RECEIVED

SECRETARY

December 1, 1937

Honorable F. D. Roosevelt
President of the United States
White House
Washington, D. C.

Dear Mr. President:

It is with much pleasure that I send to you
by express some of Colorado's famous Pascal Celery with
the compliments of The ^XGreen Brothers Fruit and Produce
Company and The Fred Davis Furniture Company of Denver.

The growing of Pascal Celery is rapidly
becoming a very important industry in Colorado, and
we are bending every effort to make its wonderful
qualities more widely known. We believe it excels all
other celery shipped from any part of the United States;
it is grown in highly mineralized soil, it is trench-
bleached, white as the mountain snows that watered it.

I sincerely hope you will enjoy this delicacy
and agree that Colorado celery is of the finest.

With very best wishes and the season's
greetings, I am

Sincerely,

Teller Ammons

President Roosevelt

Dear Mr. President:— Please forgive me if I have been presumptuous in sending this little gift, for I would not have had the courage to do such a thing of myself, as you undoubtedly have many beautiful pictures done by famous artists hanging on your walls, and I am no artist, having taken not even one lesson at the time of the making of this picture, but friends thought perhaps you would not have one like this, and might like it, so if you will accept it with my compliments and deepest respect I shall be very happy indeed.

Perhaps you would like to know what the picture consists of. It was made by first sketching free hand from your picture in the newspaper, then building it up with dental plaster, mixing only a very small amount at a time as it hardens almost immediately, and finally painting with oil colors, which in all

Took about three weeks, and together with a picture of President Lincoln of similar size done in salt, flour, water, and water colors, rewarded me with a free four year correspondence art course, for which I was very thankful.

The picture would be much improved by appearing with a nice frame, and without the glass, but thought it would stand the journey much better as it is, and can be easily refamed at any time.

I am twenty-three years old and living with my folks.

In closing, my wishes for the best of everything for you, and the continued peace and welfare of our country.

Respectfully,

Lucille Geshardt.

NEED FOR DENTAL TREATMENT CUTS SHORT FDR OUTING

Three Days Trimmed From
Schedule to Permit Return
to Capital Monday Night.

BY D. HAROLD OLIVER.
(Associated Press.)

Miami, Fla.—President Roosevelt arranged today to return immediately to Washington for further dental treatment upon discovery that the gum where an abscessed tooth was removed Nov. 18 was failing to heal as rapidly as expected.

Three full days were trimmed from his Southern trip schedule, one from his fishing cruise and two set aside for stop-overs in Georgia, to permit him to reach the national capital by Monday evening. He left Washington last Saturday night, intending not to return until next Thursday.

The yacht Potomac was scheduled to leave the Dry Tortugas islands, 300 miles southwest of Miami in the Gulf of Mexico, this afternoon. It will arrive here around 2 p. m. tomorrow, and half an hour later the president will be on his way north by special train.

Temporary white house officials insisted neither the crisis in China nor the congressional situation was a factor in the decision to return ahead of time.

The president personally notified Secretary McIntyre here by radio of his decision. He said that due to the delayed healing of his gum he thought it advisable to return directly to Washington without filling scheduled engagements.

McIntyre said the chief executive's general condition was "excellent," but added he could not get the dental treatment aboard ship that he could obtain in Washington.

Capt. Ross T. McIntire, naval physician to the president, is aboard the Potomac.

The president's condition had been aggravated by a gastrointestinal disorder, but this, according to Dr. McIntire, was cleared up several days before he left Washington, as was a slight fever induced by the bad tooth. The swelling in his jaw also had disappeared when he held a delayed press conference in Washington a week ago yesterday.

My dear Mr. Giumetti:

I have received your letter of December

While he sincerely appreciates the kindly motive
which prompted your thought of him, it is felt
that he should not accept the gift, and thus
deprive you of some pecuniary advantage that may
result through disposal of your handiwork. For
this reason the plaque is returned.

I hope you will understand, and will
know that the President is, nevertheless, grateful
to you for your friendly interest.

My dear Mr. President,

Enclosed you will find a newspaper clipping in which I justifiably answered a certain Columbia professor. The purport was to refute her own article. (I believe in college we termed it "argumentum ad hominem") Note the non-conformity between her own teaching of "shall" and "will" and her condemnatory attitude when one outside her college follows or adheres to her own tenets on these words.

*No. 11/27/37
enclosed*

Under separate cover I am forwarding a copy of my latest book "Everyday Errors in Pronunciation". The dictionary sources are: The New Webster 1934 edition, The New Standard, and The New Century. It may prove a time saver should you at any time wish to know what words have two or more correct pronunciations.

Yours respectfully,

I am sending you a small watercolor design
of "The Mayflower" with my best wishes for the New Year
& I sincerely trust you are keeping well.

The sad news of Ambassador Bingham's death was
a great shock to all of us especially those who had
met him personally & it is very gratifying to
feel that he has left many pleasant memories

Honorable Franklin D. Roosevelt,
President of the United States,
Washington, D. C.

Dear Mr. President:

It is hard to understand how anyone could carry the tremendous burden which is placed upon you as the Chief Executive of the Nation. In spite of organized obstructionists, you have accomplished tremendous benefits for the people of the United States. This will become more and more apparent as the years go by.

The people of the Gila Project desire to contribute a little of the sunshine from the Sunshine Capitol of the world to your Christmas dinner, and are sending a small box containing a few Yuma products, such as will be produced on the lands of the Gila Project when the life-giving water is united with the good soil and sunshine in a land which the Special Ickes Committee said "Had for seven months in the year the most pleasant climate in the United States".

We hope, Mr. President, that your Christmas will be a merry one, and that the New Year will bring you much happiness and more joy in the accomplishment of many more things for the benefit of mankind.

With all good wishes, I remain,

Most cordially yours,

Hugo B. Farmer
Secretary, Gila Project Association
