the working masses.

In fact did not Roosevelt expressly state to us Americans that we would not become involved in any war during his presidency.

The depression will be conquered.

And so citizens of the United States of America, let us help our good President, because he is the only leader today who care for the common man; we must show our gratitude by strongly supporting him.

Therefore let us all go to the polls on election day and re-elect him to the Presidency of our beloved country so that he may finish the work which he has so nobly begun in rescuing us from the results of the misrule of his immediate predecessors.

If Abraham Lincoln did much for humanity in liberating the black slaves and in giving them their freedom, then in his turn President Roosevelt has done much more because he is saving our whole country from the future world war and the laboring class from hunger and the chains of a capitalistic group-usurpers of the people's freedom in America. And so let us all act as one in again electing our Great Leader, Franklin Delano Roosevelt, to the Presidency of the United States, of America.

My fellow citizens, if you do not believe him to be a genius and a great and good man, then where is our judgment and common sense. Long Life to Our Land of Liberty and Great President F. D. Roosevelt.

Dear Mr. President!

I am a veteran of the World War and
of the Russian Civil War.

Not desiring to pledge allegiance to the
Soviet regime, I lost my Country and
came to the United States on July 1, 1923
to become a full pledged citizen in 1931.

From the latter part of the same year
I began my career as an inventor & designer
& have since received many patents on my
work. At the same time I changed my

my registration from Republican ⁻²⁻
to Democratic. This was but a (mere) natu-
ral result of my more concrete conscien-
tious apprehension of the present American
political reality and of the party with
the most promising national future.
Presently I am member of the Regular
Democratic Club of the twenty second

Knowing You as a remarkable Leader
of Democratic Ideals & a kind &

allow me to present to You 3 samples

they will please You.

These are in appreciation of your aid
to the working people. You are the first
President that has not been controlled by
Wall Street. We as working people, appreciate
the many things both you and Mrs. Roosevelt
have done for our class.

The recent election showed how you stand
in the hearts of the working people. Never
before were my mother and I particularly
interested in an election.

The completion of Bonneville Dam and
cheaper power will aid this North West.

May the love of God and the joy
of peace abide with you always.

Very truly yours,

His Excellency Franklin D. Roosevelt,
President of the United States.

Dear Sir:-

I have composed - and written
in artistic lettering - these modest poeti-
cal lines out of the feeling of profound
gratitude towards you for the noble
work you have done - and are still doing
for Home Relief beneficiaries.

I am but an amateur poet,
and English is not my native tongue -
still, may I ask you to accept my poeti-
cal lines as a very slight token of my
highest admiration towards you?

I intended to send the work to
you soon after Election-day. However,

a long severe illness prevented me from doing so.

The thoughts and wishes expressed in my lines are not limited to a certain day, - neither to Election Day, nor Inauguration Day - they are for your lifetime!

The spiritual effects of your noble, humane and kind thoughts and actions towards the American Nation will last forever - beyond your earthly life!

Most respectfully

My dear Mrs. Roosevelt,

Please find under separate
cover, a picture of Pres. Roosevelt.
a birthday gift from my
husband and me.

This picture has a story.

It was first seen by us in
the N. H. Manchester Union.
Nov 4-1936.

We liked it so much that
I desired to have one on my
desk.

could see it on my desk!
It looks like a very fine
portrait. Back of it stands
a silk W.S.A. flag draped on
a staff.

We love the presence of this
picture with the fatherly one
of small expressions thereon.
All it lacks is his autograph.
There may be better pictures
of President Franklin Delano
Roosevelt but we like this one
the best we have ever seen.

In sending this to you is
the fact that we wanted him
to have it from us of the

I wrote to the publishers of the
Manchester Union that I wished
I had the same picture printed
upon a suitable paper for
framing.

I received one like the one
I am sending you, from
Mr. Edmund F. Jewell Asst
Pub. of the Manchester Union
who wrote me a nice letter
saying they had had the
cut made over, especially for
me - since it requires a different
mesh for printing on polished
paper. I had I framed in
a long white frame I already
had, and I wish you

protelariat of U.S.A. citizenry
and then more also;

In my make up, is a spirit
of the "cup that overflows" Seeking
all things, that make for
peace, prosperity and happiness
in the having, first for
myself, then to keep my
cup always overflowing, that
all who wish may partake
of the overflow.

So being so glad to have this
picture on my desk I naturally
thought that there might
be others who might also be
pleased to have one likewise.

Now that it can be printed
cheaply in quantity, and think-
ing the children for whose benefit
"Birthday Parties" are being
held Jan. 30, 1937, would love
to possess one. I ^{am} making a
suggestion of what seems to
me, might be worked out
nicely sooner or later.

Namely that President Roosevelt
autograph some prints, of
this one, if you like it as well
as any, for framing and
make them available for purchase.
The expense would not be

safe for democracy
Comes to my mind the
well known slogan,

"Wars are made by rich men's greed
Paid for in poor men's blood
To make the World safe
for Hypocrisy"

Wishing you both, success
in all that you aim
to do for the best welfare
of all the citizens and that
ample sufficiency of
helpfulness may come

much for those who are
able to pay but little money.
Others could be autographed
and framed to be sold for
much money.

Trusting the people will
become aroused to their great
powers, when united, to help
the President and official
Administration, in the present
and fast approaching crises
and as a nation we
shall go forward steadily
to make the world actually

your ways in the
times of your needs.

With best wishes,

Sincerely ever,
