The President
Washington
D. C.

Sir: We take pleasure in sending you under separate cover a copy of THE EXQUISITE SIREN by E. Irvine Haines which we are publishing January 27th. This novel is based on a new and authentic interpretation of the events leading up to Benedict Arnold's treason at West Point. The author has spent a good many years in research and if his interpretation of events is correct, some of our American history books are going to have to be changed.

If you like the book I hope you will write and let me know about it.

Hon. Franklin D. Roosevelt,
The White House,
Washington, D.C.

Dear Mr. Roosevelt:

It has taken seven attempts in three years to make contact with you relative to a proposed present which I have tried to offer you.

But it would seem that the affairs of state in these trying times have necessitated the neglect of my past communications with you.

I realize that you are a very very busy man, and, therefore would little liable to find the time to answer anything written by one as humble as myself.

My great, great, great, great, grandfather, Col. John Lasher, of Revolutionary days was once associated with one of your forebearers in the earlier services of this country.

The present which I have to offer you, this time will be the last, is a bottle of Penican, part of an original portion which the late Admiral Peary took with him on his trip to the North Pole. He gave the small bottle of same which I now have to my great Uncle, the late Walter McLean, Rear Admiral, U.S.N. I know nothing concerning any other "samples" of this food being available today. But you can take my word for it that it is genuine.

If you would like to have this interesting specimen for you collection of Naval relics, be kind enough to advise the best manner in which to send it. I have heard of gifts to yourself being destroyed because the packages looked "suspicious". Now Sir, if time will allow you, I would appreciate hearing from you, even if ever so short, personally.

Believe me Sir,

Respectfully yours,

Mr. Franklin D. Roosevelt
President Of The United States

Dear Mr. President,

I hardly know how to begin this letter to you. I am a fifteen year old high school boy, of New York City.

I attend Townsend Harris Hall High School, and St. Lukes Episcopal Church. I have been going to the latter since the age of three.

I enclose, sir, two clippings, one concerning a butterfly collection I exhibited last year, and one from an English newspaper. You see I carry on a rather large foreign correspondence. Through it, I have been made the only American member of a boys club in Bradford, England. Knowing your keen interest in the youth of our nation, I thought you might like to know what one boy is doing in the direction of making international friendships. I also write regularly to a minister in British Honduras, who is carrying on some good work.

I am taking the liberty of sending three small gifts. One for your dear Mother, one for Mrs. Roosevelt (whose column I read each day in the newspaper), and one to convey my best Christmas greetings to you.

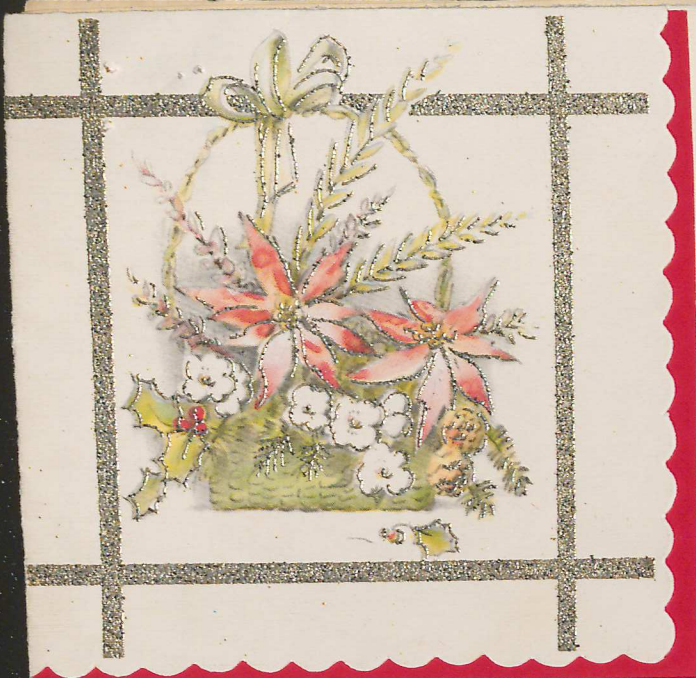

If, Mr. Roosevelt, I could have your autograph, and perhaps those of your Mother and Wife, it would be one Christmas present that I would never forget.

Thank you, and God bless you all.

Respectfully yours ,

William

In Memoriam

On December 4th, 1937, Alexander Moore entered the eternal life being sixty-three years of age.

Thirteen years ago Mr. Moore first began to attend St. Luke's Church having become interested through the Service of Spiritual Healing. He became a most regular attendant and two years later was elected to the Vestry. Six years ago he was elected to the office of Parish Treasurer and has been re-elected every year since. Before coming to St. Luke's Mr. Moore had been long associated with The Ascension Memorial Church where he was for years a Vestryman.

He was a man with outstanding characteristics. Among these was his absolute dependability. He was ever willing to shoulder more than his share of the duties of a Vestryman. And whatever he undertook to do, or to have done, was always completed to the utmost of his ability.

The financing of the parish was ever in his mind. The six years of his treasurership were depression years, yet he always had faith and hope that St. Luke's would come through in safety.

He was a most generous contributor to every parish activity. He had a standing offer to provide uniforms for any Boy Scouts who could not afford them. Herein is seen his attitude to every worthy cause.

His devotion to Masonry was conspicuous. He was Past Commander of York Commandery No. 55, K. T., and Past Master of Park Lodge, No. 516, F. & A. M.

On December 7th, his Church, his Commandery, and his Lodge united to pray for him and honor him in the presence of a large gathering of his brethren.

To his wife and family we extend our deep sympathy.

"May he rest in peace and may
light perpetual shine upon him."

How Great Is Our Faith?

We read daily of Christians abroad who are arrested and imprisoned for daring to proclaim their loyalty to the Church.

The Church is an organization founded on the life and teaching of Our Lord. Its purpose is to keep his memory in the minds of men and women and children; His spirit in their hearts; His way of life as their guide in daily living.

Certain States abroad say, "No. You must live the kind of life I command. You must give the State the first place in your mind and heart."

And the Church, being thus threatened, the people come in crowds to the Services to show their allegiance.

What crowds would attend our Services if some outside foe threatened the existence of the Church.

There is a foe within—our only foe. Many a parish is threatened to-day because its members find excuses for staying away from its Services.

If a foe from without threatened how quickly all the members would appear. Surely our faith is sufficient to stir us up now to attend out of love and appreciation of the blessings of freedom which are ours.

Christmas Eve Midnight Service

This is one of the most beautiful services to be found in any church; near midnight, the sanctuary circled with lighted candles, the choir invisible singing carols, the Christmas Star above the Altar, the Choral Holy Communion. Do make this known. A few families invite friends to their homes for the purpose of bringing them to this Service. We urge many others to do likewise.

Eleven New Subscribers

Dear Parishioner:

I am sure you will be interested to know how St. Luke's can remain self-supporting and cease having a deficit of \$1500.00 per year.

I called attention for the past few Sundays to the number of parishioners who pledge to contribute weekly and the amounts pledged, as given below.

It was a revelation to our parishioners to learn from the figures given below that the \$41.20 contributed to the support of our parish means only ten cents a week for every adult member of St. Luke's.

Pledges and Amounts for 1937 for Parish Support		
Amount pledged per week	Number of pledges	Gross amount per week
.05	1	.05
.10	29	2.90
.15	9	1.35
.20	6	1.20
.25	41	9.25
.30	2	.60
.35	2	.70
.40	1	.40
.50	18	9.00
.75	5	3.75
1.00	8	8.00
2.00	2	4.00
	124	\$41.20

It is now a month since a record of pledges was first published. Eleven members have been moved by our pleas to use the envelopes for their contributions. Won't you take a package of envelopes to-day?

Our aim is to have every member, gainfully employed, use the Duplex Envelopes for their offerings.

We supply a package of envelopes dated for every Sunday in the year. If you will use this method you will assure the support of your parish. Please consider this prayerfully.

Faithfully,

Your Rector

My dear Mr. President:

It is with a great deal of pleasure
that I mail to you under separate cover a copy of "The ABC
of Municipal Bonds".

The book has received fine criticism,
and you, as the chief executive, have a continuing interest
in the vital subject discussed.

A greater knowledge of municipal bonds
will tend to a lesser number of disgruntled taxpayers and a
greater number of protected investors.

Some number of years ago, as Governor
of the State of New York, you started a campaign for a
consolidation of political units. It would appear that the
greatest single source of municipal economy can be effected
through consolidations.

I hope you find enjoyment in this book,
and offer my services to cooperate with you in any way.

Dear Mr. President, *dollar detached from letter for the*

You will find enclosed one dollar (\$1.00) for which please add *fund.* to your Warm Springs Drive. As I am on a W.P.A. project that you have made possible. And I think we should give more than just a dime.

I don't know whether or not any one has thanked you for what you have done for us. But I as one want to thank you personally for myself and tell you something of what the project is doing.

As I am working in the Los Angeles County General Hospital, I know more how to appreciate your effort to help the unfortunate back to health.

Our project is call the Recreational Therapy project No. C-6092. Our supervisor is Mr. R. E. Robinson. We do not work with the "Active Polio" (as we do not have the protection) but we do with the non-active and all other cases.

Enclosed also is a book marker as a sample of some of the work we do. We teach them how to make useful things as well as keeping their minds busy while their bodies are being cured. We study each individual case and give him or her what they need most and can do.

As you can see this book marker is just a secession of knots it will help to relax those tired and sick muscles in the hands and arms.

There are twenty girls on this project, all over twenty-five years of age. And two that work for the County who before the W.P.A. did this work only for the children. Thanks to you now the adults are taken care of too. The project is almost self-supporting as to materials. But there are a few fine women whom donate money for materials and then of course some other occasionally giver of things that might be on hand.

The reason I said selfsupporting, we give the patient enough materials to make two articles he gives us one back to sell and he keeps one. But of course we (the girls on the project) receive our salaries from the W.P.A.

So I say thanks to you "THE BEST PRESEDENT" these United States ever had.

If you could spare the time to answer my letter I would more than appreciate it.

Very truly yours,

I have this line made up in the East for me and
it is then shipped out here to California. I proceed to

polishing. I then put it back on its original spools and
test same for number of pounds for strength. You will
note that each box is stamped with the poundage it will

I sincerely hope you will find as much pleasure in

Dear Mr President:-

I am enclosing herewith a pipe and case which I made by hand. I am sending it to you with my compliments and I hope you will accept it as a token of respect and admiration from one of your subjects who realizes and appreciates the fact that we have in you a President with a heart full of sympathy for the toiling masses of humanity: one who has fought and is fighting the greatest battles that have ever been fought for the common people.

In my opinion your administration has been the greatest the American people have ever had. You have been fighting against the special privileged classes with telling effect, breaking their desperate hold on the government and people. I hope you will keep this pipe and use it until you have smoked all of the enemies of good government out of power.

Sincerely your friend,

Dear Mr President,

Some WPA research workers came upon a picture in the Smithsonian recently that I thought might interest you, so I had a copy made and am sending it to you herewith.

There is a double interest attaching to it. First, it is one of the earliest, if not the earliest examples of panorama photography by a process just after the true daguerreotype, on metal plates, some ten or more years before the Civil War pictures. Then it shows perhaps the greatest array of ships of all kinds taken at one time, with not a sailor on board, as they had all rounded the Horn carrying adventurers to the Gold Rush of 49 and the early fifties. Even the sailors joined the rush and the ships rotted in San Francisco harbor for lack of crews to man them. If you have not seen this (and they say no reproductions have been known to be made) you may find details in the picture of interest to you because of the age and variety of the ships.

Anyway, it goes to you with the good wishes of Mrs Kellock of the Federal Writers' Project, who unearthed it, and of myself,

Yours very truly

This firm has been the leader among the manufacturers and exporters of Manila cigars sent to the United States for the past five years, because according to the authoritative information said firm exports an average of 65 to 70% total of all the cigars exported to the United States. So you can see Mr. President that it is an American firm that is doing the bulk of the Philippine cigar business in the U. S.

I hope that you and your friends shall enjoy smoking until the last puff and remember that they are Manila cigars, the pride of the Philippines.

Best regards to all of you and wishing you excellent health.

Very sincerely yours,

Your letter of recent date has been received and I want to thank you, in the President's behalf, for your kind thought in sending him your drawing and for the friendly spirit in which you write.

I am very sorry that it is not possible to meet your wishes. Requests for the President's signature and photographs have become so numerous that it simply is impossible for him to comply with them. I am sure that you will understand.

Very sincerely yours,

Dear President Roosevelt,

For days our son
Ralph tried to compose a letter
to you but finally gave it up
saying he guessed he had bitten
off more than he could chew.

Four years ago I took him to
Rochester Minnesota to the
Mayo Clinic there. There they
pronounced his malady De-
mentia Praecox, which is a
progressive form of insanity.
Not giving up but not know-
ing what to do it ran on for
six months more when he
came home and collapsed.
I won't go into detail but
after a few weeks more

I got in touch with a Christian Science Practitioner who assured us that "All things are possible with God" and began giving him treatments. I could tell the difference the day she began. Now he, Ralph, has perfect physical control and has improved very much mentally. He is so grateful for Christian Science that he is anxious to spread the good news to all. His name that seemed to be the promotion of peace on earth. He asked me to suggest to you, the forming a peace department in the Cabinet. Later he came with a request to tell you there was no need for a President to wear himself out so he would pass on soon after leaving the office.

He also wished me to assure you of our loyal support and that we realized you were doing all in your power to help as many as possible.

It is Ralph and not I who is sending you the copy of Science and Health, with key to the Scriptures by Mary Baker Eddy but I am knowing that the dear Father of all who put it into his heart will also guide some one to read it, whom it will benefit.

I am a member of the Christian Science Church and find that

and find Christian Science
applicable to all my prob-
lems.

Ralph that once of writing
to Mrs Roosevelt as equally
interested but not quite
so intent on affairs of the
nation.

May God guide and
keep you always in His
loving care.

Most Sincerely
Mrs Andrew Deland
