Dear Mr. Early:

There is being sent you, for the President, a hand made walking stick which was made by James H. Hensley, a Veteran member of this CCC Veterans Company and awarded to Andrew C. Costner, another member. Mr. Costner was offered Ten Dollars ($10.00) for this stick but he has such a high regard for the President, that he had rather send it to him as a Christmas present.

It took Veteran Enrollee Hensley more than a month, spare time activity to complete this stick and we wish to especially call your attention and the attention of the President, to the inscription on this cane. It is a masterful piece of work and demonstrates what some of the Veterans do with their spare time in the CCC Camps.

We will appreciate so much if you will see to it that President Roosevelt receives this cane and explain to him in your usual brief manner, the spirit behind the gift. "Dad" Costner would appreciate so much an acknowledgement with the Presidents signature, which should be addressed as follows:

Dear President Roosevelt:

We feel quite privileged, indeed, to have the opportunity of writing to our most honored President and leader of our country. Our Junior Business Class has just completed a course on the various modes of travel. In correlation with the study of modern accommodations offered by train, ship, airplane, bus, and trailer, the students wrote business letters of inquiry to the travel bureaus of the United States requesting booklets illustrating scenic localities that would be of interest to tourists. After receiving an abundant supply of material from all parts of the country, each student prepared a theme on an imaginary trip to some scenic spot of his choice. Illustrated lectures were given on the forty-eight states, and with the happy enthusiasm "to see America first" we launched this project of "Scenic America" that we are shipping to you by American Express.

Hon. Franklin D. Roosevelt

Washington, D. C.

My dear President:

First of all I desire to congratulate you upon your re-election as President of these great United States. I have been one of your most loyal supporters ever since you first ran for the Presidency, and I assure you of my continued support so long as you remain in public life.

I am a naturalized citizen of the United States of America, having received my naturalization papers in Cuyahoga County, Ohio, on October 8, 1880.

I am taking the liberty of sending you a goose for your enjoyment during the Christmas season, and trust that my action in so doing meets with your approval. The bird was raised by myself and fed and nourished according to the old time custom in Czechoslovakia. It weighs seventeen pounds, and the nourishment given it has been nothing but the best.

I sincerely hope this little token of appreciation will add a little to your enjoyment of the holiday season, and I wish for you many years of continued health and prosperity.

Most respectfully yours,

To His Excellency,
The Honorable Franklin D. Roosevelt,
President of the United States,
The White House,
Washington, D. C.

Dear President Roosevelt:

Under separate cover, I am sending you a quilt, with a ship design in the national colors, red, white and blue.

This quilt was made in Central State Hospital, Indianapolis, an institution for the mentally ill. The quilting was done by an old lady, more than eighty years of age.

This quilt was in the process of making during these restless days when National Defense has been uppermost in the minds of all of us and when your efforts have been directed toward the success of the National Defense program. Every step in the making of this quilt has been accompanied by thoughts of you, your worries and cares, and the great things you have accomplished in the eight years you have been our President.

My position is that of occupational therapist at this hospital. My home is in the southern part of the state, and I am a neighbor, friend and admirer of our great United States Senator, Sherman Minton. I am sending this quilt to you in appreciation of the many fine things you have done for all humanity, for Democrats all over the nation, and especially in appreciation for the fine association our beloved Senator Minton has enjoyed with you. Senator Minton went down to defeat in the recent election, because he advocated and defended the policies of the New Deal, but even in defeat, he is a grand and heroic figure to me and my family, as well as to the thousands of Indiana people who know him and love him.

Since your great love of the United States Navy is well known to everyone, I hope this quilt, symbolic of the Navy, will find a place among the thousands of tributes sent you from time to time by loyal Americans who revere you and love you and pray for your future success and happiness.

Sincerely yours,

Under separate cover I am sending you some revised copies of my 13-month, Utopian Calendar, showing the addition of every phase of the moon. This addition further proves beyond a doubt that there could be no other perfect calendar.

I respectfully ask if it would be possible for you to grant me a few minutes of your valuable time if I should later go to Washington. I have made the trip twice from here but was unable to get an interview with you.

It seems to me that at this time, when so many world changes are being made, that this should be the logical time to introduce a really correct calendar to the world.

The bill for this calendar is in Downey's hands, and if you could grant me a few minutes interview, I would be most grateful to you, and feel that it might benefit the whole world.

My dear Miss LeHand:

Thanks for your kind letter in regard to the copy of Robert Frost's poem, "A Considerable Speck", which the Colonial Society of Massachusetts sent to the President as a member of the Society.

In passing, I thought it might interest the President, as a collector, to know that the bookdealers in this part of the country are offering $10.00 for the Broadside, and selling it between $15.00 and $25.00. The Graphic Arts people like it because it is practically the first piece of printing done by young Dard Hunter, Jr., whose father's work is in the Smithsonian Institute, together with the tools from which he cast the type.

There were just enough copies printed for the members of the Colonial Society.

Yours very sincerely,

My Dear Mr. President:

On the eve of your victorious and atthe same time historical third time Inauguration as the Nation's Chief Executive, may I join a UNITED people in expressing my sincere and good wishes: May God Almightygrant you health, strength,vision and sound judgment, so that the American people under your great leadership shall once more enjoy prosperity, happiness, and tranquility; and the subjugated peoples of a war-torn Europe will derive encouragement and inspiration not to despair, that the spirit of freedom will live, and true democracy will rise out of the ashes more beautiful than ever before.

Four years ago this month, I have forsworn a foreign allegiance; I have taken an oath of loyalty to the American Constitution and have received a precious document of American citizenship, securing me the right to live as a free man among a free people, and among others a franchise of inalienable right of the individual, to life, liberty, and the pursuit of happiness.

It was, indeed, a momentous event in my own life and certainly a matter of great importance and honor to become an integral part of the world's greatest democracy.

However, the new citizen is at times confused; I was faced by precisely the same problem that confrots every "new citizen" to determine how I could best fulfil the public duties and obligaions of American citizenship. Then I made a thoro study of American history; of the two precious charters, (to my own humilation I may say are hidden somewhere beneath the "back" covers of any civic text book) also the history and principles of the two major political parties, thus I managed to get a clearer conception of the American vast and seeming complicated system involved governmental mechanism.

mdg

After four years knowledge, the bitter and now historical Presidential "re-election" campaign of 1940 came along. The Gee Oz "Blitz" candidate in the person of a new five-star "Messiah" labored and brought forth a new process (foreign) in speech-surgery and "blitz" campaigning, namely, his new "Hail" speeches; thousands of "Beehive" clubs scattered all over country; total Press and Radio control; hundreds of thousands of Dollars flowing lavishly as fast and loud as the stream of Niagra fall. If by chance the candidate would succeed, the aftermath would be nearlyas grave dangers to our form of government, to our way of life, to our individual liberties and basic personal rights as the existing conditions prevailing there whence the importation came from.

Consequently, now was the time and the sacred duty of every loyal American citizen rich and poor, young and old, man and woman, who cherishes freedom, loves justice, and enjoys happiness and securityto do his or her utmost to secure the re-election of our beloved, humanitarian and able President, Franklin, D. Roosevelt.
I was ready and literally armed to do my share.

At the time when the country was flooded with millions of pamphlets, booklets, handbills & Newspaper ads, whispering to the voters in thousands of words the "Magic" power of its new "Messiah" I have prepared a small poster telling the American citizens in a few and simple words the "natural-born" human qualities and accomplishments of our President and of our President to be. The next step was, I communicated with the Hon. Edward, J. Flynn, Chairman of the D.N.C. explaining the motive of my unselfish mission and of my modest creation. On August 27th I received a reply, of which, a copy is herewith enclosed.

But the time was too precious, and the turn of events was by all means no match for wishful thinking, every vote was essential to turn the tide in the right direction, and so I got busy and made a number poster copies and distributed among the "lost sheep" clubs in our neighborhood and brought good results in number of votes, besides, their acquired color of foreign"isms" began fading away, and by the time the campaign was over a great many of them took on a permanent color of true Americanism.

mdg

Finally on Tuesday, November 5,1940, a UNITED people reponded eloquently by shattering tradition and re-elected the President for a third term, the only thrice-elected Chief Executive in history.

Therefore, to this unique and historical third Inauguration, Dear Mr. President, may I beg to accept this modest token as a memento of your personal glorious Victory and a Triumph for "True Democracy vs. Despotic Autocracy".

Moreover, I am not without an easy feeling, that I have, in some instances, perhaps ventured into over-deep-waters, but with all its defects I crave your forbearance and forgiveness alike.

Yours Respectfully,

Joseph Chervis

WRIGLEY, Tom,
The Committee for the Celebration of the President's birthday,
New York, N.Y.
Jan. 23, 1941.

Letter to Gen. Watson, re the presentation of the birthday cake at the White House on Monday. The cake is a gift from the International Bakers' and Confectionery Workers Union. It will have 59 candles and each candle will have a check for $100 from one of the bakers' unions as a contribution to the infantile paralysis fund. It will be baked in Washington and brought up to the White House just before the presentation. Presenting the cake will be President William Green of the AFL, President Myrup of the Bakers' Union of Chicago and one or two other officials of the union. - Attached is a wire to Mr. Early dated 1-20-41 from Mr. Keith Morgan, in re presentation of cake. - Also a memo 1-21-41 that Mr. Hassett says this involves a contribution of $5900. It was done last year, and Mr. Early thinks it should be done again this year.
