My dear Mr. Benenati:

In the President's behalf, permit me, please, to thank you for your letter of June twenty-eighth and for your kindness in sending him those copies of THE FLAG OF FREEDOM. I know he will truly appreciate your heartening and loyal expressions.

I am sorry to return those additional copies of THE FLAG OF FREEDOM unsigned by the President, but feel sure you will understand why it is not possible to comply with the many requests for his signature and personal messages, which are received daily, when I explain that in times such as these it is increasingly important that the President be permitted to devote his every attention to urgent official duties.

Very sincerely yours,

My dear Miss Tully:

In compliance with the President's memorandum of July 14, 1941, I am returning herewith the letter addressed to the President by the American Ambassador at Ankara, Turkey, transmitting a bibliography of Ataturk which the author, Dr. Herbert Melzig, had inscribed to the President.

EMBASSY OF THE

UNITED STATES OF AMERICA

Ankara, Turkey, June 3, 1941.

My dear Mr. President:

Although perhaps it's sailing pretty close to the wind as regards the Department's very draconian instructions, I am sending you herewith a bibliography of Ataturk, which its author, Dr. Herbert Melzig, has inscribed to you.

He is a German political refugee, a professor of Eastern History in the University of Istanbul, who has done considerable work on the subject of Ataturk and the Turkish Revolution. I understand that he is held in high personal and scholastic regard by the Turks.

I imagine the book will scarcely become bedside reading for you; but it will at least add one more touch of diversification to your library.

Faithfully yours,

Dear Mr. President,

I am sending you herewith the Flag we love, hand made of woods in their natural colors. No paint, stain or coloring used, only varnish and rubbing oil to preserve the woods.

It contains the following woods;

Star Field, Amaranth, British Guiana.
Stars, Maple, America.
Red Stripes, Vermilion, East India.
White Stripes, White Holly, America.
Black Border encircling Flag, Black Ebony, West Africa.
Back Ground, Mahogany, Honduras.
Flag Pole, Black Walnut, America. (Alabama)
Flag Pole Cap and Ties to pole, Curly Maple, North America.
White inserts in letters, Wood applicators, kind of wood unknown.
Frame, Black Walnut, America.
Pegs through corners of frame, Olive Wood, Jerusalam.

340 pieces of woods showing. Made in my Drug Store in four weeks spare time. Inlay, 1/4 " thick.

I know of no one to whom I had rather present this or whom I believe would appreciate it more than our beloved President. It isn't fine, but it at least is original and different and it may be that you can find some place for it. It has been a pleasure to make it for you, as this is my hobby, wood work.

With best wishes and kindest personal regards, I am,

Sincerely,

Dear Mr. Beshear:

As you know, Senator and Mrs. Barkley went down the river with me over last week end. They told me about the delicious ham which you had sent them for me. It has been delivered and is being enjoyed immensely by all the family.

You were more than kind to think of me and this note takes to you my best wishes.

General Edwin M. Watson,

Washington, D. C.

My dear General:

In accordance with military instructions given to me by you a few days ago, I had the ham which I talked to you about cooked by our old colored cook and I brought it by the Executive Office yesterday morning and delivered it at the door, marked "Ham for the President". I identified it in order that you might not get it mixed up with some of the numerous articles of personal property that might be laying around loose at the White House. But I would like for you to get a taste of this ham by some method short of a total blitzkrieg and let me know your reaction.

The ham was sent to the President by Mr. Fred Beshear of Dawson Springs, Kentucky, and I would appreciate it if you would have the President write him a nice letter about it.

Cordially yours,

Alben W. Barkley

In going over some of my books a few days ago, your letter to the Representative was found in the book, which accounts for such a long delay in acknowledging its receipt. O God, who in Thy ineffable goodness hast rendered blessed Raphael the conductor for Thy faithful in their journeys, we humbly implore Thee that we may be conducted by him in the way of salvation, and experience his help in the maladies of our souls, through Jesus Christ, our Lord. Amen.

Prayer to St. Raphael, Archangel

Glorious archangel, St. Raphael, great prince of the heavenly court, illustrious by thy gifts of wisdom and grace, guide of travelers by land and sea, consoler of the unfortunate and refuge of sinners, I entreat thee to help me in all my needs and in all the trials of this life, as thou didst once assist the young Tobias in his journeying. And since thou art the "physician of God," I humbly pray thee to heal my soul of its many infirmities and my body of the ills that afflict it, if this favor is for my greater good. I ask, especially, for angelic purity, that I may be made fit to be the living temple of the Holy Ghost. Amen.

Prayer to St. Raphael

O Raphael, lead us towards those we are waiting for, those who are waiting for us! Raphael, Angel of Happy Meetings, lead us by the hand towards those we are looking for! May all our movements, all their movements, be guided by your Light and transfigured by your Joy.

Their pay scales from $48 a four week period of 120 hours for char women to the munificent sum of $87.60 a month for professional and technical work.

Now even this mite is to be cut off.

The protest against this rank injustice cannot be too loud nor too determined. If it were possible it might be a good idea to put some senators and congressmen on the hunger line and send some of the WPA workers to replace them.

It is expected that these unfortunate victims of congressional dumbness and brutality will either find employment or go on direct relief. That it will not be possible for many if any to find employment anyone knows who is trying to get a job or endeavoring to help someone get a job.

When there are all these billions being spent for defense it is folly that smacks of fifth columnism for congress to torpedo defense by slashing WPA.

There should be immediate Congressional action to see that sufficient funds are made available before July 1 so that July 4, 1941 may be more of an Independence Day for all WPA workers than a hollow mockery of hunger and despair.

Guide of Tobias, lay the request address to you at the Feet of Him on whose unveiled Face you are privileged to gaze. Lonely and tired, crushed by the separations and sorrows of earth, we feel the need of calling to you and of pleading for the protection of your wings, so that we may not be as strangers in the Province of Joy, all ignorant of the concerns of our country.

Remember the weak, you who are strong—you whose home lies beyond the region of thunder, in a land that is always peaceful, always serene, and bright with the resplendent glory of God.

WPA CUT BLOW AT DEFENSE

July 4 is Independence Day to millions of Americans. We wonder what the hundreds of thousands who will be severed from the WPA rolls July 1 because of the dumbness and lack of sympathy of Congress will call July 4, 1941?

My dear Mr. Baker:

The President has noted with interest all that you say in your letter of July twelfth and asks me to tell you how deeply conscious he is of the friendliness and good will which prompted you to send the pencil. In these days of national emergency, it is especially gratifying to him to have such a wholehearted expression of loyal interest.

Very sincerely yours,

My Dear Mr.President:

In 1932 when the whole nation seemed to be in low spirits,a great many of us did some serious thinking. I had a feeling that we were about to embark upon a new era of Democratic understanding and marched to the polls with that feeling deep down in my heart.

On the way to the polls,I bought an indelible pencil to use in marking my ballot. I have marked my ballot with the same pencil at each general election since 1932. I feel the pencil has a certain significance pointing to the faith that not one but the entire nation of people have in you. I am sending the little pencil to you as a momentous symbol of our faith in you.

As I look upon your campaign picture hanging upon the wall,I feel as if the pencil has served its purpose and that it was a very wise investment.

I have the honor to remain,yours respectfully

President,
Franklin D. Roosevelt.
The White House.
Washington. D.C.

Dear Mr. Roosevelt,

I am takeing the privilege to speak to you with pen and ink. I hardly know how to start to write to my President you do not know who I am but I will explain. Pleas do not think bold of me with this I am enclosing a picture of myself and Husband so you can see what the lady looks like that is writeing this, my Husband is gone to his heavenly home. I do miss him so much and my home he made for me. God took him and I know and trust that he will care for me in some way or other. I had one son the only child we buried him so I am alone sailing a long weavering the skeins of life when I come to a flaw I pick it out and keep on weaving till I come to the last.

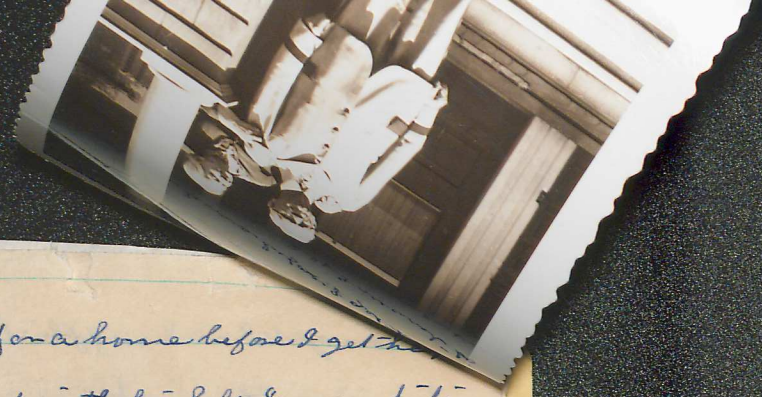

RR:mb

Ever since the arguration I have tha
bible on my mind that was used to
Inaugurate you as our President: I will
never forget the prayer you offered. and
may God give you his richest blessing give
you health strength wisdom guide and
lead you and help you with this task before
you which is not an easy one.
You will notice the crosses I enclose as a gift to
find room and rest in that old bible if
you will accept them I would feel
greatly honord. I have made hundreds that
are resting in bibles to day before Easter I made
two hundred and are all resting in bibles
I am still makeing and selling them together
with my other work I do to find my way
through which is not an easy one at my
age I am going for 84 years. I am careing
for the sick ever since my husband is gone
before I came here I took care of a lady who's
mind was failing a sad case indeed
a pitiful case no one knows.

thought- I was afflicted enough I was
born with weak legs and ankles and must
wear supports to the knee which is not so
pleasent with my work and is expensive
I do not know to who that old bible belongs may
be your mothers I have her picture and yours
taken in your car a cliping out of a daily
news paper I framed it and another one of
your dear wife pining a green carnation
on your lapel. I have them resting on my
table in my bed room together with the
picture of my Husband and myself.
My Husband Mr. I. H. Boobst was a Rural
Mail Barrier one of the first carriers. I think
he was a carrier for 21 years. He was relieved
on the pension list when he past out that Pres-
ident
ent. I was always living in hopes there would
be a widows annuity but I guess my hopes
are in vain. I often look at your dear old
mothers face and think how proud she must
feel of her son I had to part with mine. My plans
are now. I want to go to the Phoebe home in
Allentown Pa.

Dear President Roosevelt:-

a few days ago I saw in the paper you wrote to Scranton, Pa. asking for one of their wooden nickels to display in your Library at Hyde Park, N. Y.

Enclosed is a wooden nickel used at Manheim, Pa. during Manheim Historical Pagent July 3rd, 4th, 5th, 1941. I thought you might like to have one of them. If you wrote to the postmistress of the burgess they could give you the history of the town and the pagent.

The town was founded by Baron von Stiegel the

make of Stiegel Glass of which Jan must have heard. You could get a lot of history from this town. This is also the town that keeps the decendents of Baron Stiegel the payment of one red rose each year for I mean as rent for the Lutheran church started by the same Stiegel.

Geo. Heiges is the town historian and perhaps he could give You the most information. The editor of the "Manheim Sentinel", Mr Harry Trout would be another man would be glad to give You any information.

I have not lived there for many years but it is my home town and I am proud of it.

Dear Mr. President:

With my compliments and great esteem I am sending you a copy of my Anglo-American Union, a little study in the workings of the Tory mentality during the American Revolution. If Joseph Galloway had been alive in 1940 he would have voted the straight Republican ticket.

I very much enjoyed the appropriate and dignified ceremonies at the opening of the Franklin D. Roosevelt Library on June 30. What you said in December, 1938, about the danger of concentrating all of our historical treasures in Washington because of war hazards has been amply justified by subsequent events.

The publication date has been made to coincide with the opening of your new library at Hyde Park. There is a picture of your family home and the library in the book, which Mrs Roosevelt was kind enough to give me permission to take.

I do hope you think I did a good job on the river. It was so hard to pick 300 photographs from the 5000 negatives I exposed and many of the pictures were chosen because of the importance of the house or building photographed rather because a picture was merely phtogenique.

Several times I had the pleasure of meeting you when I was a reporter for Internation al News Service and also when my father, B.C. Bowen of Toledo, Ohio was associated with you in connection with the Fidelity & Deposit Co. of Maryland of which he was Ohio agent. You may remember him when you visited Toledo around 1926.

This is just a note I am dashing off so that you'll know about the book when you get it and to tell you I do hope you think it does justice to the river.

Sincerely yours

Cornell Bowen
