Dear Mr President and Mrs Roosevelt:

Last year when your Campaign Special stopped in La Junta, we put on a crate of Honey Dew Melons for you. This locality is noted for ~~its Melons of this type~~, but due to the fact that it was very late in the season, we had no Cantaloupe left to give you.

So this year we are taking the liberty of Expressing you a crate of an entirely new type of Melon by last nights Express. These are a cross between a Honey Dew and a Cantaloupe. This is the first year for a crop to materialize, and the entire crop is contracted for by a large shipping concern. We were able to secure one of the first crates for you from the Grower, a Japanese friend of ours, and are in hope that you will enjoy them, as much as we are enjoying sending them to you.

Wishing you all the Health and Luck possible, We are Sincerely,

Mr and Mrs Rolland E Levers.

Sir: We take pleasure in sending you a complimentary copy of a book by a man long known to aviation and to aviation medicine. FLYING VISTAS: The Human Being As Seen Through the Eyes of the Flight Surgeon is by Dr. Isaac H. Jones, one of the world's first pioneers in aviation medicine.

In FLYING VISTAS Dr. Jones has written on a subject of interest to everyone--the functioning of our own bodies and minds. Using the air pilot as an especially fine specimen, Dr. Jones gives first hand, authoritative information on a subject about which most people--pilots included--are abysmally ignorant.

Franklin Delano Roosevelt, President
The Executive Mansion
Washington, D.C.

Sir:

I have the honor of sending to Your Excellency, under separate cover, a copy of my book "GREAT SERMONS ON WORLD PEACE," just off the press. I am aware that Your Excellency is now absent from the Executive Mansion, but hope that the book will be brought to your attention soon after your return.

Great Sermons On World Peace is a compilation of the most famous sermons and quotations on the subject of world peace, a subject in which I believe that Your Excellency is deeply interested. If you can find time to read the book, I trust that you will find in it many helpful suggestions concerning methods of bringing about the world peace which you very much desire.

In the book are to be found quotations from the speeches of Your Excellency, on Pages 77, 178, 182 (two quotations), 185 (two quotations), 187-188, and 189. I trust that these quotations are accurate.

I have sent a copy of the book to your Secretary of State, the Honorable Cordell Hull, hoping that it may be of some help to him in performing the duties of his office.

Very sincerely,

James Gilchrist Lawson

JAMES GILCHRIST LAWSON

Author, Editor, and Anthologist

A Brief Biography Compiled from "Who's Who in America," "Who's Who Among North American Authors," and "Who's Who in Chicago."

James Gilchrist Lawson, editor, author and anthologist, was born in Cleveland, Tennessee, September 10, 1874. His father, James J. Lawson, and mother, Margaret (Logan) Lawson, were of Scottish descent. He was educated in the public schools of Tennessee and California and in the Southern California College of the University of Chicago (Los Angeles).

For some years Mr. Lawson traveled as a lay evangelist in the United States and the British Isles. He was in London, England, from 1903 to 1908 as a special correspondent for the Christian Herald and other leading British religious papers. In 1908 he returned to the United States; and from 1909 to 1924 he was manager of the Glad Tidings Publishing Co., in Chicago. He was also manager of the Family Altar League from 1909 to 1915, and was one of the editors of the Family Altar Magazine. He was Editor for the Church Publishing House, Chicago, from 1925 to 1932. For some years he was on the Advisory Council of the International Reform Bureau and also on the Council of the Illinois Anti-Saloon League. He was a Vice-President and Treasurer of the International Purity Association for years. He married Camilla Martens, Nov. 14, 1914. He organized and became Secretary of the World Peace Union in 1932.

Mr. Lawson is author or compiler of the following books: Best Methods of Bible Marking, 1899; The Christian Worker's Testament, 1902; Deeper Experiences of Famous Christians, 1911; Proofs of the Life Hereafter, 1912; World-Wide Reforms, 1913; The Precious Promise Testament, 1913; Did Jesus Command Immersion? 1915; The Precious Promise Bible, 1915; Greatest Thoughts about the Bible 1918; Greatest Thoughts about Jesus Christ, 1919; Greatest Thoughts about God, 1920; Daily Manna, 1921; The World's Best Humorous Anecdotes, 1921; Cyclopaedia of Religious Anecdotes, 1923; The World's Best Epigrams, 1924; The World's Best Riddles, 1924; Bible Quotation Puzzles, 1924; The World's Best Proverbs and Maxims, 1926; The World's Best Loved Poems, 1927; The Marked Bible, 1928; The World's Best Religious Quotations, 1930; That Reminds Me—, 1932. Mr. Lawson was joint author of: Everybody's Recipe Book, 1915; The Bible Students Guide, 1917; Helpful Prayers, 1917. He was also author of the Old Testament markings in the International Red Letter Bible, 1903.

Mr. Lawson is a Baptist, but he has been engaged in interdenominational Christian work during most of his life.

The President,

Washington, D. C.

My dear Mr. President:

The Indian people of this agency had looked forward in great anticipation to your recent visit to the Olympic Peninsula and they, with the other citizens of this section, were very much pleased that you included the trip in your itinerary.

Two of our Quileute Indians, Mr. and Mrs. Robert E. Lee, fifty-nine and sixty years of age, respectively, of the Queets Indian Village, Washington, had prepared gifts for you and were greatly disappointed that they were unable to get down to Lake Quinalt to have them presented to you. However, they have requested that the agency forward the articles to you.

The little Indian canoe, made by Mr. Lee, is of alder wood, and the basket, made by Julia Lee, his wife, is of native cedar bark and squaw or mountain grass. We are sending them by parcel post today.

These fine, old Indian people would feel highly honored to receive acknowledgment of their gifts from you. Their mailing address is Route 1, Hoquiam, Washington.

Most respectfully,

If you recall my name at all (Louise Lazell) it is perhaps because I own the Snowden setters and have for fivelong years been trying to give you a pair to replace the pup you lost. And Mrs Roosevelt has quietly but firmly vetoed the acquisition of any Snowdens until you "retire and have time for them". I only hope that I can keep the breed going that long!

Meanwhile she does let me send her book reviews from time to time, and today I am sending her a book "Goliath" by Borghese (Mussolini and Fascism given splendidly with a long historic background, and will all present day implications) that you may like to see too.

At the same time I am sending you this other book, "The Great Admiral" by one of our Federal Writers' Project editors, that I am sure that you will enjoy if you have not already read it. The author joins me in sending you all good wishes for a happy Thanksgiving

Most sincerely yours

Dear Mr President;

Regret to have learned that you have been confined suffering with a gum condition, according to the report given thru the Press, but do hope your condition will speedially eliminate itself.

I have taken the liberty of forwarding a small bottle of lotion, registered in U S Patent office Trade named Healault, formulated by Mr Octave J Therriault Cohoes N.Y also registered with the Board of Health of New York City

Dr F.S. Bigelow of Skowhegan Maine has informed me that he has found in applying on his patient that have infections these cases have quickly responded, to the treatment with Healault, being Antiseptic and a healing medium, which penetrates into the Cause, and creates relief and a possible cure.

It is not my intend to interfere with the Medical Proffession but knowing as we do of its great value, and that it will help you Mr President, there may be a question wether your Dentist or Dr Ross McIntre or Lt Arthur H Yando may persuade you not to use it, on account of our not being sponsered by the A.M.A it being impossible for us to get to the Suffering public if the Ass sanction its approval to the Members of the Medical Proffesio

Healault should be applied full strenght, Perchance that the Ideal Perfecta Heating blanket fails to function at any time, also the one at Warm Springs, will gladly replace same at your call.

For a Speedy recovery is my wish, that you and yours shall enjoy, a Happy Thanksgiving

My dear Mr. Lamy:

Your letter of December sixth to the President has been received. He asks me to advise you that while he is most appreciative of the friendly motive which prompted your desire to present to him one of your self-winding clock movements, he cannot avail himself of your offer as he has no clock of the kind you mention.

The President requests me to thank you, too, for your cordial Christmas greetings.

Dear Mr. Roosevelt;-

*No clock
M.H. U*

It would be a great honor to me if you would accept for a Christmas present, one of my high grade self-winding movement, which you can have in one of your antique and expensive clock. Perhaps one of your clock might not give you satisfaction and its mechanism too old to be repaired, so I shall be very glad to install one of mine in your clock free of charge, just to show my gratitude for your excellent way of guiding our country through this unrest world.

I know that your enemies are trying to find fault with your administration, but the faith of real Americans know better, and will stick by you right or wrong.

I have tried before to give you a clock but you could not accept, but now I think it is different when you can have your own cabinet to place this beautiful movement, no winding for 18 months. Few of the very prominent rich families of Boston and Brookline Mass, are now owners of these clocks installed in their old banjo clocks.

Kindly accept my sincere sentiments,

THE HELVETIAN

The World's Finest, Smartest
Self-Winding Master Clock

Description

The Helvetian Electric Clock is fitted with a 15 jewel, Hard Ruby, movement, made of the finest steel with anti-magnetic balance and a nickel compensating hairspring, thus ensuring accurate time-keeping.

Operation

The Helvetian is operated either by a small battery of 4.5 volts, fitted in the case or from house electric current, either A. C. - D. C., 110-220 volts. Battery lasts 18 months. Cost for such battery is 25 cents or less than 3 cents per year from the house electric current. The movement is wound periodically by electricity, accurate time-keeping being thus ensured.

Strength.

The construction is both strong and distinctive appearance. The cases are tightly closed, and each movement is protected inside by a dust-proof cover which reduces to a minimum and trouble arising from dust, damp, fumes, etc.

Advantages

Winding, always a nuisance, is done away with, no electrical installation is necessary. The Helvetian can be placed or fitted anywhere, without expense, it fits any cabinet, antique and modern no matter how old your clock cabinet is, or size or dial.

Duration of Service

The Helvetian will not need attention for ten years, and has the capacity of 75 years of service, if never tampered with. The first cost is the only cost for ten years except the battery clock, which costs 25 cents every 18 months. When main current stops the clock will run another 5 minutes before stopping and then starts again automatically. Fourteen Karats gold and silver contacts are parts used also in the clock.

Position

The Helvetian will run in any position no matter where the pendulum is. It fits any dial from 2 inches to 24 inches. It has 27 positions. The Helvetian movements are also made for Automobiles, Planes, Ships, and all kinds of transportation. Buy a Helvetian so you can have the observatory official time at all times.

This movement shall be a real friend to you if you take good care of it. It will render you not only pride of possession but the service required only by an high precision time-keeper. It is the only movement that fits anywhere in any case or dials. Don't throw away your old clock if you like the case, replace its mechanism with an Helvetian; then you have the pleasure of having your antique clock as well as the official time in your home.

Price

Single movement, 15 jewel red ruby, nickel hairspring, the very best, \$20.00 with battery—4.5 volts.

For 110-220 volts A.C.-D.C. (no cycles needed with this movement) \$25.00.

Dear Mrs. Roosevelt:

Yesterday morning I mailed to our good President a black leather billfold which I made in school. I drew the designs. It is all hand made. I like this kind of work very much.

I am a little country boy 14 years old and this is my second year in Grafton High School.

Daddy has been a laborer on the Tygart River Dam and won't have but a few

more days work, as it is almost completed. He is a Vet. of the World War and 43 years old, and can't get work at factories or on many other public works because they have cut the age limit to 35 or 40 years old.

When I read about the Tygart Valley Homestead I wonder if Daddy could get a job that would be permanent then he could buy us a home, and I wouldn't have to worry about how I would finish getting my education.

My dear Mr. Lyman:

The President wishes me to send you
just a note of thanks for your kind greetings
and to say that he deeply appreciates your
courtesy in sending him the inscribed copy of
your book of poems. 4616

Very sincerely yours,

My dear Mr. Leonard:

The President thanks you ever so much
for that prize beef. He wants you to know that
he deeply appreciates your friendly thought in
sending it to him and has asked me to convey his
very best wishes to you for the coming year.

Very sincerely yours,
