My Dear Mr. President:

The announcement of the terms of "The Atlantic Charter" as a joint effort of our President and the Prime Minister of Great Britain; and of the ninepoint declaration of personal rights drafted by The National Resources Planning Board and sent to Congress on January 14th, 1942; have stirred up in the writer a desire to make available to you the results of an undertaking just finished.

The results referred to are embodied in the book coming off the press, "A Layman's Handbook on the Kingdom of Heaven". It contains many of the ideas gleaned by the author in his quest for the most acceptable Way of Life for use in his status as an individual and in group activities with his fellows. Many of the precepts and teachings of The Prince of Peace have been tested by reduction to overt acts and demonstrations obtained which are competent items of valid testimony of the author relating to the beauties and wisdom of righteousness.

In the consideration of the requisites for enduring peace among men, the evaluation of the methods of exercise of sovereignty raised questions of practical ways and means far beyond the experience and knowledge of the author: and being convinced more and more by the trend of events that Jehovah God appears to have raised up your noble self and the virile Prime Minister of England to marshal the forces of good against the forces of evil in these times - - and, mayhap, to establish again the sovereignty of The Creator of the Universe in the earth by giving life and practical operation to the reign of The Prince of Peace and usher in the era of The Fatherhood of God and The Brotherhood of Man - - :-

Therefore, the John S. Swift Company, Inc., publishers have been instructed to forward to you a copy of the book as a gift to the most exalted American of all time from a humble citizen of the highest type of government instituted by men.

The book you wanted, called Scientific Spirituality, is enclosed herewith. I wrote and published it. It might properly be classified as a religious textbook.

The practical application of this book is contained in a new book to be called God's Charter of World Freedom. The manuscript of the new book is now ready for the printer.

Among the chapters of the new book will be the following:

- 1 The Origin and Purpose of These Writings
- 2 God's Plan of Political Freedom
- 3 God's Plan of Religious Freedom
- 10 Spiritual Government of the Material World
- 11 The Next One Hundred Years

My source of information is not entirely unknown to you, and it is available to you, if desired, for auxiliary use in the successful prosecution of the war and in the successful organization of the peace that shall follow in accordance with the divinely right plans which you have already outlined and for the accomplishment of which you do need all the help that can be sent to you by Almighty God.

May your efforts for the good of our country and all mankind be completely successful.

My dear Jimmy:

The President has asked me to thank you for your kind letter of birthday greetings and to tell you how sorry he was to learn of your illness. He was glad to note how cheerfully you write and is sure if you keep up your splendid mental attitude, you are bound to win. He wants me to convey to you his very best wishes.

The President is especially pleased to have those mats, made by your own hands, and deeply appreciates your friendly thought in sending them to him.

Dear President Roosevelt

to Miss Sully

Here are a couple post holders I'd like to give you for your birthday.

I learned to make them when I was at the Betty Bacharach Home. It has been two and a half years since I was taken with infantile paralysis but I have been home a year now.

I have made three hundred holders so far
and with the money I've bought one bond and
quite a few stamps. I want to help all I can.
I can't walk yet and I'm only ten but I'll
walk some day I hope soon.

Wishing you a happy Birthday

Sincerely
Jimmy Bill

Dear President:

Please forgive me if I am presumptuous in addressing you, on this your birthday - but it is also my birthday. I was born January 30, 1870, on a good a farm as Missouri could boast, near Columbia, (The Athens of Missouri) in Boone County; the County named for Daniel Boone, who lead the first permanent colony to ever settle in Kentucky. Daniel Boone's grandson, Captain John Callaway, lead the first permanent colony from Kentucky to settle in Missouri. My Grand Parents, on my Father's side, then small children, were with their parents, members of that colony. My Grand Father when he became of age, pre-empted Government land, the above mentioned farm, where my Father was born; and where I in turn, was born. But when I was ten years old, My Father, a Baptist Minister, was called to the pastorate of the first Baptist Church of Fulton, County Seat of Callaway County. Father served one Church as its Pastor for 42 years. He died when 87, and is buried in the Fulton Cemetery, and my Mother lies by his side. When in his seventies Father conceived the idea of erecting a monument to the memory of Captain Callaway; and that every citizen of Callaway County should be privileged to

donate any amount he desired to a fund for the erection of such monument. In pursuance of that idea he rode Horseback over every road, bridge path, and pig trail, in the County, in his earnest effort to contact every citizen, and to collect from each, any amount he desired to donate.

The funds were raised; the monument was erected, and stands in the Court House yard in Tipton, County Seat of Callaway County Mo. Missouri's beloved Congressman, Champ Clark, delivered the address at the unveiling ceremonies, before a huge assembly of loyal and patriotic citizens. But I have digressed.

I have noted with with great pride and satisfaction that both you, and America's beloved "First Lady", are Horse Lovers, and enthusiastic Horseback riders. Our "American Saddle Horse", is my special hobby; and incidentally the most beautiful hobby of the entire animal kingdom. Much of my life has been devoted to breeding, developing, and exhibiting, "The American Saddle Horse", a strictly, and all American product.

My love and enthusiasm, for our American Saddle horse, enticed me years ago to venture to express some of my opinions in Farm journals, and Horse Papers; which resulted eventually in the publication of a little book of my writings.

I am writing my publisher, "The American Horseman", of Lexington Ky. to mail you a copy which please honor me by accepting as a small token of the love, and boundless admiration, I have, and for years have had, for you.

Route 2 Tyler Texas.

Yours Truly

H. B. Burnham

See over

P.S.

I neglected to mention that my little book is intended as a birth day present, for you.

I hope it may interest you to learn that I am, and from the first time I ever heard of you, have been your loyal supporter. I am a "hereditary Democrat", and have never voted any thing but a straight Democratic ticket.

Several years ago I was a special honored guest, at a big President's ball in Houston Texas, because my birth day was the same as yours; and Houston celebrated your birth day, thus, and raised a huge sum of money for the benefit of poor crippled children.

I join our great American Nation in hoping that you may enjoy many happy returns of ^{this} great day.

This letter was shelved, and overlooked for several days, causing its belated posting.

THE MAGIC CURE

Remember you can never cure your liver's ill
If you persist in sitting still,
In your inanimate "Auto-Mobil."
Of course an airing you get, and considerable fun,
But of physical exercise there's none;
Hence if you'd banish the blues and all remorse,
Mount a real live American Saddle Horse,
Then take a flight in the early light
On a gaited steed of that peerless breed;
Just note o'er you cheek that ruddy flush
Reminding one of a maiden's blush;
True guaranty of returning health
With its possibility for producing wealth;
Sure there's a joy supreme, also health divine
Found only in riding the American Saddle Equine.

have never voted any thing but a straight
Democratic ticket.

Several years ago I was a special
honored guest, at a big President's ball
in Houston Texas, because my birth day
was the same as yours; and Houston
celebrated your birth day thus, and
raised a huge sum of money for the benefit
of poor crippled children.

I join our great American Nation

This letter was shelved, and over-
