The writer further states that he wishes to put on record in the most unequivocal way, that the Jews have not the slightest desire or intention to colonize the Arab lands outside Palestine. Also states that the President mentioned the possibility of opposition on the part of the Russian Government to the establishment of Palestine as a Jewish Commonwealth. My dear President:

Under separate cover we are forwarding a piston which is entitled to honorable mention as it has reciprocated 240,742,198 times and developed 266,000 horse power hours in an engine on a Lockheed Lodestar, which it has helped to propel through the air over the Buccaneer Route a distance in excess of 400,000 miles. We did not have the heart to consign it to an ignoble end in the trash heap, so we have cleaned it up a bit and sent it to you with the hope that it will occupy a prominent place on your desk to receive the ashes from the fine Havana cigars we wish we could send you.

Best wishes for a Merry Christmas and a victorious 1945.

Wrote to President forwarding copy of her book THE SETON BALLAD.---1/11/45 the President replied: "I am deeply grateful for that copy of THE SETON BALLAD inscribed in the names of the Mother Seton Sisters of Charity, and yourself as author. Our family was closely related to Mother Seton. Her nephew, Monsignor James Roosevelt Bayley, Archbishop of Baltimore, was my father's first cousin. Archbishop Bayley's successor, the venerable Cardinal Gibbons, who was my close personal friend, often spoke to me about his predecessor. So you see the ballad has struck a responsive chord. With this assurance of my appreciation go my hearty greetings to all of the Mother Seton Sisters."---All correspondence and book sent to Hyde Park Library Series A.

SHIPMAN, Fred W.

THE FRANKLIN D. ROOSEVELT LIBRARY
January 3, 1945

9-12

Wrote Miss Tully saying that while in Rome he had dinner with Monseignor McGill who said he attended the same school as Miss Tully did. Encloses Memo for the President. In his memo to the President, Mr. Shipman says he returned recently from spending three months in Europe on mission for the War Dept., during which stay, he visited England, France, Belgium, and Italy. His trip to Europe was to assist in making basic plans for the exploitation of enemy records and to aid in the work of preserving the National and local archives of Europe. While in France, he made a trip to Normandy with Monsieur Braibant to see the conditions of the archives there. Braibant is author of many plays and gave Mr. Shipman a pamphlet to deliver to the President (attached to file). On the journey to Normandy, Mr. Shipman viewed the destruction on Caen and Rouen in particular. A Madame Brindor of the Archives Departementales told him of life in Rouen under German occupation. She said she could speak for the people of Rouen in expressing relief and gratitude for liberated and it would please the people to have the President know that they realize that to achieve freedom for them the killing and destruction had to take place. At Rouen, Mr. Shipman also had dinner with a French capitaine de vaisseau, named Villefosse, an aide to General de Gaulle. Goes into detail of the Captain's views of conditions in France, etc. He also had audience with His Holiness Pope Pius XI, and gives the President message and his thoughts on trouble in Italy. Mr. Shipman discusses re the home front and needed supplies, saying that he thinks that the service-man's faith in us needs to be strengthened through better understanding and one way to achieve this understanding might be for the Stars and Stripes to publish more on what people back home are accomplishing and to make it plain the results are obtained only through hard work.
