Dear Rudolph:

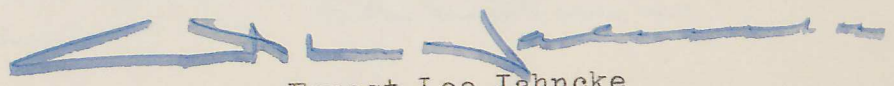

I am arranging to send just prior to Christmas, in charge of a Pullman porter, a Christmas package of Nouvelle Orleans dainties for the Commander-In-Chief and his dear wife.

To be sure that the President would receive this gift, I have taken the liberty of asking the Pullman porter to deliver this package to you at the executive offices of the White House.

It would be a gracious favor to me if you would be good enough to handle this matter for me, and I will appreciate if you will let me know by return mail if this would be too much bother for you.

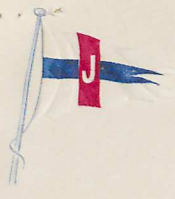

With kindest personal regards, I am

Sincerely your friend,

Miss Marguerite A. LeHand
The White House

My dear Miss LeHand:

You will receive under separate cover a painting of Pine Mountain Valley. This painting was made six weeks ago just as the greens were sending out their tender test shoots. It was painted from the Knob.

The Valley is such a beautiful subject at this time of year. I painted the landscape for my own personal pleasure. Then, I saw the potentialities of the Valley as pictorial matter. A large painting of the Valley would make a lovely mural for a room and certainly any public building would be the richer for its presence.

I am sending this painting for your pleasure and approval. You know how much President Roosevelt enjoys the Valley and I understand that he is particularly fond of the view from the Knob. You would know whether his interest would extend to a painting of this view. The picture will tell you whether he would like my presentation.

Should the President be interested in having a painting made of the Valley I would be most happy to come to Washington to discuss the matter with him. It might relax his mind for a short time at any rate. I know that a large panorama of the Valley would make a beautiful painting and I truly hope that something can be done about it.

I hope that you will enjoy the painting that I am sending and will accept it as a small token of my efforts to place the beauty of Georgia on canvas.

Sincerely yours,

W. S. Jenkins

It occurred to me that my first letter might have been misinterpreted. It could have easily been taken for a publicity gag. I am afraid that I am a little prone to believe that my idea is generally known but on second thought I realized that there are several states between here and Washington and no doubt several million people who have never heard of me.

I am enclosing a clipping from the Columbus Ledger which will give you an idea of my efforts to place Georgia on canvas.

I sincerely hope that you like the painting.

Advertise Georgia By Use Of Paintings Is Proposed

A plan to advertise Georgia through the painting of a number of its interesting spots, especially those attractive to tourists, and sending these paintings on a tour of exhibit over the United States, has been submitted to the chambers of commerce of Georgia by W. S. Jenkins, well-known Columbus artist.

In an address before the annual convention of the Georgia Commercial Secretaries' association at Waycross, Mr. Jenkins presented his idea, which he has developed in conferences with the civic promotion department of the Ledger-Enquirer papers in connection with its "Advertise Georgia" movement. He spoke in part as follows:

"I am working on an idea that I think will go far toward putting Georgia before this potential tourist market. My idea is to paint Georgia. To place the natural beauty that we see every day on canvas for all of America to see, appreciate and envy. At least twenty paintings should be made of outstanding Georgia scenes, typical Georgia views, historical homes and natural phenomena.

"These paintings to be suitably framed and sent out all over the United States on a traveling exhibit. Art appreciation has not been so keen since the Renaissance. Galleries all over the country are very receptive. They seek new material for exhibition. Such an exhibit as I have in mind could be labeled an All-Georgia Exhibit and an itinerary worked out so that it would be on continuous display. As you all know a painting has far more appeal than any other medium of illustration. You also know that an art exhibit is always a topic of discussion for weeks after it has gone.

"You are well aware of the fact that Georgia is not receiving her share of the tourist dollar and yet we have one of the most interest-

ing states in the Union. And, with the completion of the Florida short route there is not a section of the state that isn't in direct contact with these passing dollars. The way to prevent these dollars from passing through is to arouse their possessors interest before he leaves home. And, paintings will do it. They are the most powerful message that you can send out of the state. An art exhibit is a social obligation. It is one of the "must be done's" in the daily life of all of us.

"There is one essential need for each project, that is money. My plan for financing the project is to have each chamber of commerce finance the pictures that are of particular interest to them in their own locality. The chamber of commerce in turn would get the hotels, resorts, restaurants, oil companies, power company, railroads, etcetera, to underwrite the cost to them. Upon the completion of a minimum of twenty paintings they would be properly labeled and sent out to arouse sufficient interest in the tourist so that Georgia will be on his next itinerary."

The secretaries' body adopted a resolution to give the plan study and consideration. Much enthusiasm was expressed for the new project.

Fannie M. Little Essay - POWER OF EXAMPLE.

There are many other interesting topics.

"History does repeat itself" is certainly true.

In a recent letter to Mrs. Roosevelt I enclosed my affirmative reply to the Call-Bulletin in reference to your re-election. I quoted the incident of your kindness in sending that lovely autographed photograph for Mrs. Gland, the colored lady, that waited in line to see you and wave her flag, through all her great suffering. I am enclosing a picture of the Elephant at the Fair taken with my camera. As the Elephant stands for Democratic Party, I thought you might enjoy having same.

I read with great interest about your animal collection of miniatures for your desk. It is always a privilege to enclose my well meaning offers to you, as you express your greatness, by acknowledgement of trifles.

Dear Mr. President:

Rarely has any book carried a message to young Americans at the same time and in such close parallel to your own recent messages as does our newest publication, STAND FAST FOR FREEDOM.

The authors, Lowell Thomas and Berton Braley, by telling the stories of the many men and women who have fought for human liberty since the days of the Magna Charta, vividly show the contrast between life in the totalitarian countries and life in America. With the hope that you may enjoy reading these stories, we are sending you a copy, under separate cover.

We believe that the book may find good use in schools and Americanization work. We sincerely hope that it will show the underlying ties which bind all English speaking peoples together and serve to stimulate true patriotism.

Dear Mr. President:

Inclosed is what I received in this morning's mail.

Talk about the 5th columnist and the pacifist's disloyalty, this propagandist is "a brother in arms" with them.

We believe in the Constitution and to uphold it. But you will find in the Constitution provisions against "sedition" and "conspiracies" to disrupt it, and those attempting such should promptly be silenced.

There is nothing in the Constitution concerning a THIRD TERM of any office. What about the third and many more terms of our Senators and Congressmen and our State judiciary. Why make "fish of one and foul of the other". If "custom" has prevailed for a two term for President and some Governors and many many terms for Senators, Congressmen and judges, why shouldn't we change the "custom" when the progress of the Nation requires it.

It doesn't make any difference how "loud and long" the disgruntals "howl". You will be reelected for the THIRD TERM with a BIG majority, and we all will be very glad and happy. But I hate "a barking dog" more than one that will bite, for they are always "yellow" and selfish.

GOD BLESS AMERICA AND YOU.

Your true friend,

In response to the human cry of all people for a practical attitude toward prayer, I have written this simple prayer book which seems to have met with instantaneous approval, uniting us all, regardless of creed, as "Citizens of the Household of God".

I am pleased to send you an autographed copy and I pray you will find it useful. Judging from the mail which is pouring in to me from all parts of the country, now that "Every One's Prayer Book" is becoming known, I believe it is helping many people and I shall be happy indeed if it will be of service to you.

Dear Mr. President:

The Reverend Bishop Joseph recently sent you an autographed copy of "Every One's Prayer Book" just released. It was the Bishop's hope that this would result in some word from you as to the value of prayer in this hour of national stress. If you had seen the book and read "An American's Prayer" you would understand this.

Today we received an acknowledgment from Miss Margaret leHand, your private secretary, couched in the language of a teacher thanking a small boy for bringing an apple to school. Bishop Joseph, as the head of a religious organization whose influence touches the lives of many people, should not be addressed as though he were a little boy. This is just another example of the smug attitude that has turned so many people against you.

Very truly yours,

J. S. Powell

Secretary to the Bishop.

P.S. I enclose a clipping of this date from our own Hollywood Citizen News, an independent paper of great prestige here. The inference is very pointed. My letter was written before our paper was delivered, but it seemed to have a bearing on what I have already written; therefore I send it along.

Perpetuating the Apostolic succession of Christ and His Apostles according to Christ's statement: "If you continue in My word, then are you My Disciples indeed, and you shall know the truth and the truth shall make you free."

instantly on that immense audience.

The light that passed across the face of Wendell Willkie as he spoke was the light of a crusader who convinced his audience that he would gladly lead them through any battle and would make for them any sacrifice. There was in his voice the note of sincerity, of honesty and of unselfishness which people can quickly detect as genuine and not artificial. There was no affectation, no make-believe drama and no rabble-rousing of the sort to which we have grown accustomed. It was a voice of vigor and of leadership, revealing a man who would fight as hard for a people's cause in which he believed as he would for any gain for himself.

As stated in my former communication, I am one of the owners of the Sibley, Lindsay & Curr Co., which is the largest department store between New York and Chicago.

WHY I AM GLAD TO LIVE IN THE UNITED STATES

One living ideal gives voice to my gladness for the privilege of living in the United States. That ideal arises in my knowledge of the Plan which the Grand Architect of our Universe has for our planet and its humanity. As the wise architect makes a model of exact proportions of the building he is going to erect, so is the Grand Architect making the United States a model of that United Humanity which will make up a World Citizenship in a World Polity. I am glad to live in the United States because in this democracy Brotherhood is being born.

SUFFERING is that soul sublimating process that prepares the nervous system for the NEW LIGHT of the CHRIST in the AQUARIAN AGE.

1552 President Street,
Brooklyn, New York,
September 9th, 1940.

President Franklin D. Roosevelt,
Hyde Park, New York.

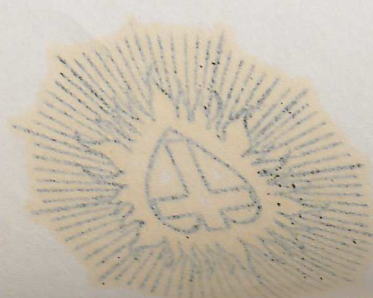

My dear Friend,

This word is to assure you of my whole-hearted support in your conduct of the concerns of America, and also those concerns in relation to the World. You, thank God, are World-conscious and Christ-conscious, and YOU are the only man capable and fit to administer this country in this time of terrific Destiny as one Age ends, the Piscean Age, and the New Aquarian Age looms, for be it known that you are an Aquarian, for your Sun is in that Constellation at birth, my Friend.

I wish to express my gratitude for your deft deal in transferring these destroyers to England in this critical juncture, in spite of the Enemies of America in many and high places, and these Enemies NOT "aliens"! I am glad to realise you as a Magnificent American, yet an American knowing his Christ origin, and working for the Weal of the World!

No other soul but yours is fit and meet to match the coming four years, and your years they shall be, my friend, for the destiny demands your humane insight of Soul - your world grasp and underground knowledge which is Foresight to deal with the Antichrist FCE which seeks destruction of the world of Spiritually Free Men born in Christ!

February 7th, 1939, I received a true Intuition that you would be re-elected to the Presidency, and you certainly will. Your horoscope, which indicates you to be a Uranian and Aquarian, and the STARS NEVER LIE, comports rightly and well with the horoscope of the United States, and you, my Friend, esteemed of the world of humanity, are the man most able and designed for the Work so Great. May God give you the Light and the Life to Guide the destinies of this Land conceived in Christ Freedom for Mankind! Yes, I KNOW that He will, and that yours is the WILL to bring Christ Victory to the world of Humanity! YOU will be returned to this Office you have so well held and maintained these past two terms, in spite of the Powers of Darkness. You, my friend, are NOT a terror to GOOD Works, but you are to those which are EVIL! The Christ Forces of LIGHT are with you, and you KNOW what best help to give, as you

CONFIDENTIAL

SECRETARY OF DEFENSE

have shown by the disposition of these destroyers, in your splendid progressive conduct in seeking to smash down evil hindrances and ossified forces. Take our Loving Living support and know that our complete soul forces work for your largest help to overcome the Enemy which knows how formidable YOU are.

I know the Evil fiends set against you, but they shall not prevail, because you are set and sent by Destiny to destroy the ancient Evil forces. Yours is the means and the mould of Soul to see the Whole, and that larger life of Mankind is yours to work and extend. This has been seen in your past years as you worked into those strongholds of reaction (Evil). This has been seen in your conduct which transcends mere party lines! This has been observed by your going out to all the common people, to the whole of Humanity, for be it noted that you are the only President who actually did not only something, but MUCH, for the common workers of America. The ordinary incumbent of this high Office before was never able to conceive that money was made for man and not man for money!

I pray that you still steadfastly face the Foe everywhere, but especially in your own Household, the United States, and resolutely through your soul sight and stout heart of Love, be not dismayed, but continue to deal as deftly as in the past with the sons of Iniquity and subtle craft, ever moving with power and poise to use those strokes of administrative action to forestall the Common Foe of Humanity!

I hope that this letter will come into your hands to be privately scrutinised so that your earthly men may know of my gratitude and also of my incessant help which is sent out to you to help you in your arduous task. Press on, my friend, in this greatest of campaigns the world has seen to destroy the free Christ Rights of human souls, for yours is the Great Work, and the Fire of Heaven stands within and back of your Soul. Continue to be a match for Evil and this innumerable company of Enemies. Watch, Pray, and Work, and we who stand for the inalienable God-given Rights of Man - we who live and die for these highest Gifts of God - shall destroy the darkness of the Devil, the Antichrist, which now seeks to wreck the planet, which is man's school for evolutionary development.

Be assured, my friend, of the nearness and beauty of the New Christ-Aquarian Age. Be assured that your work is effective against Enemy action, and that our hearts and souls are with you.

Yours

In Common Christ Cooperation and Friendship,

John Jocelyn

My dear Mr. President:

We take great pleasure in informing you that we have arranged to present to you, through the Agency, Dr. Felipe H. Arias, Argentine Ambassador in the United States, the first six volumes of a specially bound set of our new publication HISTORIA DE AMERICA, personally inscribed to you by the editor, Dr. Ricardo Lora. This work, which will be in fourteen volumes, was conceived and planned in Buenos Aires, Argentina, and we believe it is the most important work of this nature which has ever been published in Latin America.

HISTORIA DE AMERICA is a history of all the peoples and the Americas, written by the leading historians of the continent, and compiled and edited under the direction of Dr. Ricardo Lora, President of the National Academy of Argentine Letters, Professor of the Universities of Buenos Aires and La Plata, and

The aim of this publication is to tell the history of all the countries of "our area" (Mexico, Central America, the Caribbean, and the South American continent) in a single and complete work, written by the best of our writers throughout history. Through it, we hope to give our readers a complete and up-to-date knowledge of the history of this vast and important area. We take great pleasure in informing you that we have arranged to present to you, through His Excellency, Dr. Felipe Espil, Argentine Ambassador to the United States, the first six volumes of a specially bound set of our new publication HISTORIA DE AMERICA, personally inscribed to you by the editor, Dr. Ricardo Levene. This work, which will be in fourteen volumes, was entirely printed and bound in Buenos Aires, Argentina, and we believe it is the most important work of this nature which has ever been published in Latin-America.

HISTORIA DE AMERICA is a history of all the countries in the Americas, written by the leading historians of each country, and compiled and edited under the direction of Dr. Ricardo Levene, President of the National Academy of Argentine History, Professor of the Universities of Buenos Aires and La Plata, etc.

The aim of this publication is to tell the history of all the countries of "America" (North, South, and Central) from the earliest days to the present time, treating all these countries as a unit and bringing out the influence of each of them upon the others throughout history. Throughout, it has been the aim of the editors to handle all controversial points in a thoroughly impartial way, endeavoring to present each question from every point of view. It is our sincere hope that this set will be an important contribution to a better understanding among the Americas and will fill a need often expressed both in this country and in Latin-America for such a work.

We are particularly pleased to present this set to you, Mr. President, in view of the great contributions which you have made and are making to foster the fraternity of the American countries.

We have already informed the Coordinator of Commercial and Cultural Relations between the American Republics of the Council of National Defense, and the Cultural Relations Division of the State Department, of the publication of HISTORIA DE AMERICA and of our desire to be of assistance in any practical

way in cooperating with the very worth-while programs of those organizations, and we hope we may be of assistance to that end.

As future volumes of HISTORIA DE AMERICA come off the press we will take pleasure in seeing that they are added to the presentation set.

My dear Mr. Johnson:

Mr. Early has referred to me your letter of October 7, as I arrange all appointments for the President.

I wish we could arrange for you to present your little token to the President in person. However, we have a policy of long standing here at the White House of having the Appointment Secretary receive, on the President's behalf, all gifts. I will, therefore, be glad to receive from you either in person or by mail the gift which you state you have made, but will, of course, await your further advice.

May I assure you of the President's deep appreciation of your thoughtfulness.

Sincerely yours,

EDWIN M. WATSON

My dear Mr. Johnson:

Your recent letter, addressed to Mrs. Roosevelt, has been referred to me.

Please accept my apologies for the delay in writing you. In the almost unbelievable pressure of work here during the last few months, your letter of December fifteenth inadvertently became attached to your previous correspondence and was filed. I regret this unfortunate occurrence very much.

However, the picture of the President handsomely framed by you in red, white and blue thread was promptly received by the President. He is grateful for your generosity and your kindness in sending this picture to him.

With assurance of his appreciation, I

am

Very sincerely yours,

My dear Mrs. Roosevelt,

I am writing you in re-
ference to a letter I sent
to the president about six
or seven weeks ago. I wrote
to Mr. Roosevelt's Secretary
first and asked if he would
receive it, I received an
answer stating that he
would be glad to receive it
either in person or by mail.

I would like very much to know if it was received. It was a picture of the President that I framed by hand in red white and blue thread. I mailed the picture on Nov 27, Mrs. Roosevelt I would appreciate it very much if you would answer this letter right away and let me know if the picture was received and presented to Mr. Roosevelt. I will thank you now. I am closing and will anxiously await your answer.

I was unable to make the trip to present it in person so I sent it by mail. I sent a telegram behind it to let Mr. Watson know it was on the way. I insured the package but I am worried because I wrote Mr. Watson about two weeks ago and I have received no answer. I realize that Mr. Roosevelt and Mr. Watson have been busy with much more important things and may have overlooked my letter and the token but
