Writes to the President telling him that not only Liberians but also civilized and uncivilized aborigines elsewhere in Africa have received with acclamation news of "the unprecedented courtesies shown President Barclay and President-elect Tubman during their visit to the United States as your guests." Mr. Walton points out the need of careful selection of a strong Cabinet for the next President of Liberia.--Attached are copies of speeches and messages from Mr. Walton as follows: To members of the U. S. Armed Forces in Liberia - on anniversary of the Declaration of Independence, July 4th; copy of message from President Barclay's Independence Day Message to Minister Walton, dated 7/5/43; Remarks of Sec'y of State Simpson at Independence Day Celebration at American Legation, dated 7/5/43; Remarks of Minister Walton at Independence Day Celebration, and copy of Commencement Address by Minister Walton to the Graduating Class of Phebe Lutheran Hospital, Harrisburg, Liberia, 6/22/43.--Attached is a memo for the President, 7/22/43 from Gen. Watson transmitting above, and stating, "Our friend, the Minister of Liberia - who gave you the wonderful ivory headed cane - has written a very interesting letter about the new President of Liberia".--On 7/28/43 the President wrote to Mr. Walton thanking him for his "complimentary remarks regarding the recent visit of President Barclay and President-elect Tubman." The President indicated that Mr. Walton's comments and analysis of the possibilities of Liberia's contributions in post war activities are particularly interesting.

States that Leon Pearson 'phoned this morning (7/9/) to say that Julius J. Davis, a Methodist Missionary in the Belgian Congo for 22 yrs. is in town and wishes to present to the President an ivory cane. Mr. Pearson said that he knew the Pres. could not accept the cane personally and thought MRC might do it in the President's behalf. Tai 'phoned Mr. Davis at the YMCA and explained the situation. He then said he would think it over, because he didn't believe he cared to give the cane to anyone but the President himself.

His Excellency,
Franklin Delano Roosevelt,
President of the United States of America,
The White House,
Washington, D. C.

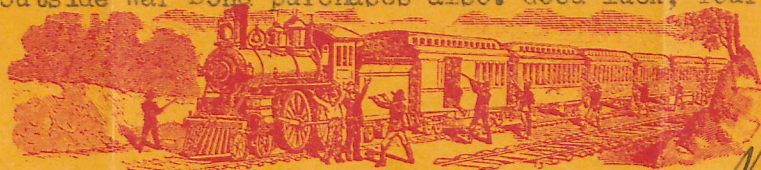

Dear Mr. President:-

As one hobbyist to another I'm forwarding to you an Irish? Potato that Deity touched to turn out in a "V FOR VICTORY" shape. Certainly no human being had anything to do with this potato growing in this shape. Growing in our country we might take it as a symbol that Deity is blessing our efforts in the war. Certainly it is unique in the "Larder Of The World."

For the past 28 years I have been an Inspector in the Customs Service, Treasury Department, for two years and Inspector in the Immigration Service in the Labor and Justice Departments for the last 26 years. This stationery was turned out for amusement and use in writing my fellow hobbyists throughout our nation. I collect these old time boy novels and minerals, postage stamps, hand weapons and my gold coin collection inquiry led to nationwide ruling by the Director of the Mint at the time we went off the gold standard. None of my collections will go to the Nether World with me and so will be passed into museums ultimately for the entertainment and education of unborn generations yet to come this way.

The employees of the Immigration and Naturalization Service in this city are numerously enthusiastic victory gardeners. Some of us home owners have victory gardens at both home and office and the apartment dwellers with no home ground turn out to till the soil on their own time in the wide open spaces around our temporary office quarters. Worthwhile crops have repaid them for their labor not to count in their better health mentally and physically because of this outdoor work.

In addition we regularly make blood donations to the Red Cross Blood Bank. (I had the honor of being the first donor on January 31, 1942). We have a fine record of payroll deduction purchase of War Bonds in addition to outside War Bond purchases also. Good luck, Your Excellency.

Dear Mr. President:-

As one hobbyist to another I'm forwarding to you an Irish? Potato that Deity touched to turn out in a "V FOR VICTORY" shape. Certainly no human being had anything to do with this potato growing in this shape. Growing in our country we might take it as a symbol that Deity is blessing our efforts in the war. Certainly it is unique in the "Larder Of The World."

For the past 28 years I have been an Inspector in the Customs Service, Treasury Department, for two years and Inspector in the Immigration Service in the Labor and Justice Departments for the last 26 years. This stationery was turned out for amusement and use in writing my fellow hobbyists throughout our nation. I collect these old time boy novels and minerals, postage stamps, hand weapons and my gold coin collection inquiry led to nationwide ruling by the Director of the Mint at the time we went off the gold standard. None of my collections will go to the Nether World with me and so will be passed into museums ultimately for the entertainment and education of unborn generations yet to come this way.

The employees of the Immigration and Naturalization Service in this city are numerously enthusiastic victory gardeners. Some of us home owners have victory gardens at both home and office and the apartment dwellers with no home ground turn out to till the soil on their own time in the wide open spaces around our temporary office quarters. Worthwhile crops have repaid them for their labor not to count in their better health mentally and physically because of this outdoor work.

In addition we regularly make blood donations to the Red Cross Blood Bank. (I had the honor of being the first donor on January 31, 1942). We have a fine record of payroll deduction purchase of War Bonds in addition to outside War Bond purchases also. Good luck, Your Excellency.

Respectfully,

M. Bertrand Couch

From U. S. Immigrant Inspector M. Bertrand Couch,
801 Silver Avenue Immigration Station, San Francisco,
California, as a compliment to Your Excellency to show
that the Victory Gardeners of California are in there
pitching for Victory. This might easily be taken as an
omen from deity by those of decided superstitions. Many
employees in the U. S. Immigration and Naturalization
Service, 801 Silver Avenue, have Victory Gardens at home
and at the office, where there is an abundance of unused
(formerly) ground around the building. The writer,
M. BERTRAND COUCH, thinks this might be a propitious
token of Victory that you might like to send on to Mr.
Churchill to show him that even the American potatoes are
all out for Victory also. If this gives Your
Excellency a chuckle it will have served its purpose.
I would be grateful for a personal letter from you to
add to my Autograph Collection. I have pleasant memories
of The White House where I had a pleasant visit with Mr.
Harding on Sept. 22, 1922, at which time movies and
stills were made of us together by the usual battery of
photographers there. Afterward Mr. Harding graciously
sent me an autographed photograph which is in my
growing collection of famous people's autographs.

The President of the U. S.
Franklin D. Roosevelt
Washington, D. C.

Dear Mr. President:

I have a special purpose in writing you at this time, as our young people's department, of which I am the General Secretary, has prepared a gift to present to you. The gift is a hand-made quilt, made by the pattern of a shield. The pattern is both Scriptural and Patriotic, and I felt would be very appropriate.

Beginning the 8th of September and continuing through the 14th our annual assembly will be in session here in the Tabernacle. Saturday afternoon, from one o'clock until six o'clock, a special program will be given by the young people. During this time, there will be a display of these quilts (we have also prepared a quilt for each of the 48 governors), and we would be happy to have you present then, that we might present the gift as a token of our appreciation for your faithful service rendered for our country.

Should it not be possible for you to be with us at the time mentioned, we will gladly send a representative of our young people to bring the gift to you. This can be at as early a date after the assembly as is convenient with you. May we have the privilege of presenting the gift?

Yours most respectfully,

Thursday, September 23rd

Franklin Delano Roosevelt
President of The United States of America
Hyde Park
New York.

Sir:

A few days ago while walking across
County from Stanton to Middle River,
in Augusta County, I ate the kernels of
several hickory nuts.

Well, I commenced to gather a few
hickory nuts and other seed pods of different
trees. Some of the trees like the hickory, and
the cherry, they grow exuberantly on slopes
seemingly distant from water. The oak seed
pods (acorns) are from enormous oaks
standing along the river.

The seed pods of the honey
locusts I gathered near a stream. The
larger seed pod ~~must~~ ^{may} be of a variety, possibly
brought to our great, liberal Country in
the time of Thomas Jefferson. I believe
it is a native of the Mediterranean slopes.
The smaller ^{honey locust} seed pod is of an allied family (oak)

get the trees ^{of this smaller kind} are smaller.

Well, I hope you may have someone to plant these; and, may great fine trees come of these seedlings.

I sure hope I am going to be able to vote for you in nineteen hundred and forty-four.

We are slowly and surely going to win this man, and, make good and abiding friends too.

Respectfully

..CROSS OF VICTORY..
"VICTORY IN CHRIST AND CHRIST IN VICTORY"

October 7th, 1943.

To the President of the United States of America,
Franklin D. Roosevelt,

Dear Mr. Roosevelt,

Being in thorough sympathy with your manifest concern for the future welfare of humanity, and your very humane viewpoints, we are sending you and Mrs. Roosevelt, (under separate cover) an emblem we believe symbolizes the purpose of your aims and aspirations.

The enthusiastic reception thus far accorded this emblem would indicate a decided possibility of it influencing a concerted movement for greatly alleviating the maladjustments of our time and enriching the personal life of each individual the world over.

It is our hope that you and Mrs. Roosevelt will receive this emblem and accept it in the spirit in which we send it.

Sincerely yours,

Elmer G. Anderson
