My dear Mr. Hurd:

It was kind indeed of you to send the President the canned fruit received recently. Permit me to thank you in his behalf and to assure you that your friendly thought is appreciated.

What you say regarding your wife, Private Martha M. Hurd, is being brought to the attention of the appropriate officials of the War Department.

Very sincerely yours,

WAR: Sends the Pres. two cans of fruit put up by his wife before she joined the WACS, (one was broken and the other T.A.) His wife has asked for a discharge as she believes she could be of more service in helping him tend to their farm. Asks the Pres. to consider Mrs. Hurd's application for release.

Became over zealous when we decided that I
would carry on here, and she would try to do more.

Grace G. Tully
Private Secy
Dear madam;

I am in receipt of your letter of
aug 5 and want to thank you for your deep
interest in the affairs of myself and wife, Private
Martha M. Huch.

I have followed out every instruction
from the local Red Cross unit and gathered from
Martha's letters that she has complied with every
request from her Commanding Officers, so, as it were,
we are "resting on our oars".

I do now want to re-iterate my
feeling that God forbid me having a selfish
thought in this matter. Candidly, I realize that
I have about lived my life. Have made my
mistakes and had my fun, like all law abiding
Americans. (Thank God for America). But now I
believe with Martha that every man woman and
child should be doing the work at which they are
best able to serve our Country. Martha and I
both realize that with three sons (one for her) and
(2 for me) by former marriages in this conflict we
became over zealous when we decided that I
would carry on here, and she would try to do more.

1/2 by joining the "Waco".

Candidly if we were selfish, she as a finished Dry Cleaner and me as a salesman could be now drawing over \$150.00 a week and could have over \$5000.00 in War Bonds the best investment on earth tucked away "in our jeans." But, we both feel deeply the necessity of Production not only to feed our Boys in uniform and our civilian population, but also to see that the liberated people have nourishing food while they are going through the process of Re-Habilitation. Our Equity in our little place plus the stock we have in stock can be valued at about \$2500.00 but at forced sale you could cut that in two. For the life of me I cannot seem to put in over 14 hours a day, that's Sunday and everyday, and it takes that to take care of the stock right and see that my Produce of Dairy products are marketed for enough to buy \$60.00 a ton grain and \$30.00 a ton hay. In the meantime our other truck produce ground is growing up to weeds. When Martha was home you couldn't find a weed in our place. She worked tirelessly from 5 AM till 12-1^{PM} and 2^{AM} raising Canning and producing. Added to that I would rather have her than a vetinary with a sick animal.

Now, if I felt that her duties in the "Waco" would shorten the war, save lives and help assure future generations of a lasting peace, I would say throw our little infintesimal start

³ in the pot and forget it, but I sincerely believe we, feel just the opposite. We may have one or more sons coming home worse than dead. We may have at the best three husky healthy Boys wanting a place to eat till they get a new start. They have all been raised to stand on their own feet and not depend on their government to coddle them and if Martha and I can keep this place intact we will be in a position to help them do just that. If every American Father and Mother could furnish that opportunity to the Boys and Girls coming home, there would be no reason for Congress to assume them of a weekly stipend indefinitely.

If I were an Able Bodied man, Martha Mr. Hurd, my wife for the sake of her own Country belongs at home on the production end of this matter rather than where she is. There are plenty of long finger nailed young ladies in America doing nothing worth while to join and do the "Wac" work. A Capable farm woman is more necessary on a small farm, than the man himself.

We made a mistake by even thinking of her joining and our Government makes a mistake every time they accept the application of a Farm Woman working at that job.

I know we are "small fry" but the correction of small mistakes may bring about the ducking of major calamities.

In closing, I want to say that

4 if I would quit go to Bed as most men would
that have my ailments I could no doubt have
Martha home, but I am not going to do that. I
shall go on and if necessary crawl out to the barn
to milk these 10 cows and have a harness built
to pull me up to their saddles. Furthermore I am
not going to spend what money we have in a
country of Doctors, writing Affidavits and telling
our Dear Old Uncle Sam (God Bless him) what the
matter with me, and I don't want Martha to
come home to nurse me but rather to produce
more till this is over then and only
then will I quit the front line prosecution
trench and drop back to a base hospital.

Actually (Miss or Mrs) Tully they had
the intestinal fortitude down in the Personnel
department at Santa Ana to suggest that
they would give her a 15 day furlough to come
home and hold my hand. While I went through
an operation for a double hernia, bleeding
Hemorrhoids and the removal of one kidney, and
then shoot me back to farm work. I come from
the family of Hards that went into Iowa in
Coined Wagon days and am proud of it, and Martha
hails from a family that hit Oklahoma on the
first land rush. We are not Molly Coddles but
a couple that are trying to get back together and
put the ball in this little farm, regardless of
our personal ailments. They can wait for Peace.
Respect Frank W. Hard.

GOD BLESS and SAVE OUR MEN

(May be sung to "Abide with Me")

"God BLESS our men" in air, on land, and sea!
Full well we know how dear they are to Thee.
Where'er they go, whatever they may dare,
God ever keep them in Thy gracious care.

"God GUARD our men" by night as well by day,
For we, at home for them will ever pray
That war and strife and enmity may cease,
And Thou wilt send us Everlasting Peace.

"God SAVE our men," oh keep them ever near!
Make strong their faith and drive out all their fear;
Give them a vision of Thy saving love,
That nothing in this world can ever move.

"God KEEP our men," and tho just now they roam,
Grant us our prayers and bring them safely home.
"God SAVE our foes" and cause all eyes to see,
That peace, O Christ, can only come from thee.

Wrote the President stating that there is being shipped to the Franklin D. Roosevelt Library another boat model - a reproduction to scale of the latest model Higgins Motor Torpedo (PT) Boat, with the latest type of equipment and the model will rest on an ornate base prepared for it, and will be protected by an attractive "Plexi-glass" cover. Has given one of the men who is a diorammic expert, together with other assistance, permission to start working on a diorama showing a typical amphibious landing operation. Thought perhaps the President would like a diorama of the spectacular landing on Bougainville or perhaps the landings on the beaches of Normandy or some other landing operation. - - Attached - Inter-Communication from A.W. Derbins, Sr. to A.J. Higgins, Sr. dated Aug. 16, 1944, also attached - Copy of letter Mr. A.W. Derbins, Sr. Gen. Superintendent, sent to Mr. Edgar B. Nixon, Acting Director of Franklin D. Roosevelt Library, Aug. 16, 1944, telling of the shipment of the PT model for the President's collection and giving detail of the shipment. - - The President replied on Aug. 24, 1944, stating that on his recent trip to Hyde Park he saw the fine reproduction of Mr. Higgins' latest model Higgins Motor Torpedo (PT) boat and that it will take its place alongside of the other models and will be a real addition to his collection. The President further states that he will be perfectly delighted to have a diorama of the landings on the beaches of Normandy and that it will be something quite new to add to his collection. - - Pencil notation - Sent to Hyde Park.

Writes the President of the pleasure she had in attending the Democratic National Convention. States that Mrs. Melvyn Douglas requested her to take the President's Campaign Hat of 1940 to Chicago. The hat was purchased by Edward G. Robinson and Melvyn Douglas at that time with the funds going to the Motion Picture Relief Fund. States that with Mrs. Douglas' approval she is sending the hat to the President with the hope that it will lead him to victory in this coming election.--Miss Tully, Aug. 24th, wrote to Mrs. Robinson saying her letter had pleased the President immensely. Miss Tully said most men have a special affection for their old hats. Miss Tully said that "that campaign hat of 1940 after many travels has, through the courtesy of Mr. Robinson and Captain Douglas, come back to the President like an old companion". Miss Tully said it was generous and loyal of them to buy the hat and doubly generous of them now to send it back to the President at this particular time. Miss Tully said the President wanted Mrs. Robinson to know that he appreciated her part in returning the hat and wished her to convey his thanks to Mr. Robinson and Capt. Douglas.

Dear Mr. President:

I am going to South Dakota to hunt pheasants in a few days, and I will send Jesse Jones twenty-four birds, eight for him and sixteen for you. I hope these birds will form a cabinet dinner, because I know one or two members of your cabinet.

If this little gift gives you a moment of relaxation and pleasure, it is an indication of the feeling that should be in the hearts of every American citizen toward you.

Yours very truly,

FH/Mjr

To Our Friends:

It is believed that you will find this booklet interesting and informative in portraying in some small degree the picture of modern mechanized warfare and the notable part played therein by American Car and Foundry Company as a maker of the light combat military tank officially designated as the "M-3" but affectionately known throughout the various war theaters as the "Honey".

This tank as a fighting vehicle, both offensive and defensive, has proven itself on many battlefields widely separated in time and space — and we of our Company are proud to have been the pioneer in its development, starting from behind scratch, and of our record of more than fifteen thousand of them already delivered.

Sincerely yours,

My dear Mr. President:

The enclosed "THE NATIONAL PLATFORMS OF ALL POLITICAL PARTIES FROM 1789, INCLUDING THE CONVENTIONS OF 1896" will be more at home in the bookcase of a presidential candidate than in my own; and since Dewey won't do for me, it goes where it belongs.

If the enclosed were brought up to date the Republican section would probably be edited as follows:

"Gov. Dewey lapses into former district-attorney role and is so busy pointing his finger and shouting at the jury of American voters, he forgets he is presidential candidate.

Verdict: Jury decides F.D.R. is guilty of being such an able president they recommend him for a life-term in the presidential chair."

Sent following letter to Pres.: "I sent a half dozen pheasants to Mrs. Nesbit for you today, which were sent to me by Frank Lodges, of Olathe, Kansas. Frank is one of the tired old men of your Administration. He was manager of our RFC agency at Kansas City until about two years ago, when, at the age of 80, he retired. However, he is still able to go to South Dakota and shoot pheasants. He wrote me that on this trip he killed 100, which he said was the limit. Frank asked me to divide the birds with you."---11/11/44 FDR sent following letter to Mr. Hodges: "The pheasants you sent me through Jesse Jones were greatly appreciated. Mrs. Roosevelt and I, and other members of the family, enjoyed them very much. Jesse tells me that you are one of our tired old men, only 82, but still able to walk all day shooting pheasants. He also tells me that you are a good fisherman, so we have much in common."-"P.S. I think some of the birds must have flown away between Jesse's office and the White House, although we had plenty."

Dear Mrs.(or Miss) Tully, as the case may be:

I beg to acknowledge your note of November 11, 1944, and to thank you for comment on books of verse I sent the President.

I had asked my long time friend, Eugene Casey, if he would pass these along to Mr. Roosevelt at the man's leisure, without bothering him in any way. I can assure you no acknowledgement was necessary, yet it was much appreciated.

I have long been a tremendous admirer of Mr. Roosevelt, just as I once admired Woodrow Wilson and another Roosevelt (Teddy), and I have never overlooked any chance that I, as a layman, have had to show my respect, and admiration, for a great man.

However, I realize too well the back breaking responsibility which confronts him daily, and in forwarding along two of my latest volumes to you, I know you will understand that I was prompted by no purpose other than to, in small measure, show the appreciation which one American feels for a great American whose leadership has been outstanding during the darkest days of our history.

I trust that if the opportunity arises, and it is not too much trouble, that you may some day place the volume I have mailed under separate cover into his hands. And that you may, at your leisure, peruse the other.

I knew Gene Casey as President of the Central High School C Club of this city back in the 1920's, and I consider him an old friend, and a fine friend. I feel that you will not object to my having forwarded along the books, when you realize that I have done so with the best of intention, and in all friendliness.

I have been a staunch supporter of the administration since Mr. Roosevelt stepped in to relieve the tension caused by unemployment and general confusion, and I shall always consider him one of the great men of history. I thank you for your patience in this matter, and assure you that I appreciate your kindness in this matter.

Sincerely,

Joe Holman

Joe Holman.

P.S. I mentioned Eugene Casey because I left the last volumes with him with the same request I have made of you. I understand he has gone into the Navy, and I know it will be a better Navy now that Gene is in it.

Mr. President:-

This letter is for the sole purpose of letting you know that my family and I thank God that you were reelected to that exalted office which you have so ably filled these past twelve years. You are, sir, and have been "The Man of The Hour" in the true sense of that expression. Again, praise God for the blessing that he has bestowed on us by permitting your reelection.

Sir, when my fruit is actually ripe, I shall ship you some of my "run of the mill fruit" and I sincerely hope that you will enjoy my little token of appreciation as much as we enjoy the privilege of security granted to us by your continuance in office during these troublesome times. We have two fine sons in the army on the fighting front. Of course sir, we are very much concerned about them at all times, however, we are thankful that they can serve our country. With you continueing in office, we are assured that their efforts and sacrifices will not be in vane.

Your humble and devoted servant,

Samuel F. Howard

My dear Mr. Hill:

Your letter of November eighth has been received and your generous words of congratulation pleased the President very much. He wants you to know how delighted he is to have this expression of confidence in his leadership.

The President appreciates the friendly thought which prompted you to send him the paper weight to which you refer.

Very sincerely yours,

I feel you must not under any circumstances allow
anyone will receive the real thing. I am sure that
most everyone in the world will be just as I do.
Good luck to you.

Dear Mr. President.

Herewith I am sending a little pin which I have worn during all four of your Presidential campaigns, and which may find a place among the various souvenirs which I am told fill your desk at the White House. I am happy that my worries about your reelections, which cost me a lot of sleep are over, and that our beloved country's destiny remains in your
