TO OUR DIVINE PROTECTOR

O God, Divine Protector of all who put their trust in Thee, accept the humble homage of our love, and of our faith in Thee, the one, true God, Whom we desire to serve all the days of our life.

O merciful Redeemer of mankind, let the merits of Thy sacred Passion and Death once more appease Thy Father, so justly outraged by the sins of the world.

O God of love and power, preserve the integrity of the United States of America, a nation founded on Christian principles. Enlighten our rulers, guide our lawmakers, and protect the sanctity of our homes.

This we ask through the merits of our Lord Jesus Christ Who, with the Father and the Holy Spirit, liveth and reigneth God, world without end. Amen.

Dear Sir:

The matter relative to the historical fighting background of "NEGROES OF THESE UNITED STATES LOOK TO GOD AND BE PROUD" has received widespread commendation and approval by all classes of our people. So profuse has been the favorable comment, so urgent has been the demand for what the fan expresses that I make bold to write you.

Recently a noted speaker, referring to the subject matter of the fan, had the following to say. "What has been expressed relative to our noble fighting past will strengthen, and heighten our spirits in the present struggle. Dear Mr. President:

I suggest the names, -

The Great World War for the Four Freedoms.
The Great World War for Freedom.

The enclosed picture is for your desk to give you faith and courage during these trying times. Your wonderful letter to Howard Chandler Christy regarding his beautiful spiritual poster has received wide-spread approval and has caused even the "die hards" to think along the lines of all pulling together in our fight for Peace, Freedom and Democracy. God bless you for this letter.

One thing is uncanny; All organizations that have refused to cooperate in Bible Week and our "Go to Church" campaigns, have all been indicted shortly after we have received such refusals. When we receive a "turn down", we can safely predict that another indictment will be announced shortly in the papers.

God is on the side of those people who ask for growth in grace rather than devoting time to obtaining higher wages and less working hours and grumbling about the fact that we can't purchase tires, chewing gum or silk stockings. Personally, I'll go barefoot to help win this fight. Good health to you and yours.

Sincerely yours
John G. Canfield

Sponsors of ANNUAL BIBLE WEEK IN AMERICA

Col. ... will be the first of its kind at the University and, as far as UC authorities know, one of the few in

THE FAITH OF OUR FOREFATHERS

By a dramatic coincidence, the Japanese attack on Pearl Harbor took place on the Sunday which opened FIRST ANNUAL BIBLE WEEK. By the time Bible Week closed the United States was already at war. The advent of actual conflict has made clear that only as a united nation can we expect to withstand the many trials we will be called upon to endure. Our country was founded upon faith in God. Our political structure is an equilibrium which requires the practical expression of religion as its balance wheel. Our religious faith, like our freedom, is not a heritage which can be won and laid aside. Eternal vigilance is the price of liberty. Faith must be refelt and relived by each generation in terms of its own personal experience.

With our country at war, the Committee, therefore, has set itself to carry out as soon as possible the following program:

1. Distribute and display at once the enclosed inspirational poster, reproduced in six colors, contributed by Howard Chandler Christy, in every public place in this country. Estimated number required—3,000,000.
2. Organize as soon as possible a membership campaign pledged to establish local committees in every community, to help distribute and display posters in every home and store, to organize radio audiences for the national broadcasts, to hold rallies and local meetings in auditoriums, clubs or school houses, to urge all Americans to attend the church of their choice, to distribute the committee's educational literature, to secure members by pledge and emblem and to urge all Americans to spread the crusade for faith.
3. Institute an Educational Service to ministers, laymen, schools and the public designed to turn people's hearts to the faith of the Bible, their minds to reading the Scriptures, and their personal efforts to maintaining the four freedoms.
4. Interest radio stations in every state in the union to carry a one minute spot radio broadcast, every day in the week, to be followed by a daily five minute program along the lines of the British program, "Lift Up Your Hearts".
5. Produce half hour inspirational coast to coast broadcasts containing dramatic sketches and contributions by leading stage and screen stars, similar to the one the committee presented over the blue network of the National Broadcasting Company on December seventh.
6. Lay the foundation now in every community for Second Annual Bible Week as an International Observance to begin the second Monday in October, 1942.

Such a program deserves the wholehearted support of every American citizen. It is guided by laymen representing America's three great faiths: Catholic, Jew, Protestant. It includes all sects and denominations. It aims to restore to us the strength of soul of our forefathers: the Pilgrims at Plymouth Rock, Washington at Valley Forge, Lincoln at Gettysburg. The poster reproduced herewith is the first step.

LAYMEN'S NATIONAL COMMITTEE

FOREVER

Such a program deserves the wholehearted support of every American citizen. It is guided by laymen representing America's three great faiths: Catholic, Jew, Protestant. It includes all sects and denominations. It aims to restore to us the strength of soul of our forefathers: the Pilgrims at Plymouth Rock, Washington at Valley Forge, Lincoln at Gettysburg. The poster reproduced herewith is the first step.

University Given Fund For Speech Correction

MRS. A. B. COHEN

Establishment of a fund in the Teachers College, University of Cincinnati, to further its work in speech correction through the generosity of Mrs. A. B. Cohen, prominent Cincinnati clubwoman and philanthropist, was announced Thursday at the University.

To be known as the Mrs. A. B. Cohen speech correction fund, this will be the first of its kind at the University and, as far as UC authorities know, one of the few in this field in the country.

The fund will be used for remedial work in the Teachers College in general speech, voice placement and minor speech impediments and, in more serious cases, will include medical attention.

Services of speech experts and medical specialists in this field will be employed. The fund will be made available to Teachers College students with good academic records upon application to Dr. L. A. Pechstein, dean.

"The establishment of this fund is especially noteworthy inasmuch as it is the first of its kind in the University and is made available in a college where the matter of good speaking voices and proper voice placement is so important for the success of its graduates as they go into the field of teaching," Dean Pechstein said Thursday in commenting on Mrs. Cohen's gift.

"General intelligence of the student, high academic achievement, professional interest, character and nature of the speech handicap will constitute the basis for selecting the recipients of assistance from the Cohen fund."

A committee is to be formed to evaluate applicants for this assist-

SIGNERS.

Michigan Society Sons of the American Revolution. It was my first venture into the literary field and knowing little about publishing houses the publishing was done by my friend, the editor of my home town weekly newspaper.

In acquiring the data quite a few months were spent in travel and research. It is the publication to contain ALL the pictures of the 56 Signers of our Declaration of Independence, together with their facsimile signatures and one page biographies. Over 1000 lovers of American history are now using it as a permanent reference book.

Here are only a few of the comments of those who have copies:

"I have been reading it as I would a fascinating novel. Do you contemplate any possible publication for school use?" Marquis E. Shattuck, Director Language Education Department. Detroit Public Schools.

"There is so much information in this volume, and information which we should be familiar with." - Mrs. Osmond D. Heavenrich, Michigan State Regent D. A. R.

"I am so pleased to have your impressive work, RE-INTRODUCING OUR SIGNERS. It is a most valuable contribution to the literature and history of America. Please send me four or five copies for the enclosed check. They are ideal for graduation presents." - Chase S. Osborn (former Governor of Michigan.)

"Your book indeed gives a succinct and clear conception of the signers." Winston Churchill (author of "The Crisis", "The Uncharted Way", etc. NOT the Prime Minister)

"I am glad to have the biographies of the signers, and other information in regards to the declaration of Independence." Howard L. Bevis, President of The Ohio State University.

If the work is interesting to these people I believe it might be interesting to you. You might also desire to have copies sent as gifts to your friends.

Single copies will be mailed postpaid at \$1.00 each. Six copies in one package at \$5.00. If you wish the volumes autographed I shall be pleased to do this.

BULLETIN !!!

Since dictating the inclosed letter on December 6, 1941, our Nation has been attacked by Japan! While the results of the terrific bombing have not been entirely disclosed, I am of the belief that it will make the affair at Lexington in 1775 seem mild indeed. BUT LEXINGTON WILL REPEAT ITSELF. Every community of our Nation will soon be alive with MINUTE MEN. Call them Home Guards, State Troops or what you wish, but the AMERICAN LEGION, of which I am proud to be a member will see to this. All our good citizens have the same stuff in them as our forefathers.

Buy one of these books and review the actual birth of The United States of America. Glance at the pictures of our 56 FOUNDING FATHERS. The books make excellent gifts for everyone from age 8 and up.

Franklin D. Roosevelt
President of U. S. A.

Dear Mr. President;

We are sending you our latest versions in war-time novelties, designed and manufactured by us in our small wood-working shop, near Tiffin.

While recuperating from a recent serious operation, Mr. Creeger, who has been unable, at present, to return to his regular job, is spending his spare time in our shop.

Our enthusiasm concerning the war is great and although we are unable to take an active part in the war, we feel sure that our novelty devices may help as an inspiration to the customers to whom we sell or even the on-lookers and passers-by.

To give a more detailed explanation, I. (Mrs Creeger) draw and paint the wind-mills, while "hubby" does the cutting and assembling. We feel proud of the fact that perhaps this unique method of advertising war bonds and stamps, may, in some indirect way, help in winning this war.

These gifts, we are presenting to you with our very best compliments and with the hope that they will bring much inspiration to the friends and people about you.

Yours sincerely,

Honorable Franklin D. Roosevelt,
Washington, D.C.

My Honorable President,

I am sending you a natural "V" in agate, which
I polished, as my hobby with others, of the Sequoia Mineral
Society of central California, headquarters at Parlier, Calif.

To me this "V" for victory symbolizes the destiny
this great country of ours is to play in the near approaching
age of Peace on Earth.

May you be sustained by the Highest Power and the
the cooperation of each individual of our great republic to
see this accomplished in due time.

I humbly beg to remain,

Yours respectfully,

Merrill M. Chamberlain
