My dear Mr. Frantz:

The President has received your letter of December thirtieth and has asked me to thank you for your kindness in writing and sending the enclosed clippings and pictures to him.

The rainbow trout were received in fine condition and will, I am sure, be thoroughly enjoyed.

What you say regarding relief matters in Colorado is being brought to the attention of Honorable Harold L. Ickes, Federal Emergency Administrator for Public Works, and Honorable Harry L. Hopkins, Federal Relief Administrator and also Administrator for the Civil Works Program.

Very sincerely yours,

LOUIS McH. HOWE

Hon. Franklin D. Roosevelt,
White House,

I know you have more to read than possible now so will not burden you but one word in regard to our local State situation. Our Governor, Edwin C. Johnson, went into office with the backing of the entire State. He has failed miserably and the people of Colorado feel that if any further Government relief is extended to this wonderful State, a federal man should be sent here to supervise the spending of this money. I am not a politician, but I spent six months in the Legislature this year and have a good picture of the utter hopelessness of our Legislature accomplishing anything. In January they will come back for a continuance of their second special session. The total relief afforded to date is nil. The Governor has lost the confidence of the Legislators as well as the public. It is up to the Federal Government and we are looking to you, our leader, for a solution.

My dear Mr. Frantz:

I did appreciate your note of the tenth and an always glad to hear from you. The clippings you attached to your note were exceedingly interesting and I was very glad to have a chance to read them.

The President appreciated your saying that you will be glad to send him some of your rainbow trout but does not wish to put you to the expense that occasional shipments would entail.

I do hope you will snnd me any other such interesting editorials that you may happen to see.

Very sincerely yours,

JAN 15 1934
RECEIVED

37 January 10, 1934. 17

Mr. Louis McH. Howe, Secretary to the President,
The White House,
Washington, D. C.

Dear Mr. Howe:

Thank you very kindly for your letter of the 3rd inst. I hope President Roosevelt will enjoy the trout and I will be only too glad to make an occassional shipment.

I appreciate the interest you showed in the articles I enclosed and the fact that you are bringing them to the attention of Honorable Harold L. Ickes and Honorable Harry L. Hopkins. I hope that they may be of some help in giving them a better picture of conditions in Colorado.

What can you expect of a Governor who will write a letter like the one he sent me and a copy of which I enclosed in my former letter.

There are two men who control both Republican and Democratic parties in Colorado and they are Roland G. Parvin, Game and Fish Commissioner and Mr. Vail, head of the Highway Department. Mr. Parvin is a Republican who was appointed thirteen years ago by a Republican Governor and Mr. Vail is a Democrat. When a Democratic Governor admits that a Republican office holder is bigger than he, there is something wrong.

The Colorado Senate amended a bill adding one cent to the State gasoline tax for relief and took twenty-five per cent of the present tax and will use this for relief. The House Members will fight the Senate amendment and they will probably spend many more days fighting it out. We have an almost hopeless situation and it looks as though it will require Federal help to clarify the atmosphere.

Sincerely yours,
Horace G. Frantz.

Washington, D. C.

Dear President Roosevelt:

I shipped you by express today a box of FRANTZHURST RAINBOW TROUT, which I hope you will enjoy. I had the pleasure of sending trout regularly to both President Coolidge and President Hoover and knowing you are also an enthusiastic fisherman I thought you would enjoy a mess of trout at this time of year. I am also enclosing a few pictures of the trout farm.

Knowing that one in your position is continually subjected to criticism as well as praise I am enclosing a number of editorials, which appeared in our local paper. While Salida is a small town I believe these editorials express the sentiments of the large majority of the American people. We are all proud of our leader and stand ready to back you even more now than when you took office.

I know you have more to read than possible now so will not burdon you, but one word in regard to our local State situation. Our Governor, Edwin C. THE WHITE HOUSE
FEB 16 1934
RECEIVED

7-1-27-34

Feb. 12, 1934.

Mr. Louis McH. Howe, Secretary to the President,
The White House,
Washington, D. C.

Dear Mr. Howe:

Thank you for your favor of the 29th ult. I note what you say in regard to the expense of making shipments of trout to President Roosevelt, but I assure you I consider it a privilege and an honor to make this small contribution as a token of my strong esteem for our national leader. I believe everyone for the past four years felt that the one thing America needed was a leader and yet no one seemed to know where to look for that man. President Roosevelt has already shown that he is the greatest leader since Lincoln's time. I am normally a Republican but voted for most of the Democratic candidates at the last election and in 1936 I expect to cast my ballot for President Roosevelt.

You may have seen the enclosed article by Premier Mussolini, which is a great tribute to our President. I clipped the article referring to Rhea's letter to the President from the Colorado Springs paper. I may add here that I am an airplane pilot myself and I thorughly agree with the President's edict to the private companies. He has shown by his actions that he will not tolerate graft and corruption and I am perfectly willing to leave the matter of justice to those who were not guilty of wrongdoing, in his hands. Mr. Rhea is a life long friend of mine and you may be interested in knowing that he has been almost completely bed-ridden for sixteen years or since the world war and yet dispite his handicaps he has built up a very wonderful business and all of his correspondence is sent airmail.

I also came to Colorado when a young boy for my health and it takes a husky well man to keep up with me. I can appreciate the fight the President made to regain his health and believe that fight accounts in large measure for his interest, faith and help he has given to the average man.

Sent to Warm Springs

I am shipping a box of trout to the President today and they should be there Friday. Please do not take time to acknowledge this letter as I know you are busy and I do not wish to add to your work.

Very sincerely yours,

Oscar D. Frantz

Rhea Urges F. D. R. Not to Disrupt Air Mail Service of U. S.

Robert Rhea of Rhea & company this afternoon dispatched a telegram to President Roosevelt urging some method of handling the airmail situation without disruption to airmail business and upsetting the operation of the vast network of airmail lines with great damage to present operating companies and interfering with the employment of thousands of employes. Mr. Rhea is a pioneer booster of aviation in the Pikes peak region and of the airmail business.

In his message to the president, Mr. Rhea informs the chief executive that his business depends for efficiency on airmail, and that it averages about 10,000 airmail letters monthly, or approximately 10 per cent of the business of the Colorado Springs office in airmail. He expresses the desire that the necessary corrections could be made without interfering with private business or completely disrupting the work of the fair contractors in an effort to punish the guilty ones.

Spirit of Pioneers Dominant.

THE NEW ROOSEVELTIAN WILL NOW MANIFESTED AFTER FOUR YEARS OF TERRIBLE DEPRESSION IS A DIRECT DERIVATION OF THE SPIRIT OF THE PIONEERS.

I said recently to the Italian senate that it was early yet to utter judgment on the work done by President Roosevelt. Individual measures taken are capable of being discussed and have also been subject to discussion in America. One result, however, has been attained by President Roosevelt which is of incalculable importance: return of confidence in the spirit of the people.

PRESIDENT ROOSEVELT'S COURAGE, BUOYANCY AND OPTIMISM HAVE DRIVEN FROM THE MINDS OF MILLIONS AND MILLIONS OF MEN THE CLOUDS OF UNCERTAINTY AND INACTION.

PRESIDENT ROOSEVELT HAS OVERCOME THE CRISIS ON ITS MOST DANGEROUS AND DELICATE SIDE, THE *MORAL SIDE.*

PRESIDENT ROOSEVELT HAS RAISED THE "MORALE" OF THE AMERICAN PEOPLE. HE HAS GOVERNED. THAT IS, HE HAS IMPOSED HIS WILL.

Plenary powers have not proved a useless arm in his hands. He has used them for the people.

Final settlement is still far off, but there is no doubt that President Roosevelt has prepared it, not so much with his material measures as thru the enormous spiritual drive he has made in the entire republic. President Roosevelt's experiment can be added to the infinite number of others recorded by history to confirm this truth; that the decadence of people has its origins in causes of a prevalently moral character and that "morale" can have effective action even in economic fields.

Everything turns around man and men. Everything moves and is explained by the lofty or depressed, heroic or resigned spirit of man.

There is only one thing,dear friends,

And when we read his Word and ask Him

A mighty fortress is our God,
A trusty shield and weapon;
He helps us free from ev'ry need
That hath us now o'er taken.

My dear Mr. President:

I am enclosing herewith a copy of the Scroll of Phi Delta Theta for December 1933 containing a posthumously published article by Major Robert Y. Stewart, late head of the forestry service. Inasmuch as it is the last article he ever wrote, I thought that it might be of particular interest to you.

You may also be interested in the article included in the same issue on Secretary Ickes. He is a cabinet member of whom our whole Fraternity is quite proud.

Sir,

I had the profound privilege of listening to your inaugural speech during my visit to your Country in the early part of this year and I as a Britisher pay respectful tribute to the honesty of purpose and patriotism which was so abundantly apparent and I have since followed the course of your fight in the furtherance of your schemes and I only trust, as do the large majority of Britishers, that you may win through.

The desire to send you the enclosed calendar arose out of my understanding of the position in which you stand today, and how very much you must be in need of this wonderful "old time" loyalty which is beyond price.

With all respect.

William Fraser.

Dear Sir;-

I have just executed an allegorical bust of our President with the N.R.A. blue eagle synbolism at its base. As you are administrator of the N.R.A., I thought it fitting and proper for you to make the presentation to our President on his Birth day.

In 1917 I executed an allegorical statue of the late President Wilson, and called it "Uncle Woodrow". This was presented by the late John H Mc Cooey and was received very favorably by President Wilson who wrote me personally commending my work.

The bust will be shipped to you on Saturday, and I will anxiously await hearing from you.

A replica of this bust will be on exhibition at the great birthday ball in the Waldorf Astoria in the care of Mr Henry Doherty who will auction it off at midnight for the benefit of the Warm Spring Foundation fund.

Dear Mr. President:-

A few weeks ago Mr. Frank C. Walker of New York brought to the White House a special made telephone for my President, it was finished in bronze, with four eagles and the Presidents monogram and crest on the front of the phone. on the dial I built a special hand made watch, so you could control time better.

I was informed that the Phone was accepted and installed, may I ask Mr. President how the Phone is working and how do you like my my work and in which room was it installed?

Would you permit me to make and built another Phone like yours for Mrs. Roosevelt? it can be had in any shade and pastel color to match any draperie or furniture Mrs. Roosevelt may desire, your permission Mr. President to do this would be a great honor to me.

Ex.mo Snr. Franklin D. Roosevelt
Presidente dos U. S. America
Washington D. C.

Abusando da bondade de V. Ex.cia, tome a liberdade de lhe mandar uma pequena lembrança feita por mim á 26 anos, a qual a conservava em meu poder com muita estimação.

Só um homem como V. Ex.cia, é que me faria desprevenir de tal prenda; mas faço com a maior satisfação porque um homem como Franklin D. Roosevelt, é merecedor de tudo.

O valor d'essa bengala que ofereço como lembrança do vosso 52 anniversario, está todo no bocado de madeira, essa madeira começou a fazer serviço no extincto Convento da Gloria, que havia na Cidade da Horta, Ilha do Fayal, Açôres, e que foi construido em 1608.

Sou um Michaelense que residi na Cidade da Horta 22 annos, durante a minha premanencia naquela Cidade é que obtive essa reliquia do antigo e já inotincto Convento da Gloria.

Peço a V. Ex.cia que passe isso sem receio, dessa pequena lembrança que lhe envia um grande admirador vosso, e que sempre dirá:

Bendita a Mãe que tal Filho deu ao Mundo!
Abençoada a Patria que lhe serviu de berço.

Hon. Marvin H. McIntyre,
Secretary to the President,
White House,
Washington, D. C.

Dear Mr. Secretary:

Please refer to our correspondence with you a month or so ago in which we explained that the Franklin Sugar Refining Company was very anxious to donate for use of the White House a case of Franklin Pressed Tablets with their compliments. In response to this letter we received a telephone call from your office advising that you could not answer our letter in writing because of possible publicity, which, of course, we understood thoroughly, but at the same time you would be very glad to accept the case of sugar and would appreciate it. In response to this telephone call we immediately wired Philadelphia and the case of sugar was delivered to you a few days ago by Mazo-Lerch, one of our wholesale jobbers here in Washington. We also wrote you on February 12th advising that the case of sugar would be delivered in a few days, and it now has been delivered and Mazo-Lerch received a call from Mr. Nesbit saying that it must be picked up as you could not use it.

We know, of course, there has been some misunderstanding, and would certainly appreciate your issuing the necessary instructions in accordance with your original idea about accepting this case of sugar.

Thanking you in advance for your co-operation, we remain,

Respectfully yours,

ALLEN V. de FORD COMPANY

MERCHANTS DECIDE ON BUSINESS SHOW

Will Meet With Board Of Trade To Agree On Plans.

WELSFORD CRITICAL OF LATTER'S DIRECTORATE

Ward Kremer, president of the Asbury Park Retail Merchants' association, and four members of the organization, will confer with the board of trade officials at the local Y. M. C. A. tonight in an effort to formulate plans for a cooperative business men's show at the Casino during the week of March 12.

The merchants, meeting last night, decided on the date of the show and agreed to invite the trade group to participate in the exhibition, pointing out the latter body had sponsored similar affairs in past years. March 12 was selected because of its proximity to the Easter season.

While the members of the retail association expressed the opinion the show was primarily an activity of the merchants, they agreed it could not be successful without the cooperation of business men now affiliated with other organizations, including the board of

Denounces Relief, Threatens Suicide

Ardena Man Shocks Howell Township Committee By Announcement.

(Special to The Press)

ARDENA, Jan. 19.—After denouncing relief administration in Howell township, Saul Finklestein, Lakewood road, shocked 48 persons at the meeting of the Howell township committee last night by declaring that "when I execute myself on the court house steps I will leave my will to you."

Finklestein declared he received only a $1 food ticket per week for which he worked on roads at $2 per day, six days a month. He said he made application for relief at Red Bank last November, was given a $4 food ticket which required that he go to Freehold for the food.

"My name is on file in Red Bank. Those files are for future generations to look in and see who was starving here," he declared.

Samuel Brocklebank asked the committee why the man was not given help. They said Mrs. Julius Windler, overseer of the poor, would handle the case and that the township nurse would provide for the family.

Elmer Hall resigned as municipal director to, he said, "remove the sting of suspicion from any township official." Hall is the clerk. Committeeman Herbert Burdge will handle relief temporarily.

MY BELOVED PRESIDENT, FRANKLIN D. ROOSEVELT, AND MRS. ROOSEVELT:

The rug which I am sending to you was designed and made by me with an old fashioned "hook". Into it is incorporated the BLUE EAGLE" which is the outstanding symbol of your administration.

It was finished today, on your 52nd birthday, although it is not a birthday gift, for you were born when the morning stars sang together, and God looked on His creation and saw that it was very good.

The motif is simple, but is symbolic of your own great idealism.

The CHEROKEE ROSE, in the left hand corner is our Georgia rose. The rose has been called by a great American woman "the smile of God".
The OLIVE BRANCH around your initials, PEACE.

The RAINBOW colors around the centre are the emblem of HOPE.

The BLUE EAGLES, PROMISE.

One, who like yourself reflects compassion for his fellow man is an IDEA of God, a poem of GOOD.

God's children express his Ideas.
This I am sure is true.
What a thought of prosperity he must have held
The time when he thought of you.

Time is mortal measurement,
And mortal beliefs untrue,
Eternity, not Time must express
Our nation's gratitude to you.

Sincerely
Alice M. Freeman.
