Dear Mr. President:

The 1936 Class of the Los Angeles  
County General Hospital School of Nursing,  
feels honored in having in the Year Book  
your picture and a copy of your letter  
of sympathy to our sick nurses.

Your letter encouraged these  
nurses very much and it may interest  
you to know that nineteen were unable  
to graduate with their class due to  
the loss of so much time. Most of them  
are still off duty, although slowly recovering  
their health.

We shall be very happy if  
you would accept our Year Book.

# The FORUM

570 LEXINGTON AVENUE, NEW YORK

May 26, 1936

Dear Mr. McIntyre,

The President asked me last week if there is a book describing the financing of Sweden during the past five years. As far as I know this material is covered adequately only in voluminous technical works in Swedish which of course could be translated and analysed by specialists.

Under special cover addressed to you however, I am sending the following literature:

SWEDEN: The Middle Way, by Marquis W. Childs.

This is a valuable, popular introduction to Swedish economics by an American journalist. It is especially helpful in its description of consumer coöperatives and government monopolies. It does not give much on the matter of the commodity dollar which probably would interest the President. The President, however, may find time to turn the pages and scan one or two of the chapters.

Mimeographed sheets of the most recent reports on Swedish Coöperatives.

Managed Money: The Experience of Sweden, by Erik T. H. Kjellstrom. This book is rather critical of the Swedish commodity dollar. It seems to be an attack on the favorable presentation of "Swedish Stabilization Experience" in Dr. Irving Fisher's book Stable Money, which, no doubt, the President has seen. Dr. Kjellstrom's information is now more than two years out of date.

A Test of Money Management, by Hans R. L. Cohnssen.

This brief, popular introduction to the Swedish commodity dollar reports favorably on the experience up to January of this year.

If I can be of help in securing any more material please call on me.

Sincerely yours

Mr. Marvin H. McIntyre

So, Mr. President, to show my feeling of gratitude in a rather personal manner, I have prepared this recording for you to give you an idea of the quality of my voice; I sincerely hope you will be pleased with it, and I trust you will enjoy the selections I have chosen.

training for voice for a period of one (1) year.

Through this training my voice has improved to such an extent that I am now eligible for a position on the Federal Music Project in Los Angeles, which, incidentally, is one of the greatest things that has happened to this country.

I have been working as an "A" rated singer in the A cappella choir on the project for six months. Again I must thank you; I am continuing my training and am looking forward to a career in concert work.

Besides singing I also compose music; but I am certain were it not that this country was blessed with such a great leader of humanity, who has injected a soul into government, such things as my ambitions could not be realized so easily.

Dear Mr. President:

Last fall I sent you a recording of

To express my deep appreciation to  
you, I made a recording of my voice (TENOR)  
and dedicated the record to you. The selections  
I sang were: "Ah! Love, But a day," and "Mottinatta"

I have never known whether or not you  
have heard the record. I should like to know,  
for I am very anxious to know what you  
think of my voice.

At present I am singing in the Los  
Angeles A cappella choir, under Hal Croin.

It is part of the Federal Music Project. Dr.  
Sokoloff has claimed it the best A cappella  
choir of the groups.

Mary Garden, the famous operatic Madonna,  
has recently taken an interest in my voice.  
So you can readily see how thankful I am  
for being trained through your recommendation.

Please inform me whether you have  
heard my voice. I realize it is asking

His Excellency,

My Dear President: I Am sending by Parcel Post one copy of my new book entitled "Money Riddle Solved" which I beg of you to accept as a token in appreciation of your untiring devotion to high and noble ideals in the cause of Humanity.

On three former occasions I mailed you some manuscripts in connection with this book, but I don't think they ever reached you for consideration. I hope to be more successful this time.

You will note that I put the solving of the money problem in an entirely new light. It has been customary for the Nations to relate in a legal manner that ever elusive thing called "VALUE" to their monetary units in the form of "actual intrinsic commodity value" - viz. gold and silver.

My plan of issuing money, is to relate "POTENTIAL VALUE" in the abstract to a "CREDIT MONETARY UNIT", viz. - "HUMAN ENERGY" in terms of "TIME" (man-power hours) - in other words, a "LABOR DOLLAR" instead of a gold, silver or other commodity dollar for the United States of America. This no doubt is a radical departure of a revolutionary nature, yet, there seems to be no other way of establishing a sound and stable dollar that will at all times be a "TRUE, SCIENTIFIC AND NATURAL MEASURE OF VALUE".

I want you to realize that my book is the result of a life-time's study and thinking on my part. Three score and ten years to get out such a small book seems rather odd, yet it is honestly and truly a fact of which I am not ashamed of.

I only hope that you will read carefully what I have to say, because after all I might have erred in some respects and then again I might have something worth while.

Trusting you will <sup>give</sup> this matter your earnest attention  
I remain, r

Respectfully Yours

Dear friend:

I am sending you under separate cover from our home town today a nice picture of you taken by Mr. Otho Hartley the photographer here in Deer Lodge Montana, at the time you spoke here previous to the election.

Kitty and I think that it is splendid and I am going to send one also to Elliott and we haven't forgotten the time he took us into Mexico on that trip. I also enclose one of ourselves. *not enclosed*

We campaigned the state of Montana last season with James E. Murray, now Senator and composed and sang songs about he and also Senator Wheeler who are our dear friends. I am working much for you as Kitty and I in our lives are contacting many people where we sing our cowboy songs and tell stories of the west to gatherings of all classes of people at the Rodeos and resorts and dude ranches here and all over the west, spending the winters in Arizona and Texas and California.

I met Elliott the last time while we were in Fort Worth. I know that you would love our real cowboy songs and stories and your former invitation to us to sing in Washington I hope to be able to do. Please accept our love and regards, and to Mrs. Roosevelt.

Sincerely,

Powder River Jack and Kitty Lee

*Powder River Jack and Kitty Lee*

The Murray song-  
(by Powder River Jack Lee, sing to tune, Marching thru Georgia.)

Vote for Jas. E. Murray, if you're going to vote at all  
He is for Montana, can't you hear your country call  
We need him bad in Washington, and how that isn't all  
He will protect you from disaster.

Cho. Hurrah, hooray, he wired to Washington  
The President responded that his wishes would be done  
And over all Montana now the waters will be run  
So VOTE, vote, vote for Jimmy Murray.

Jas. Murray is the workers friend, he's sloyal kind and true  
And when it comes election day it means so much to you,  
And you will all be for him when you find out what he'll do  
So Vote, vote, vote for James E. Murray.

Cho. Hurrah, hooray, wherever you may be,  
You can bet he's getting two votes from Jack and Kitty Lee  
The same for Franklin Roosevelt, he's set this nation free  
So vote vote vote for Jimmie Murray.

The Wheeler song, by Powder River Jack Lee  
Sing with glee to the tune of, Yankee Doodle.

When Burton Wheeler told his plan of silver remonitization  
The people knew his aim was true, he woke up all this nation,  
Now Powder River Kitty Lee is never in a hurry,  
She knows that you will get the votes as well as Jimmie Murray.

Cho. Burton Wheeler keep it up, for we all like your manner,  
Every woman, man and child is for you in Montana!

The PRESIDENT of the UNITED STATES  
The White House, Washington D C

My dear Mr President :-

We of the Los Angeles Buddhist Women's  
Organization wish to send this little token to you as a  
message of good-will.

The basis of our teaching of Buddhism  
is gratefulness for all things. We are grateful to this  
wonderful Nation and its leaders. We as mothers of young  
American citizens of Japanese ancestry wish to express thru  
you our sincere gratitude and appreciation for what our child-  
ren are receiving thru your and their government. We teach  
them to be good Buddhists always and in so living, to be  
aware of their great obligation of being honourable Americans.

The flower pot is composed of pine, bamboo  
and plum. This group of plants are used for ceremonial purposes  
and express long life, happiness and success.

The pine is green the year round, express-  
ing vitality; the bamboo symbolizes faithfulness and obedience;  
the plum exhibits hardiness of spirit, being the first to bloom,  
even while snow may be seen upon the ground and besides which  
it possess great medicinal properties.

It was our happy privilege to make these  
flowers ourselves and we offer them to you respectfully with the  
hope that you will accept them and our good thoughts carrying  
an abundance of good fortune and success for you and yours.

Most respectfully yours,

My dear Mr. Loichinger:

Permit me, in the absence of the President, to acknowledge your friendly letter of October ninth and to thank you in his behalf for your thoughtfulness in sending him your drawing. I can assure you that he will more than appreciate your generous words of commendation and your good will.

Very sincerely yours,

My Dear Friend President <sup>ahed</sup> 10/17/36  
Roosevelt we all hope you will be  
our next President again because you  
did so much for our conturey and I  
also hope you will like my picture  
that I have drawn of you. It don't look  
so good because I never took up  
drawing oncound of I had no money  
and am sick. I am 28 years old  
but this I learned by my self  
some say it don't look like Roosevelt  
But I think it is our President  
that works hard for our conturey

Hon. Franklin D. Roosevelt,  
President of the United States.

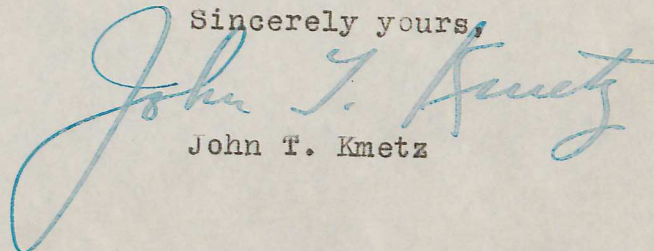

My dear Mr. President:

The occasion of your visit to the Wilkes-Barre area affords us a rare and coveted honor. The honor of your distinguished visit is happily co-incidental with a day that is dedicated to one who championed the cause of Anthracite Labor; to one whose memory is enshrined in the heart of Anthracite Labor, the revered John Mitchell.

As president of the Non-Partisan League of Luzerne County, and as a loyal and ardent advocate of Anthracite Labor interests, I wish to personally assure you that this floral mule is not only symbolic of Anthracite Labor, but is also a novel and sincere expression of our allegiance and adherence to your cause.

I wish to personally extend my best wishes and trust that your re-election to the Presidency will be even greater than your victory of four years ago.

Sincerely yours,

  
John T. Kmetz
