New York Post Office, Some Early "Steamship" Markings, by Stanley B. Ashbrook
The "Southn, Letter Unpaid" Marking of Louisville, Ky. June and July 1861, by Lawrence L. Shenfield
Preliminary Report on the Survey on Condition
Airmail Stamps At Auction, An Analysis of American and English Prices Realized During the Past Year
What Chance Has the Mail Bidder at a Stamp Auction and Other Pertinent Data

Articles in Issues to Come . . . .

Many of the following articles are in the third issue:

The United States 12c-24c-30c and 90c "Imperforates of 1860" by Stanley B. Ashbrook
The Postal History of the United States, by Seymour Dunbar
An Analysis of the J. C. Morgenthau Sales 1902-1929, by Charles J. Phillips
Pages Artistically Mounted. Pages from Actual Collections.
Varieties Difficult to Distinguish, by Edwin Mueller
Guam: Its History and Postage Stamps, by Howard F. Bowker
Constitution Stamps, by C. N. Downs
Pioneer Airmails from the Serphos Historic Collection, by Eric Hildesheim
Additional Notes on the U. S. 5c of 1847, by Stanley B. Ashbrook. Our greatest student of U. S. stamps has made some additional discoveries in our first stamp that will make it more popular than ever.
Poland No. 1, by Stephen G. Rich and Vincent Domanski, Jr.
The Penny Black, by Lou W. Kreicker
Further reports on the Survey on Condition.

No more copies of Part 1 of THE STAMP SPECIALIST are available.

A few more comments from our subscribers.

The following are just a few of the extracts from many letters received from subscribers since the first issue appeared. We let them speak for themselves:

May I congratulate you on the first issue. It is beautifully gotten up, and the first issue is worth the price of admission.
—HOWARD VERBECK

You are to be congratulated on this very attractive new production and I am enclosing herewith check for $3.50 U. S. funds, to continue my subscription for one year. —R. B. C. NOORDUYN

Now for a word about the STAMP SPECIALIST. It is an exceptionally fine addition to one's Philatelic Library as the articles it contains are well worthy of preservation. It is a publication that should receive universal support and I am confident it will be well received by all philatelists. —JOHN JOHNSON

Allow me to congratulate you on the quality of the number. Enclosed is my check for balance of Volume I. I really think you have "got something." —ABBOTT B. CRAGIN

A publication every serious Philatelist MUST have.—L. B. GATCHELL

I have received the No. 1 copy of the STAMP SPECIALIST and want to congratulate you on your new publication. It is extremely well prepared, full of interesting material for all varieties of collectors of stamps and its binding in book form makes it a very convenient and appropriate addition to anyone's library. I do not want to miss any copies. —J. L. TRENTMAN

May I congratulate you on the excellence of the first issue. I don't believe you can keep up the pace, but accustomed to your publications, somehow I think you will not only keep up to the standard thus set but exceed it time and again. —EDWIN A. WOLF

You must see THE STAMP SPECIALIST to appreciate its real value.

H. L. LINDQUIST
PUBLICATIONS
2 WEST 46TH STREET NEW YORK, N.Y.

Dear Subscriber:

Now that the 1940's are here . . . .

While 1940 does not technically start the new decade, there is still a mental reaction to the changing of the 30's to the 40's and most of us are looking hopefully forward to one of the most interesting and important decades in our lives . . . .

The present year starts off with worldwide upheavals, wars, economic problems and many other things to keep us on the anxious seat, so that more than ever we need a hobby as a balance wheel to keep us normal.

Competent authorities have stated that a hobby will add 5 to 7 years to any busy man's life, and this is due to the fact that it enables one, after a disturbing day, to relax in mind and body and enjoy a night's rest as a consequence.

STAMPS wants to be of the utmost value to its readers during these disturbing times, and so we again wish to check up and learn just what departments interest you and what features you would like to see added to the magazine.

At the same time, we would like to know more about your specialties, so that we can secure articles on the subjects that will appeal to the greatest number.

If you will take a few minutes to fill out the attached questionnaire and send it back to us, you will not only be doing us a favor but you will make it possible for us to present editorial material that will be of the most interest.

* * * * *

No other hobby depends so much on its literature as does stamp collecting. It is almost impossible to form an interesting collection without having some guide, and the stamp publications are the best source for this material.

The fact that you are a subscriber to STAMPS means that you have the basis of a good library, and we hope that you are retaining your copies for this purpose. You can have them bound at a cost of $1.50 per volume if you return your unbound numbers. A substantial number of STAMPS subscribers become BOOSTERS by sending in $5.00 for five years. Each BOOSTER receives a beautiful etching and a membership card which entitles him to special privileges and discounts from time to time.

* * * * *

THE STAMP SPECIALIST, which we recently brought out, also has been

Phone: MEdallion 3-3715 Cable Address: LINDPUBS

received with instant favor. This contains important and exhaustive articles on various interesting topics, all lavishly illustrated in a manner that has never before been attempted.

Each issue is substantially bound in boards, and we are sure that each one will be a collector's item in the future.

We have already told you about this magazine through the columns of our publication, but we don't want you to overlook it. Read the advertisements that appear from time to time and be sure that you get at least the numbers that have articles of particular appeal to you. Each issue sells for $1.50, but you can secure the next three issues to be published during the present season for $3.75, if ordered in advance.

* * * * *

We also want to remind you that we publish a number of very interesting books for stamp collectors and have a special list that is available upon request. For any collector forming a library, we are very glad to work out combination offers that enable you to buy these books at a very attractive price.

* * * * *

Also remember that through the Associated Etchers we get out some very splendid etchings of particular interest to stamp collectors, as well as a full line of Christmas greeting cards.

* * * * *

If there is any way that we can be of greater service to you we want to do it, so your suggestions will be very welcome. We sincerely hope that STAMPS will be more valuable than ever to you during the coming year.

Sincerely yours,

H. L. Lindquist

Publisher

TO MAKE STAMPS OF GREATER INTEREST

We want to know which of our regular departments you find most interesting and enjoyable; which you like least; and any new features or departments you would suggest. So we are listing all of our regular departments and features and would like to have you check those you particularly like; and draw a line through those you do not favor.

Honorable. Franklin D. Roosevelt.
President of the united states.
White House.
Washington. D. C.
Dear Sir:
Please accept this little gift as a token of friendship. I made this billfold in my home especially for you. I get a great deal of pleasure from giving presents to my friends and neighbors and you are my friend and president and I surely appreciate the many things which you have done to help the common people of our country.
It was good news to my wife and I when we were sure of your election for the third term as we felt that you were the best qualified man in the united states for the presidency in this national emergency.
I have always admired you for your ability to succeed in life despite the misfortune which the infantile paralysis caused you.

I also had the same misfortune when I was a small child and I still walk with a limp.

Please accept my thanks for your sincere efforts to make this a better country for the people to live in and I assure you of my whole hearted support and my best wishes for you and yours a merry Christmas and a happy prosperous new yeas.

Sincerely yours.

His Excellency,
The President of the United States.
Washington. D.C.

Dear Mr. President,

I hardly know how to excuse this presumptuousness on my part.

However I do believe that after you have read this letter you will better understand the motivating influence behind it all.

I am a fancy cake & pastry baker and until a little over 2 years ago I just plied my trade as an artisan. However through the W.P.A. classes were opened to teach sculpturing and allied subjects. I was amazed to find a latent ability to do a bit of sculpturing.

TO show my appreciation for all this I decided about 2½ months ago to make a cake & sugar structure, made entirely of sugar, for you Mr. President.

In honor of your coming Birthday the National committee will exhibit the piece of Art in "Russeks" in Brooklyn. N.Y. for the duration of the Drive.

Of course I feel utterly futile in my attempt to commensurately design and execute a statue for a man so noted and noble and so beloved by all the citizens. However I did my best.

a truly noble character. Helen Hayes, whose portrait

Enclosed therefore please find a photo of the cake.

My sincerest desire would be to have you personally see it. I wonder if the National Committee could arrange to have it sent to Washington so that you might see it yourself. It stands 5½ ft tall and it really is pretty nice.

May I further take the liberty, Mr. President, of a personal prayer for your continued good health and a very prolonged life to carry on your so serious and manifold responsibilities.

Thank you very much for the courtesy of this letter.

Yours very respectfully

LOUIS LUPAS

PHONE
MURRAY HILL 4-1352

STUDIO
10 EAST 30TH STREET
NEW YORK CITY

Jan 10, 1941.

My dear Mr President;

It seems unfortunate that so few good portraits, if at all, are done of truly great men during their lifetime. For there were either indifferent for want of sufficient self. love, or were always burdened with great problems. That absorbed most their energies and interest. Yet on the other hand, we have a superabundance of excellent portraits of little people with tremendous self-esteem.

I believe an artist off adds credence to the historian. For posterity has a habit of welding our great men of the past, into symbols, and off forgetting they were living examples.

I have tried to reconstruct, with what blurred material was at my disposal, and with reverence and humility, the likeness of one, like yourself, a truly noble character. Helen Hayes, whose portrait

I have done, thought it "worthy of being the official Lincoln portrait." And Robert E. Sherwood, whose portrait I was also privileged to do, thought the original of my Lincoln "wonderful." I am sending you a reproduction of that original, and I beg that you honor it with your acceptance.

I hope some day I may be privileged with the opportunity of doing one of yourself that may be worthy such an honour.

With my profoundest esteem and respect, I am

GOEBBELS HINTS GERMANY MAY BE MARSHALING FOR ANOTHER BIG OFFENSIVE

Tells Foreign Correspondents Not to Regard Present Lull as Indecision; British Desert Troops Drive on; Naples and Nazi Cities Bombed.

Britain's swiftly advancing desert troops have driven 120 miles into Italian Libya, the British command in Cairo announced today, reaching the Fascist airport at Gazala, 40 miles west of besieged Tobruk.

Thirty-five Italian planes were taken at Gazala, an RAF communique said, and 40 more at an abandoned airdrome at El Adem, 15 miles south of Tobruk.

In Berlin, meanwhile, Nazi propaganda Minister Paul Joseph Goebbels dropped a hint that Germany may be marshaling her forces for another vast offensive.

Goebbels cautioned foreign correspondents not to regard the present lull in operations as meaning indecision, declaring Nazi offensives were always preceded by intervals "of most careful preparation."

Tells of Big Drive

Germany's enemies, he said, scoffed at the long siege of inactivity on the western front during the winter of 1939-40.

"Then, on May 10, the great offensive began in the west which in the shortest time imaginable brought France to her knees."

Overnight, RAF warplanes bombed Naples, Italy, in the heaviest of a series of blows that ranged from the north coast of Germany to Italy's dwindling empire in North Africa.

Riding the skies virtually unchallenged, RAF pilots attacked Palermo, Sicily; Wilhelmshaven and Emden, Germany; and Bengasi and Tripoli, North Africa.

British Air Secretary Sir Archibald Sinclair announced a plan to open the RAF for the training of boys 16 years and older "to meet a growing demand" for pilots.

Naples Hard Hit

Premier Mussolini's high command said RAF raiders, striking in waves, blasted Naples with "numerous" bombs, killing five persons and wounding 30.

A Fascist communique listed damage to 15 buildings and a

YOUNG G.O.P. TO DISCUSS PLANS

Many Clubs From Out State Expect to Attend the Inauguration

MEET HERE TONIGHT

Meanwhile Jefferson City Gets Ready for Ceremony If There Is One

Undismayed by the possibility that a Democratic majority may interfere with ceremony, the Young Republican Club will meet at the city hall tomorrow night to discuss plans for the inauguration.

The meeting was called today by President Vogel. It was scheduled for earlier in the week but was postponed from time to time until the legislature took final action in the contest proceedings.

Dr. Stewart issued invitations last week for the dinner he had

CHICAGO STRIKE PARALYZES SOME VITAL SERVICES

City Employes Quit Work, In Conflict With War Department

4,000 WALK OUT IN PROTEST OF WAGE CUT

Police Stand By to See That Bridges Are Kept Open

BULLETIN!

CHICAGO, Jan. 9—(UP)—Mayor Edward J. Kelly announced late today that a strike of more than 4,000 city employes had been ended after five and one half hours of disruption among vital municipal services.

CHICAGO, Jan. 9—(UP)—A strike of more than 4,000 city employes paralyzed some city services today and brought striking bridge tenders into conflict with the U. S. war department.

Army engineers stepped in when 386 tenders of the city's 57 bridges began striking at 10 a. m., in sympathy with fellow electricians who were demonstrating against a proposed economy cut in municipal salaries.

Michael (Umbrella Mike) Boyle, head of the electricians' union, ordered the tenders of 37 to raise their bridges. Because the major part of the city's Loop business district is cut off by the curving Chicago river this would have caused incalculable confusion.

Police Step In

Police Commissioner James P. Allman, however, sent two policemen to each bridge tower with orders to keep the bridges down. Only one rose and it came down half an hour later.

The police station caused a navigable waterway to be obstructed and that was where the war department came in. Chief army engineer C. R. Andrew notified U. S. District Attorney Albert J. Woll that three vessels were blocked by closed bridges.

Woll told the city corporation counsel's office he would give the administration one hour to get the bridges in operation.

At that time Mayor Edward J. Kelly was in conference with union officials at the city hall. Earlier the mayor had refused to withdraw the proposed legisla-

BREAK UP RING OF BARNYARD THIEVES

MEXICO, Mo., Jan. 9—(UP)—State police said today that they had broken up a ring of barnyard thieves who operated throughout northern Missouri from the westernmost counties to the Illinois line and in recent weeks had stolen 1,400 chickens.

They said they had a confession from a farmer near Hannibal, who admitted taking part in 23 thefts. Two men are under prison sentence after pleading guilty to stealing 90 chickens.

In some cases police said even smoke houses were raided by thieves.

FIRST DEATH FROM FLU HERE

John Payne Gilbert, 19, Developed Pneumonia Last Tuesday

FEW SERIOUS CASES NOW

Many Colds But Sickness Has Not Reached Epidemic Proportions

John Payne Gilbert, 19-year-old grocery clerk, was the first flu fatality in Jefferson City this year.

Gilbert suffered an attack of the flu last Saturday. Pneumonia developed Tuesday and caused the youth's death shortly after three o'clock this morning at the home of his parents, Mr. and Mrs. R. V. Gilbert, 302 Bolivar street.

Gilbert came to this city with his parents from Auxvasse, Callaway county about two years ago and was employed as a clerk at O. W. Wright's grocery.

He graduated from the Auxvasse high school in 1939. He was born in Moriarity, N. M., Aug. 27, 1921. The family moved to Missouri about ten years ago.

Besides his parents the boy is survived by four brothers, R. V., Jr., Jay, Clarence and Harry Lee of this city.

REYNOLDS CALLED GOOD ANGEL OF DEMOCRATS

Tobacco Head Said to Have

ROOSEVELT AND COHERTS WORK ON AID PLANS

Measures Would Give F. D. R. Virtually Unlimited Lending Powers

PROPOSAL EXPECTED TO REACH HOUSE FRIDAY

Supplemental Budget Being Prepared By Treasury Officials

WASHINGTON, Jan. 9—(AP)—President Roosevelt called Democratic leaders of the house and senate today to a late afternoon conference on legislation to give him virtually unlimited authority to lend and lease arm materials to Great Britain and other nations fighting the axis powers.

The meeting, it was believed, might clear the way for introduction of the bill tomorrow. Heading the list of those asked to attend were Speaker Rayburn and Senate Majority Leader Barkley.

On high authority it was said that the measure as now drawn neither imposes a top limit on possible lend-lease aid nor sets up a corporation to handle such aid.

On the contrary, the bill was said to make possible future appropriations for the program in any amount which congress may vote and to delegate to the administration full responsibility for handling the aid.

Supplemental Budget

Stephen Early, White House press secretary, said that a supplemental budget was being prepared by the treasury to list funds needed for the new program and that until this was submitted to the White House the chief executive would not present to congress any appropriation reequests in addition to the $17,500,000,000 he asked yesterday for the fiscal year beginning July 1.

Pending introduction of the lease-lend legislation, efforts toward expanding the output of munitions and increasing the amounts sent abroad were being stepped up.

One administration official reported that "we are working hard" on plans for releasing airplanes to Greece and "hope to do something soon." He said none had been released to

EXPECT M'KITTRICK TO O.K. DEMOCRATIC CONTEST PROCEDURE

65 REPUBLICANS COLD SHOULDER ALL LEGISLATION

Minority's Strategy Revealed By Action of Leader Elliott

CAN HAVE ANARCHY IF THEY WANT IT

No Business Until It Meets In Joint Assembly, G.O.P. Solons Say

House Republicans forced the legislature into idleness today in a tip off of minority strategy to hogtie the general assembly until it has threshed out a fight on the election of Republican Forrest C. Donnell as governor.

"If they want anarchy I'll let them have anarchy," said minority leader Howard Elliott (R) St. Louis county as he successfully blocked a minor resolution to pay day-by-day expenses of the assembly. He indicated all business would get the same cold shoulder from the 65 Republicans.

The resolution—routine but significant as the first business attempted by the assembly—was sidetracked by floor leader H. P. Lauf (D) this county, before it could come to a vote.

Can't Transact Business

Republicans contend the legislature can transact no business until it meets in joint assembly to canvass the November election—starting gun of the Democratic state committee's fight to upset Donnell's 3,613-vote majority over Lawrence McDaniel for governor.

Elliott indicated similar objections would be raised against any funding resolutions. If sustained it would mean the old age pension and relief clients would have to wait until settlement of

BARRAGE OF LETTERS AND TELEGRAMS ON CONTEST TO HOUSE

A mail and telegram barrage hit both houses of the legislature today — mostly from St. Louis — urging that Forrest C. Donnell be seated as governor "immediately."

Morris Osburn, speaker of the house, had nearly 50 telegrams stacked on his desk at noon. Many of them criticized sharply the action of the Democratic organizing caucus which voted to support an investigation of last November's gubernatorial election in which Donnell, a Republican, was the apparent winner over Lawrence E. McDaniel, former St. Louis excise commissioner.

Sen. L. M. Searcy, majority leader in the upper chamber, received "about 20" messages—all from St. Louis women, he said.

SAYS DICKMANN IS RESPONSIBLE

Chairman Ferguson Challenges St. Louis Mayor on Opening Ballots

SENSES RISING WRATH

Republican State Chairman Charles Ferguson today challenged Mayor Bernard F. Dickmann of St. Louis to "make good on his statement that he is in favor of opening all the ballot boxes in his contest for the governorship."

Ferguson contended the boxes could be opened only by "a 'contest' and not a 'legislative investigation'" such as outlined by the Democratic state committee in its fight to upset Forrest C. Donnell's 3,613-vote majority over Lawrence McDaniel for governor.

TO TELL SENATE DONNELL NEED NOT BE SEATED

Report First Was to the Effect That Opinion Was Forwarded

BOTH HOUSE QUIT UNTIL TOMORROW

Means That Joint Session Will Not Be Called at Least for Another Day

BULLETIN

Attorney General Roy McKittrick gave the legislature legal clearance this afternoon to investigate Republican Forrest C. Donnell's 3,613-vote victory before seating him as governor.

The opinion — announced at mid-afternoon after a night and day of legal conferences—is not binding on the assembly but it could swing sufficient senate support to set up the Democratic state committee's demand for a pre-inaugural investigation of Donnell's victory over Lawrence McDaniel.

Both houses of the legislature idled most of today while awaiting Attorney McKittrick's opinion which was expected to give the Democrats the green light to proceed with its investigation and at the same time prevent Gov.-Elect Forrest C. Donnell from assuming the office.

Early in the day a report went out to the effect that the attorney general's office had written the opinion and submitted it to the senators but this was later denied and late this afternoon McKittrick's assistants were still work-

British Air Secretary Sir Archibald Sinclair announced a plan to open the RAF for the training of boys 16 years and older "to meet a growing demand" for pilots.

Naples Hard Hit

Premier Mussolini's high command said RAF raiders, striking in waves, blasted Naples with "numerous" bombs, killing five persons and wounding 30.

A Fascist communique listed damage to 15 buildings and a hospital ship in the harbor, but declared that most of the bombs fell "in the sea."

Hitler's high command cited 11 killed and 14 wounded by British raiders showering high-explosive and incendiary bombs over northwest Germany — attacks identified by the British as centering on German naval bases at Wilhelmshaven and Emden.

On their part, the Fascists reported a heavy bombing assault on the Greek Port of Salonika "with evident effectiveness," and declared that Italian warplanes had strafed Greek troop concentrations, and bombed bridges and artillery on the Albanian battlefront.

Oriental Blitzkrieg

In the far east, an Oriental "blitzkrieg" was reported under way by a Thai (Siamese) army invading French Indo-China.

The Siamese high command said that its army, supported by smashing air-raid assaults by 90 planes, was driving into the Indo-China province of Cambodia and that the entire city of Sisophon, 20 miles within Cambodia, was ablaze.

Domei, Japanese news agency, broadcast a report that "border warfare raged along the entire Thai and Indo-China frontier from Ventiane in the north to Cambodia"—about half the common border.

The French subsequently acknowledged a general withdrawal five to 10 miles in depth from the Cambodia-Thai frontier.

Dispatches from Hanoi, Indo-China, said the Siamese were pressing concerted attacks on two main fronts — 190 and 95 miles long, respectively.

Quiet in London

Britain had another full night of quiet. There has not been a night alarm in London since Sunday.

In Washington, the United

interfere with ceremony, the Young Republican Club will meet at the city hall tomorrow night to discuss plans for the inauguration.

The meeting was called today by President Vogel. It was scheduled for earlier in the week but was postponed from time to time until the legislature took final action in the contest proceedings.

Dr. Stewart issued invitations last week for the dinner he had planned to give the governor-elect and his colonels at the country club. The dinner will not be held if plans for the inauguration are upset by the legislature. Many Republicans still felt this morning that the inauguration would take place as scheduled.

The young Republicans of Cole county were to discuss not only their participation in the inaugural parade but that of many other clubs from all parts of the state.

The police department yesterday was proceeding with its plans to handle the crowd. A blue print and program had been furnished the department by the adjutant general's office Members of the department said they were going ahead until they had been officially notified that the whole thing had been put off.

Inauguration are old stuff to the military. "It's easier to make plans and have to hold them up than it is to get things in order at the last minute," said one captain.

There will be no lack of gun salutes for Missouri's new governor, despite the fact that active army duty has taken most National Guard armaments away from the capitol.

The R.O.T.C. companies from the University of Missouri and from military academies in the state will be on hand for the ceremonies—and they'll bring their artillery with them.

Then—just in case something slips—a number of bombs have been laid by for the occasion.

FRUIT GROWERS CLUB SELECT NEW OFFICERS

SPRINGFIELD, Mo., Jan. 9—(UP)—Dr. E. L. Beal of Republic today became president of the Ozark Fruit Growers Association.

Ralph George, Pierce City, was named vice president, Cloud Griffith, Seneca, secretary and manager, and Ruben Bonous, Monett, to the board of directors.

ASK DIVORCE AND CUSTODY OF CHILDREN

Mrs. Ruth Schreiman late yesterday filed suit for divorce against Charles Arthur Schreiman alleging general indignities.

She asks the custody of the two children 6 and 7 years old respectively and alimony and maintenance in the sum of $25 a month.

war department came in. Chief army engineer C. R. Andrew notified U. S. District Attorney Albert J. Woll that three vessels were blocked by closed bridges.

Woll told the city corporation counsel's office he would give the administration one hour to get the bridges in operation.

At that time Mayor Edward J. Kelly was in conference with union officials at the city hall. Earlier the mayor had refused to withdraw the proposed legislation which he said was part of a program to improve the city's financial plight. Kelly asserted that even when the proposed sliding scale of reductions had been applied to workers earning over $3000 a year their pay still would be over union scale.

Begin Early

Progressive strikes in vital services began shortly after 8 a. m. Elevators stopped in the city hall. "Whitewings" left their brushes and cans on the streets. Several loaded garbage trucks were abandoned by their drivers in the "gold coast" district. Fifty downtown traffic lights blinked off.

But the most dramatic blow—the simultaneous raising of 32 bridges—fizzled. One bridge on a branch of the river went up. Policeman Peter Di Julio ran to the tower. After 30 minutes the bridge went down.

"We came to a gentle agreement," announced tender Pat Conway. "We just sat down and talked it over. God gave us tongues and we used 'em."

Another policeman took a different line. 'If he touches that button," he announced within hearing of the tener, "I'll touch his button."

Some of the blocked bridges controlled approaches to the south side grain elevators and mammoth steel mills engaged in defense production. However no ore was moving through these channels at this season.

BOARD DENIES PAROLE TO MCELROY KIDNAPPER

George McGee, serving a life sentence in state prison for kidnaping Mary McElroy, daughter of the late H. F. McElroy, former city manager of Kansas City, was denied a parole a hearing before the parole board yesterday, it was learned reliably today.

McGee's brother, Walter, also serving life for the kidnaping, was denied a parole after a hearing last July.

Stark Paroles Killer

Gov. Lloyd C. Stark today paroled Van Wilson, 47, who had served 24 years of a life sentence for the shotgun slaying of Mr. and Mrs. Frank Snedigar at Vandalia in 1917

missouri about ten years ago.

Besides his parents the boy is survived by four brothers, R. V., Jr., Jay, Clarence and Harry Lee of this city.

REYNOLDS CALLED GOOD ANGEL OF DEMOCRATS

WASHINGTON, Jan. 9—(AP)—Senator Tobey (R-NH) told the senate campaign committee today that R. J. Reynolds, wealthy tobacco man, had loaned $275,000 to Democratic groups during the fall political campaigns.

Reynolds recently was named treasurer of the Democratic national committee.

'I don't know Mr. Reynolds but we all know it's human nature to expect something in return," Tobey told his fellow members of the senate committee. "Mr. Reynolds appears to have been the good angel of the Democratic party."

ROCK PORT SLAYER GETS FOURTEEN YEARS

Frank Benson Sentenced In New Trial

ROCK PORT, Mo., Jan. 9—(AP)—Frank (Swede) Benson, 59, won a new trial on a slaying charge today but immediately pleaded guilty to second degree murder and was sentence to 14 years in the penitentiary by Circuit Judge Allis Beavers.

His plea was entered just after Judge Beavers sustained his new trial motion. The motion was filed after a jury on Nov. 29 convicted him of second degree murder and sentenced him to 21 years. He was charged in the fatal shooting May 22, 1934, of Larry Hayes in a farm house near Maryville.

Benson, who pleaded self defense at his trials, was convicted once previously by a Nodaway county jury in August, 1939, but the case was reversed by the state supreme court. The case was brought here on a change of venue.

He was a fugitive for four years until his capture in Los Angeles in 1938.

TWO ROOFS SLIGHTLY DAMAGED BY FIRES

The fire department extinguished two small fires today, one at the home of Mrs. Hidlebaugh, 216 E. Cedar and the other at the Haldiman brothers' residence, 1508 E. Miller.

The roofs of both houses were damaged slightly by the fires caused by overheated flues.

ning July 1.

Pending introduction of the lease-lend legislation, efforts toward expanding the output of munitions and increasing the amounts sent abroad were being stepped up.

One administration official reported that "we are working hard" on plans for releasing airplanes to Greece and "hope to do something soon." He said none had been released to Greece yet.

Robert P. Patterson, undersecretary, said the war department had received an excellent response from industry in its effort to incease the working time of factories producing critical defense items, including machine tools.

The department, Patterson said, has taken "active measures" along this line in cooperation with William S. Knudsen, defense production chief. Knudsen recently asked that additional shifts be put to work and more workers be trained in key defense industries.

To Carry No Sums

Whatever the ultimate cost of the less-lend plan—estimates ranged from $2,000,000,000 to $5,000,000,000—the bill as now drafted will carry no sums, one leader said.

It would merely authorize such future appropriations as may be required from time to time, he added. This conformed with the statement in President Roosevelt's budget message that appropriations to pay for the British aid would await passage of legislation authorizing them.

Any outlays would supplement

(Continued on page 7)

MARKWAY TELLS MEN TO REDUCE CRIME

Means to Take Good Record Into Campaign

It was a burglarless night and only one wreck was reported but Chief Markway kept dinning into the ears of his reconstructed force that "pretty good" is not good enough.

The chief, appointed by Mayor Jesse N. Owens to fill out the unexpired term of Harry Mackey who moved over to the courthouse to take charge of the sheriff's office, hopes to succeed himself in the spring and he wants a good record upon which to rest his case in the primary and election.

He will be opposed by Constable Tom Hatting and possibly also by former Sheriff Walz.

Markway wants to reduce the number of automobile accidents as well as burglaries and other law violations.

Attention also was called to the fact that 10 packages and not 20 cartons of cigarettes were taken at the Wegman grocery in the east end Tuesday night.

Republicans contend the legislature can transact no business until it meets in joint assembly to canvass the November election—starting gun of the Democratic state committee's fight to upset Donnell's 3,613-vote majority over Lawrence McDaniel for governor.

Elliott indicated similar objections would be raised against any funding resolutions If sustained it would mean the old age pension and relief clients would have to wait until settlement of contest procedure before getting their January cash.

House Republicans called a 1:30 caucus—second of the session—apparently to thresh out the "no governor, no business" strategy before the chamber reconvenes late this afternoon.

Plan Relief Resolution

The house minority action apparently will not forestall senate determination to send in a relief resolution ahead of the election returns, however. Some senators have argued the assembly has the right to refinance the needy before it gets down to routine business.

Senate Democrats postponed an important contest caucus until 2:30 this afternoon awaiting an opinion from Attorney General Roy McKittrick on whether the legislature can investigate Donnell's election before seating him in the governor's chair.

The opinion, originally scheduled for 10 a.m. still was being drafted shortly before noon. Some lawyers who worked all night on the document were called back today, apparently to work out other phases of the question which has the senate Democrats divided.

One senator said it would be tonight or tomorrow before the assembly could meet in joint session to hear returns from the November election.

Senate Democrats —apparently deadlocked over the constitutionality of the state committee's demand for a pre-inaugural investigation of Donnell's apparent election—asked McKittrick's opinion last night after a three-hour caucus that failed to unite the majority on a procedure.

Discuss New Plans

McKittrick worked late on the opinion. And as he worked, informal conferences of members of both parties and both houses surveyed "the angles"—some with the idea of blocking, others with the idea of forcing the "thorough investigation" the Democratic state committee demanded.

Several veteran members of both houses took time out from "contest talk" however, to observe that yesterday's opening was unprecedentd in their memory. For the first time in many years—perhaps in the state's history—there was no joint session of the house and senate on opening day.

The house quit as soon as it elected officers and attended to some routine business. Then came the lengthy senate caucus

(Continued on page 7)

Republican State Chairman Charles Ferguson today challenged Mayor Bernard F. Dickmann of St. Louis to "make good on his statement that he is in favor of opening all the ballot boxes in his contest for the governorship."

Ferguson contended the boxes could be opened only by "a 'contest' and not a 'legislative investigation' " such as outlined by the Democratic state committee in its fight to upset Forrest C. Donnell's 3,613-vote majority over Lawrence McDaniel for governor.

Cannot Evade Responsibility

"Mayor Dickmann cannot evade responsibility for the part his political forces have played in the present situation," Ferguson said. "Even now Mayor Dickmann's city chairman Robert Hannegan is in Jefferson City riding herd on the St. Louis members of the legislature to insure that they will vote to defy the constitution and prevent the seating of governor-elect Donnell."

Ferguson said the Mayor's statement that he favored opening every ballot box "indicates that he has sensed the rising storm of public resentment and would like to flee from the wrath to come."

Carry New Evidence

Meanwhile, three officials from the St. Louis Republican committee were on their way to Jefferson City with evidence with which to combat the Democrats. Chairman Fred W. Evers said they carried hundreds of affidavits showing alleged dual voting, illegal Democratic registrations and errors in precinct tabulations which increased the vote of Lawrence McDaniel, the Democratic candidate for governor.

McDaniel was defeated by 3,613 votes.

"The Democrats," commented Evers, "will get the suprise of their lives if the St. Louis ballot boxes are opened."

ARMY, NAVY MAY CALL CIVILIAN AIR PILOTS

WASHINGTON, Jan. 9—(AP)—Rear Admiral John H. Towers told a congressional committee today that commercial lines and aircraft factories are to be warned that the army and navy may have to call their pilots who are naval reservists to active duty by June 30.

Towers, chief of naval aviation, asserted those companies would be advised to start training replacements so as to prevent disruption of their service.

He Has the Button

AUDUBON, Ia.—(UP) — You can't pay off the butcher's bill with buttons, but Dwight Wickham, Audubon high school janitor, wishes he could. For about a year Wickham has been operating a sort of un-official button reclamation bureau for the school's 300 students.

Kittrick's opinion which was expected to give the Democrats the green light to proceed with its investigation and at the same time prevent Gov.-Elect Forrest C. Donnell from assuming the office.

Early in the day a report went out to the effect that the attorney general's office had written the opinion and submitted it to the senators but this was later denied and late this afternoon McKittrick's assistants were still working at it. Some said it had been rewritten several times.

Both the senate and the house tired of waiting. The house adjourned shortly after 2 o'clock this afternoon and the senate followed a few minutes later.

The majority members of both houses then went into caucus. Republicans were making their plans to meet any offensive the Democrats might launch. They held that the only legal way to proceed was to inaugurate Gov-elect Donnell and then start contest proceedings.

When and if the contest is launched, however, Republican leaders said, they will bring a wealth of evidence of irregularities in St. Louis and Kansas City.

Before writing his decision McKittrick last night indicated he felt the legislature could investigate the election without naming Donnell chief executive—a view the Democrats want to prevail.

The senate caucus asked McKittrick for a ruling after hearing evidence from C. M. Hulen, Democratic state chairman, of fraud and irregularities in the election last November. Hulen contended his evidence would make Lawrence McDaniel, Democrat, winner by about 10,000 votes.

MISSOURI UNIVERSITY HAS 129 FLU PATIENTS

Activity Building Section Made Into Hospital

COLUMBIA, Mo., Jan. 9—(AP)—University of Missouri officials today converted a section of the student activities building into a temporary hospital after student influenza victims had filled the university hospital. On the fourth day of the epidemic 129 students were receiving treatment.

Dr. Dan G. Stine, health director, said the entire building would be taken over if the epidemic continued. It houses recreational facilities, and administrative and student publication offices.

L. L. Ott Improving

Louis L. Ott who has been ill at his home for the past three weeks is reported improving. He is not able, however, to go to his office.

LOAN FOR F. D. R. CAMPAIGN TALKS IS UNDER FIRE

Senate Investigators Call for Complete Airing of Financing of Three Radio Presidential Speeches

WASHINGTON, Jan. 9—(AP)—A senate investigating committee called today for complete information on a 100,000 loan which reputedly paid the radio network costs of President Roosevelt's final appeal for votes in the November election and two other campaign broadcasts.

R. J. Reynolds, wealthy North Carolina tobacco man, credited with making the loan, and Oliver Quayle, official of the Democratic national committee, credited with arranging it, were under subpoena to tell the details to the special senate committee investigating campaign expenditures.

First testimony about the $100,000 loan came yesterday from Charles Quinn, secretary of the New Jersey state Democratic committee.

Quinn surprised the investigating senators by telling that Quayle, then treasurer of the Democratic national committee, telephoned him and asked that the New Jersey Democratic committee pay the costs of three campaign broadcasts. Quinn said one was Mr. Roosevelt's network speech the Saturday before election. Another, he said, was a third-term plea by Senator Norris (Ind-Neb), and the last was a program involving a number of speakers.

Democrats Agree

Quinn testified that the New Jersey Democrats quickly agreed to the request after Quayle explained that Reynolds would advance $100,000 as a loan since the Democratic national committee was afraid these costs might put its outlays above the $3,000,000 limit imposed by the Hatch act.

Chairman Gillette (D-Iowa), noting that the New Jersey state Democratic group had raised only $29,000 during the entire campaign, asked how it hoped to repay $100,000.

Quinn expressed confidence that James Baker, state Democratic treasurer, could go out and raise the entire amount "in a single day" if necessary.

Quinn told senators that Democrats "learned this borrowing business from Republicans."

Senator Tobey (R-NH), who referred to Reynolds as the "Angel" of the Democratic committee, implied by questions that the loan would not be repaid but Quinn disputed this.

Reynolds recently was made treasurer of the Democratic national committee.

TEST PILOT FLIES 620 MILES AN HOUR

BUFALO, N. Y., Jan. 9—(AP—A test pilot who attained 620 miles an hour in a four-mile dive in an Airacobra interceptor pursuit plane describes his ride as "better" than 50 miles an hour "in a jaloppy on the ground."

"As you ride along at such a speed, you don't feel any different than you did on a level keel," explained Lieut. Andrew C. McDonough (USNR), 27.

H told newspapermen "it's smooth and easy and you don't know you are going so fast until you pull out of the dive.

"When the pullout takes place, you sit down a little hard in the seat," the pilot added.

The dive was a routine test for the United States army.

SEDALIA PRINCIPAL TAKES DEFENSE POST

SEDALIA, Mo., Jan. 9—(AP)—E. G. Kennedy resigned effective tomorrow as principal of the Smith-Cotton high school to aid the vocational division of the state department of education at Jefferson City in its national defense training program.

He came here in 1936. His successor has not yet been chosen.

The British colonial empire has an area of 2,000,000 square miles, and a population of 50,000,000.

Grease and heat new pie pans before using to prevent food from

KING OF HOBOES SEES GOOD DAYS

Jeff Davis Hopes to Land Followers Into Fat Defense Jobs

PITTSBURGH, Jan. 9—(UP)—Jeff Davis, king of the hoboes, hoped today to have all his followers off of freight trains and into defense industries by the end of 1941.

Davis made a strong pleas for national unity to the annual directors conference of the hoboes of America.

"The hoboes' program is to put some real meaning into that song, 'God Bless America,'" Davis explained. "We want to help bless America too, not leave it all on God's shoulders.

"Already 12,000 to 15,000 hoboes are in the army, navy and marines," Davis reported. "And you can see the result on the road. There are fewer hoboes riding the trains now."

Reporting that in 1940 the international league of hoboes had sent 3,500 runaway boys back home, persuaded 2,000 runaway husbands to rejoin their wives, and obtained jobs for 5,000 other men, Davis claimed that the "hoboes recommendation stands high with employers. Eight out of ten guys who took to the road when they were fired got their jobs back when we wrote to their employers."

WALLACE HOPES TO VISIT LATIN AMERICA

WASHINGTON, Jan. 9—(UP)—Vice President-elect Henry A. Wallace said today that he hopes to visit each of the Latin American countries in an endeavor to promote mutual prosperity and peace in the western hemisphere.

Wallace told reporters of his plans at a press conference in the senate office building, where he went to discuss plans for his Jan. 20 inauguration with retiring Vice President John Nance Garner. The vice president-elect recently returned from Mexico where he attended the inauguration of President Camacho.

"I am hoping sooner or later to visit each of the Latin American countries," he said.

ANTI-INFLATION PLAN CAUSES BOND DECLINE

WASHINGTON, Jan. 9—(AP)—Secretary Morgenthau said today the Federal Reserve system's anti-inflation plan had "caused an unwarranted decline in the government bond market."

Although still refusing to make any direct comment on the proposals the Federal Reserve System advanced on January 1, the secretary told a press conference that "it is a fact, and not an opinion that the decline in the prices of government bonds started when the Federal Reserve statement was made."

He said he could not put into figures how much the value of government bonds had dropped since New Year's, but added that it was not sufficient to "disturb" him.

Flashes of Life

(By the Associated Press)

Stern Justice—Almost

PITTSBURGH — Declaring that "chivalry and gallantry" were not involved, Judge Michael A. Musmanno sentenced a woman to jail on a charge of drunken driving.

Because "womankind is more sensitive to pain than man," however, he gave her 15 days—half the sentence he usually gives to men.

Tagged

NEWNAN, Ga.—A south Georgia negro wrote "Mr. Rabies Vaccine, Newnan, Ga," that he had found his stray dog.

The letter addressed to the "name" the negro found on the dog's innoculation tag was given to City Clerk A. W. Powers.

Powers found the dog's owner, Roscoe Moody, who had sent the dog to Blakely, 150 miles south of here, for training.

Confirmation

RENO—Victor Vitek's airmail letter told him his wife had started home after visiting her mother in Polna, Czechoslovakia.

But she's been home nearly a year.

Her letter, mailed Aug. 24, 1939, was delayed by the war.

Confidence

KANSAS CITY—It cost them $122 each, but ten colonels picked by Forrest C. Donnell, indicated belief that he'll be inaugurated Monday as Missouri's new governor.

They bought swanky blue, red and gold uniforms for the ceremonies — although Democrats have demanded a legislative investigation of the November election count that gave Donnell, a Republican, a 3,613-vote margin over Lawrence E. McDaniel.

28,900 JACKSON CO. PERSONS NEED FOOD

KANSAS CITY, Mo., Jan. 9—(UP)—Relief officials said today that 28,900 persons in Jackson county were without sufficient food and fuel because social security funds had been exhausted.

Money for aid to the aged, dependent children, direct relief recipients and others ran out Dec. 31, and until the legislature appropriates for the current year no further funds will be forthcoming.

The surplus commodities division remained open, but it had only limited quantities to distribute and the commodities available were not sufficient to supply a balanced diet. The only meat available was salt pork.

One spicies of fish makes its home inside the body of another marine animal, the sea cucumber.

The bachelor's button, a domestic flower, is a native of India. It was introduced into England as early as 1714.

UTILITY MOGUL GETS 5 YEARS ON LOOT CHARGE

Sentenced for Lifting 20 Million Dollars From Gas, Electric Company Since 1922

NEW YORK, Jan. 9—(UP)—Howard C. Hopson, who ran $300,000 of borrowed money into a $1,000,000,000 utilities empire, was sentenced to five years' imprisonment today for looting the Associated Gas & Electric System of nearly $20,000,000.

The short, fat, bald, 58-year-old master of bootstrap financing was sentenced by Federal Judge Alfred A. Coxe in the same court where, just a week ago, he heard a jury pronounce him guilty on 17 mail fraud counts.

The indictment, on all but two counts of which he was convicted, charged that the former Fort Atkinson, Wis., high school honor student began looting the far-flung Associated Gas & Electric System with its 200 subsidiaries almost from the day in 1922 when he and a partner founded it, mostly with borrowed money.

The maximum penalty which Judge Coxe could have assessed would have been 85 years in prison and $17,000 in fines. The government asked no fine because all funds available to Hopson have already been tied up by age trustees.

Judge Coxe assessed the penalty recommended by assistant U. S. Attorney Hugh A. Fullerton wh said Hopson's crime was "one of the largest frauds ever perpetrated."

The sentence was five years on each of 17 counts, the sentences to run concurrently.

Hopson exhibited no emotion except to moan "Oh, oh, oh" as he faced the judge. He was remanded to the custody of the U. S. marshal and was taken to the federal prison at Lewisburg, Pa.

In asking sentence Fulton said Hopson was guilty of "many other frauds" in addition to those for which he was tried and asserted the utilities man had forced his companies to buy stocks, rigged the market and otherwise cheated stockholders.

Hopson's attorney, Fred A. Ironside, pleaded for leniency on the ground that his client was the "victim of the standards of a different era" from the present.

HINTS GERMANY MAY BE MARSHALNIG FOR ANOTHER OFFENSIVE

(Continued from page 1)

States agriculture department said it could see little chance for success in German and Italian efforts to make the Danube basin countries of southeastern Europe supply food, feed and fiber normally imported from overseas.

The tentative draft of a bill giving the United States government power to lend ships, tanks, guns and planes to Britain was reported completed for possible submission to congress tomorrow.

LOCAL AREA AVIATION INDUSTRY TO EXPAND

KANSAS CITY, Mo., Jan. 9—(UP)—Warren E. Blazier, chamber of commerce aviation commissioner, predicts that by next year 100,000 persons will be employed by aviation factories within a 500 mile radius of Kansas City.

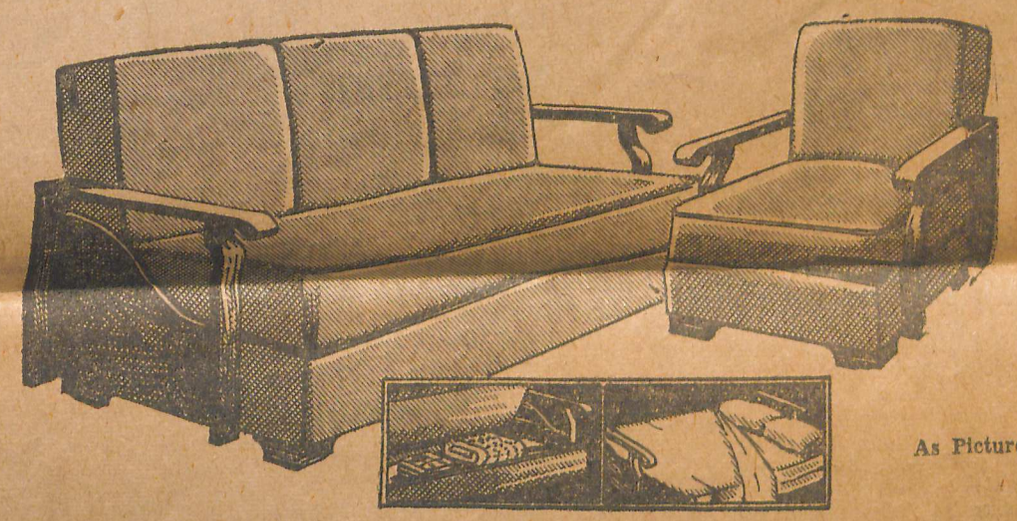

New defense plants at Omaha and Kansas City and expansion of existing facilities at Wichita and St. Louis will account for most of the increase, he said. Last year 7,000 men were employed in the area's airplane industry.

By the end of this year, Blazier said, more than one-fourth of the nation's aircraft production will be centered in the area.

BEWARE OF COLDS NOW!
Contagious Colds are Spreading Take These Time-Tested Precautions
Keep out of crowds as much as possible. Get plenty of rest and sleep. Eat simple food. Drink plenty of water. Keep elimination regular. Don't take needless chances. Don't experiment with untried medications. And be sure to have these two time-tested home-approved treatments on hand, ready for use.
At the First Sign of a Cold
Be ready to help *prevent* many colds from developing. At the first warning sneeze, sniffle, or irritated feeling in your nose—use Vicks VA-TRO-NOL. Just a few drops up each nostril. Right away you can *feel* Va-tro-nol stimulating Nature's own cold-fighting defenses. Used in time, it actually helps to keep many colds from developing.
Also use VA-TRO-NOL for swift relief from the suffocating stuffiness and congestion of a head cold.
If a Cold Develops
(Some colds get by all precautions)
Thoroughly massage throat, chest, and back with Vicks VAPORUB, then spread on a thick layer of VapoRub, cover with a warmed cloth, and go to bed. VapoRub brings wonderful relief and invites restful sleep. VapoRub stimulates the skin like a warming poultice, while its medicinal vapors are breathed into the cold-irritated air passages. Often when morning comes, most of the cold's discomforts are gone.
Now Be Prepared—Get a bottle of Vicks VA-TRO-NOL and a jar of Vicks VAPORUB today and take the above precautions. They may save you a lot of sickness and worry. Be sure to read package enclosures for complete, helpful directions for use.

(Continued from page 1)

—an unusual first day procedure for both branches.

It was at the secret meeting of the senate majority that state Democratic Charman C. M. Hulen again outlined the findings of his investigation of the November election in which Donnell gained a 3,613-vote victory over Lawrence McDaniel, Democratic nominee. His evidence is the basis of the party's state committee demand for an investigation of the gubernatorial election.

The senate caucus—in contrast with the house majority's secret session the night before—disbanded shortly after Hulen gathered up his documents and left the room.

Instead of taking any action regarding the projected contest, it went to the attorney general for advice.

ROOSEVELT AND COHERTS WORK ON AID PLANS

(Continued from page 1

the 1941-42 domestic budget submitted yesterday calling for 17,485,528,049, including a tentative total of $10,811,314,600 for defense. Additional army and navy requests already in prospect promise to boost the defense figure to at least $13,000,000,000 this session.

The president indicated the initial amounts needed to finance the lending plan would be relative small because Britain would continue to pay cash for existing orders here for some time to come.

Administration leaders were expected to confer on the lease-lend legislation with Mr. Roosvelt before introducing it in congress.

Senate and house Democratic leaders went over a rough outline of the bill at separate conferences yesterday with Secretaries Morgenthau and Hull and departmental legal experts.

It was learned afterward that efforts were being made to complete the bill for simultaneous introduction in both houses tomorrow. Chairman Bloom (D-NY) of the foreign affairs committee will offer it in the house for reference to his committee. Senate plans on this score were not indicated.

Speaker Rayburn promised [illegible] that the bill would carry very little if any limitation on authority to be given the president caused some opponents to cry "blank check." But administration leaders predicted it would pass.

One leading opponent, Senator Wheeler (D-Mont) said the speech made in North Carolina Tuesday by William C. Bullitt, former ambassador to France, urging aid to England, Greece and China showed that the administration was "taking you as far as they can at this moment, but they intend to take [illegible] farther later."

AXIS DUE FOR JOLT ABOUT BALKAN FOOD

WASHINGTON, Jan. 9—(AP)—Germany and Italy have little chance for success, the agriculture department said today, in their efforts to make the Danube basin countries supply [illegible] trade countries of Europe with food, feed and fiber supplies normally imported from overseas markets.

Peacetime farm surpluses of the Danubian countries of Rumania, Yugoslavia, Bulgaria and Hungary were insufficient, the department said, to fill continental European requirements.

German-sponsored agricultural expansion programs for these countries are encountering "serious difficulties."

prompt house action, saying "speed is of the essence."

Reports that the bill would carry very little if any limitation on authority to be given the president caused some opponents to cry "blank check." But administration leaders predicted it would pass.

One leading opponent, Senator Wheeler (D-Mont) said the speech made in North Carolina Tuesday by William C. Bullitt, former ambassador to France, urging aid to England, Greece and China showed that the administration was "taking you as far as they can at this moment, but they intend to take you farther later."

Wheeler also asserted that if these countries should weaken much more and "war hysteria can be worked up sufficiently, our boys will be fighting by the side of the Chinese in Asia, with Greece and Turkey in the Balkans, and with the British in Africa."

PENNSYLVANIANS URGED TO FORM LABOR BOARDS

HARRISBURG, Pa., Jan. 9—(AP)—Citizens of Pennsylvania, whose vital industries are at work on millions of dollars of national defense contracts, were urged today to form 'voluntary labor boards" to keep the wheels turning.

Lewis G. Hines, 53-year-old veteran labor mediator who is the state secretary of labor and industry, calling in industrial and union representatives for an informal conference, declared:

"There never was a strike that couldn't be settled and we're going to sit down and figure out the best way to see that they're settled quickly."

To that end he suggested a state-wide network of "voluntary boards because "the whole thing boils down to a question of the citizens getting together themselves and keeping the wheels of industry running."

CAR LOADINGS SHOW 12 PERCENT GAIN

WASHINGTON, Jan. 9—(AP)—The Association of American Railroads reported today 614,171 cars of revenue freight were loaded during the week ending last Saturday.

This was an increase of 68,864 cars, or 12.6 per cent, compared with the preceding week; an increase of 21,246 or 3.6 per cent, compared with a year ago, and an increase of 84,800 or 16 per cent, compared with 1939.

The man who can lay a roof without "laying down" on the job, is advertising in the Business Service ads in the Want Ads.

A Safer Bet Than a Home Run in the series—A Classified Want Ad.

lightweights 6.65; stock pigs scarce.

Cattle 1,200; calves 250; fed steers and yearlings strong to 25 higher; demand most broad for common to medium grades; good to near choice grades sharing advance; fed heifers fully 25 higher; cows strong to 25 higher; bulls weak; vealers and calves steady to strong; stockers and feeders scarce, firm; strictly good to choice lightweight fed steers 13.00; numerous loads good grade steers 10.75-12.25; limited showing common to medium short feds 8.25-10.25; medium and good heifers 9.00-10.75; part load 11.25; butcher cows 6.25-7.25; good to choice vealers 9.50-12.00.

Sheep 6,500; no early sales; early bids on slaughter lambs around steady, asking higher; best held above 9.75.

Chicago Livestock

CHICAGO, Jan. 9—(AP)—(U. S. Dept. Agr.) —Hogs 16,000; opened active, 10-20 higher than Wednesday's average; later trade mostly 5-10 lower than early; top 7.70; bulk good and choice 160-240 lbs 7.50-65; bulk 240-270 lb butchers 7.35-60; some 270-310 lb averages 7.20-50; good packing sows 400 lbs down 6.40-65; most 400-500 lb kinds 6.00-40; heavier weights 5.75-6.00.

Sheep 7,000; no early sales; fat lambs slow; largely account strong to fully 25 higher asking prices; good to choice fed wooled lambs held above 10.00; some early sales around steady at 9.85-10.00.

Cattle 5,000; calves 500; steers trade moderately active, strong to 25, mostly 10-15 higher; nothing strictly choice in run; medium and good grades predominating at 9.50-12.75; top 14.35 for 1,100 lb steers of long yearling type; best heifers 11.00; this class steady; bulk 9.50-10.75; cows active, strong to 15 higher; weighty cutters on common beef cow type to 6.25; bulls and vealers unchanged; heavy sausage bulls to 8.00; and choice weighty vealers to 13.00.

East St. Louis Livestock

Agr.) —Hogs, 11,000; mostly 10-20 higher, sows 5.-10 higher; top 7.65; bulk good and choice 180-250 lbs 7.50-65; a few 280-320 lbs 7.10-25; 160-180 lbs 7.10-60; 140-160 lbs 6.60-7.15; 120-140 lbs 6.10-65; 100-120 lbs 5.60-6.15; southern kinds unevenly discounted; good sows 6.00-60; most stags 4.25-6.25.

Cattle, 2,500; calves, 700; light supply of cattle meeting active inquiry with prices steady to strong on steers, butcher yearlings and heifers; cowstuff opening steady; bulls strong; vealers 25 higher; several loads and lots medium to good steers 9.40-10.25; heifers and mixed yearlings largely 8.00-10.00; beef cows 5.50-6.50; canners and cutters 4.25-5.25; good sausage bulls 7.65-75, with a few 7.85-8.00; top vealers 13.00; nominal range slaughter steers 7.00 - 14.00, slaughter heifers 6.25 - 12.50,

trolled portions of Europe with food, feed and fiber supplies normally imported from overseas markets.

Peacetime farm surpluses of the Danubian countries of Rumania, Yugoslavia, Bulgaria and Hungary were insufficient, the department said, to fill continental European requirements.

German-sponsored agricultural expansion programs for these countries are encountering "serious difficulties," it was said in a report on "wartime agricultural surpluses of the Danube basin," prepared by Dr. Frederick Strauss, of the office of foreign agricultural relations.

In predicting little success, the report cited such factors as lack of some essential fertilizers, especially phosphates, labor shortages, reduced numbers of draft animals, "impossibility" of further mechanization, shortages of fuel, binder twine, and other essentials, and a "high degree" of illiteracy among peasants.

LAUNCH JOB HUNT TO RE-EMPLOY DRAFTEES

WASHINGTON, Jan. 9—(UP)—Men who were unemployed when called into military service may have jobs awaiting them when they finish their tour of duty in the nation's expanding armed forces.

State employment officers and U. S. employment service workers today were conducting a nation-wide job-hunt to provide employment for draftees, National Guardsmen, and naval and marine corps reservist who were unemployed when called to the colors.

Draft Director Clarence A. Dykstra said in a radio address last night that the job-hunt plan was drafted primarily to help unemployed drafted trainees but also would apply to the army, navy and marine corps.

ARMY ASKS STATES TO COOPERATE IN TRAFFIC

WASHINGTON, Jan. 9—(AP)—The army sought the aid of the states today to facilitate the movement of military traffic on highways with the least possible interference with normal civilian traffic.

The war department announced that each of the 48 governors had been asked to name a committee to advise and aid in preparation of plans for any troop movements.

WARMER WEATHER IS IN PROSPECT

ST. LOUIS, Jan. 9—(AP)—Missouri was caught today in the outer fringes of a cold wave which caused sharp drops in temperature of from 20 to 40 degrees in Iowa, Minnesota, and Wisconsin.

Behind the cold, the mercury was rising rapidly, and warmer weather was forecast for Missouri tomorrow and Saturday.

Societies and Lodges

MEDICAL HEADS HAIL VACCINE FOR INFLUENZA

Accidentally Discovered Treatment Termed One of Major Leads Toward Modern Research

CHICAGO, Jan. 9—(AP)—The accidental discovery of a new vaccine against influenza was hailed by medical authorities today as "one of the most promising practical leads in research of recent decades."

The journal of the American Medical Association places this valuation on the preventive inoculation and reported that it gives scientists some radically new ideas about immunity against disease.

Dr. F. L. Horsfalln, Jr., and Dr. E. H. Lennette of the Rockefeller Foundation, who discovered the vaccine recently, found in later studies that it stimulates the development of immunity against several types of organisms, a highly significant fact

The vaccine "seems to have been a purely accidental discovery," the journal related. About a year ago a few ferrets inoculated with human "flu" virus developed distemper also. To prevent spread of distemper a vaccine effective on previous occasions was injected into 157 other normal ferrets.

Massive Doses

Two days later, in continuing the "flu" experiment, some of these animals were inoculated in the nose with "massive doses" of three distinct strains of human influenza virus.

"To the great surprise of the New York investigators, none of these animals developed experimental influenza," the journal said.

The physicians have concluded that under the influence of the distemper infection the human "flu" virus underwent biochemical changes which made it "less highly specific" (or less able to attack the one type of organism it sually kills) but "more broadly anti-genic" (with more general ability to kill several kinds of organisms).

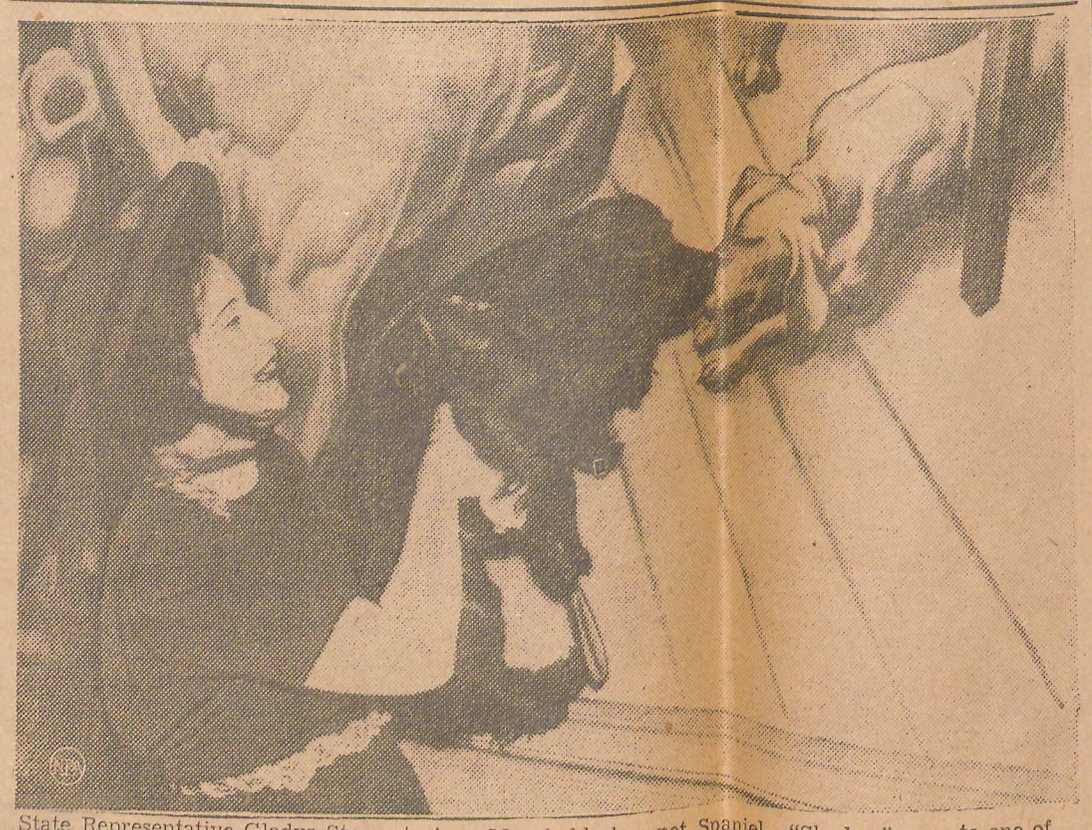

"This is a broader and more effective immunity than results from actual infection with the influenza virus," the journal commented.

When tested on human volunteers these vaccines in all instances produced a "definite increase" in this "multi-valent" or many-sided virus-killing ability, but whether this will be effective with other virus diseases has not been determined.

Hindsight

COLUMBUS, O. (AP)—Concerned lest barbership patrons develop astigmatism trying to make out dates on calendars reflected in mirrors, a firm here has taken corrective action. Its 1941 calendars have the numerals printed backwards.

DEFENSE COUNCIL ASKS FOR HELP

Stark's Group Wants U. S. to Aid In Problems at Pulaski Camp

The state defense council, headed by Gov. Lloyd C. Stark, today asked national defense commission authorities for aid in solving housing and sanitation problems in the area around Fort Leonard Wood, huge Pulaski county army camp.

The requests were telegraphed by Stark to Charles F. Palmer, housing coordinator, and Frank Bane, of the division of state and local cooperation.

They were drawn up as resolutions by the council of federal and state officials created by erection of the camp.

Stark asked specifically for a survey of "emergency housing needs" and concerning the possibility of state financial aid for serage and water systems in the small communities near the camp.

Nez Perce Honor Old Chief

LA GRANDE, Ore.—(UP)—The historic Nez Perce Indian burial grounds at the foot of Wallowa lake have been rededicated by Indians who honored old Chief Joseph of the Nez Perces, who is buried there, and asked that the body of young Chief Joseph be brought there from Nespelem, Wash.

A collection of 1585 superstitions was made from the belief of a single parish in Louisiana.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have excess acidity or poisons in your blood, your kidneys have a marvelous way of helping to keep you feeling fine when they are working right. For they contain 15 miles of tiny tubes or filters which gently purify the blood, worked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

CHARGES BOTH PARTIES EVADED POLITICAL ACT

Gillette Says Democrats and Republicans Stepped Over Hatch Bounds by Staggering Amounts

WASHINGTON, Jan. 9—(UP)—Chairman Guy M. Gillette of the senate campaign expenditures committee today said the $3,000,000 campaign expense limitation of the Hatch act had been "evaded" by both parties to "staggering proportions" in the 1940 campaign.

Gillette, whose committee now is investigating campaign expenditures in New Jersey, said his earlier estimate of $20.000,000 expenses for both parties last year was "too modest." He refused to attempt a further estimate.

Sen. Carl A. Hatch, D., N. M., author of the "pure politics" act, indicated he would not attempt to plug lopholes in the measure until the campaign committee has made its report. He said he was still considering a measure which would set aside treasury funds for the use of major parties in elections and would forbid solicitation of money from any other source.

The principal loophole in the Hatch Act, Gillette declared, is the provision permitting individuals to contribute to local campaigns as well as to their national party committees. Furthermore, he added, the expenses of such organizations as the Willkie and Roosevelt clubs were not included in the $3,000,000 limit imposed upon the Republican and Democratic parties.

USES DYNAMITE TO BLOW SELF TO BITS

BUFFALO, N. Y., Jan. 9—(UP)—William D. Wright, 40, of Rochester, committed suicide today by blowing himself to bits with dynamite in the lobby of a downtown hotel.

According to police, Wright had been evicted from his room last night for non-payment and had spent the night sitting in the Ford hotel lobby. He had registered at the hotel Dec. 11.

Police said they were unable to determine how Wright had exploded the dynamite. Nobody but Wright was hurt and the lobby was undamaged.

able to attack the one type of organism it sually kills) but "more broadly anti-genic" (with more general ability to kill several kinds of organisms).

"This is a broader and more effective immunity than results from actual infection with the influenza virus," the journal commented.

When tested on human volunteers these vaccines in all instances produced a "definite increase" in this "multi-valent" or many-powered virus-killing ability. Whether similar vaccines will be effective with other virus diseases has not been determined.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have a excess of acids in your blood; your 15 miles of kidne tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in you blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

WELCOME LEGISLATORS

A Hearty Welcome To the . . .

LEGISLATORS AND THEIR FAMILIES!

Throughout the years of Missouri's history the biennial visits of the State Legislative body have become pleasant interludes in the Capital City's calender of affairs. These meetings of the Legislature at the State Capitol Building here are rich in tradition and accomplishment. Jefferson City looks proudly back on its privilege of playing host to these many gatherings. The memory of the many pleasurable associations formed with the members of these sessions . . . the men and women representing all sections of this great State . . . will remain forever in the annuals of the Capitol City.

Now, it indeed is a pleasure to extend a hearty welcome to the members of the Sixty First General Assembly, to their families and their friends from all Missouri, who might have occasion to visit them here. Every citizen of Jefferson City joins in the wish that your stay here may be most enjoyable.

The Jefferson City Business Firms Join in This Welcoming Message . . . .

ESS OFFICIAL COMMUNICATIONS TO
THE SECRETARY OF STATE
WASHINGTON, D. C.

DEPARTMENT OF STATE
WASHINGTON

In reply refer to
PR 811.001 Roosevelt, F.D./6943

February 15, 1941

My dear General Watson:

In compliance with the President's memorandum of February 10, 1941, I am enclosing herewith a draft of a suggested letter for his signature addressed to Mr. Maurice Léon of New York who recently sent the President a copy of Défense de L'Amerique by André Chéradame.

You will note that I have made no reference in my draft to Mr. Léon's suggestion that the President grant an appointment to Mr. Chéradame, since it is not a direct request and since I presume that the demands upon the President's time and his previous commitments would make it inadvisable to consider granting such a request.

Mr. Léon's letter is also enclosed herewith.

Sincerely yours,

Stanley Woodward
Acting Chief of Protocol

Enclosures:
Original letter from
Mr. Léon to the President, February 7, 1941;
Draft reply.

44 WALL STREET, NEW YORK

February 7th, 1941.

Dear Mr. President:

I am sending you under separate cover a book by André Chéradame "Défense de L'Amérique" which came off the press in Montreal a week ago today.

I have known Chéradame since 1916. After discovering and making known in 1901 the pan-German plan of world domination, he devoted himself to the task of studying the ways and means of defeating it. During the first half of 1914 he was travelling through the Balkans devising what became the plan of the Balkan campaign, which, according to Ludendorff, when it was carried out in 1918, inflicted a fatal injury on the German war machine. Chéradame had urged that this plan be resorted to at the outset of the war. He kept up a one man campaign and finally won and was proved right by the events.

I discussed Chéradame with the late Theodore Roosevelt. My testimony about what the latter thought of Mr. Chéradame is not necessary since in the book, opposite page 16, is a photographic reproduction of Theodore Roosevelt's letter to Lawrence Abbott dated September 16th, 1918, in which he said:

> "I am not speaking hyperbolically when I say that Mr. Cheradame has literally done more than any other man in the world to make the allied nations understand where the really vital danger from Germany lay."

I am now trying to have an American edition of this book brought out promptly.

I regard Chéradame as the number one authority on pan-Germanism, its origins, history and methods, and the means of defeating it and keeping it from rising again to plague the world. Had Chéradame been listened to at the Peace Conference, the world would not be in the dreadful situation it is in. He is not the sort of man to volunteer advice - he knows too well the futility of that.

But if our government would invite him to come down and confer with those whose business it is to

get all the really useful ideas obtainable from him on how the overthrow of pan-Germanism can best be achieved, he would come. If you gave him an opportunity to meet you, I feel assured that whatever time you gave him would be well spent.

His address in Montreal is c/o Librairie Beauchemin Limitée, 430, rue Saint-Gabriel.

Believe me, dear Mr. President,

Very sincerely yours,

Maurice Léon

The President,
The White House,
Washington, D. C.

[TRANSLATOR'S STATEMENT]

The title of this work is "Défense of America". It is by Andre Cheradame and was published by Editions Beauchemin in 1941. Some of the chapter headings which show the general scope of the work are:

Chapter 1. "The Americans may convince themselves that the Germans are not invincible". This chapter undertakes to show that the "5th column" determined the fall of France; that a long period of failure to understand the German peril led England to the edge of the abyss; and that the disaster of the Old World illustrates the immense peril of ignorance.

Chapter 2 purports to set forth the "Pan German Plan". This chapter traces Pan Germanism back to the 18th century.

Chapter 3 is entitled "The German total war". It devotes some attention to "the invisible war or war of the political sciences" and "the deception machine".

Chapter 5 is on "the contribution of Hitler to the carrying out of the Pan German Plan". Hitler it seems is a great popularizer of the Pan German idea. In other words, he has "democratized" it. This chapter claims Hitler has sacrificed the bourgeoisie to the people.

Chapter 6 is entitled "the responsibility of the German people". One section of this chapter reads: "The Pan German danger proceeds from the mentality of

the

the German people".

Chapter 7 is entitled "The certainties which the Americans can deduce for their defense from the events in Europe".

Chapter 8 is entitled "Solution of the problem of the immediate safety of America", while

Chapter 9 is entitled "Conditions of the definitive security of America."

Chapter 8 consists of no fewer than 19 sections. One or two of the more suggestive titles are:

"XIV. The hypothesis which is not foreseen but is the most probable: the submarine and air invasion of America."

The title of section XV "To destroy the 5th columns of America rapidly is to prevent its invasion."

The book gives reproductions of the following documents:

(1) A letter from Mr. Poincaré, March 15, 1914;

(2) A letter from President Theodore Roosevelt, September 16, 1918;

(3) A letter from Mr. de Jouvenel of June 19, 1919.

It would be impracticable to mention all the views of the writer, but among such views there might be mentioned:

(1) Aiding England is the proper policy in order to keep America out of the war (page 303).

(2) The "5th columns" should be promptly and rigorously put down.

(3) He also thinks the three causes of disaster in Europe were ignorance, treason, and pacifism (page 273).

(4) The writer also believes that "if the 5th columns are not annihilated very quickly America will be subjugated by Germany" (page 348).

(5) In this connection he thinks that large guerrilla forces should be armed for this purpose.

Returning to the subject of Chapter 5, it may be mentioned that the writer makes a rather interesting observation on Hitler. Under the heading "Hitler democratized Pan Germanism in order to make possible its realization" (page 205) the author states that before 1914 Pan German ideas were prevalent mainly among officers, manufacturers and the rich, but that now Hitler, who favors the masses over their employers, has actually succeeded in getting workmen to labor harder and for less wages than formerly as he has won them over by "multiplying social reforms in their favor", and by pleasing them through subduing their employers. They are "happy" to dash against what Hitler calls the

"plutocratic

"plutocratic democracies" and especially "they labor in order to serve their 'moral' ideal which seems to be more important for them than any other considerations . . .The dishwasher of a German brewery accepts joyfully the iron regime of Hitler. He is willing even to remain, if necessary, after the triumph a dishwasher because his German pride . . . is extremely flattered by the prospect of belonging to a people of masters".

The author considers that one reason why Hitler has such a hold on the common people is that he himself came from the common people and knows how they feel.

Dear Mr. President:
With heartfelt honor and sincerity I write this letter hoping I could ... are a great ... much for other fellow Americans.
The reason I wish to meet you?

Leigh Farm
Groveport, Ohio
January 31, 1941

Dear Mr. President:

With heartfelt honor and sincerity 2 write you this letter, knowing y course, as all American youths, that you are much to occupied to answer every request.

Before my father passed away, when 2 w as fine, because y the last war he told me, "Son, if ever in yor life you have an opportunity to meet a great man who has done so much for others and who, because y his own blessings has not forgotten to be a fellow man himself — meet him — meet him." 2 have never forgotten that Mr. President. For many years 2 have wanted to meet you but have been pushed aside or not near enough to Washington. The reason, because to me an American youth you are a great man and have doone so much for other fellow Americans.

The reason 2 wish to meet you?

I have given up my position in radio in Hawaii so that I may volunteer for service in your army. During the past few months I have been seeking the answer for the care of my dependents who have most willingly agreed to my volunteering.

Now, I am going back to where I registered again October last and enlist in our impregnable army. I have had 6 years previous training which will prove advantageous to our work.

During 1939-40 I worked my way to Japan, China and the Philippines to help our Americans there but was sent back to Hawaii after a time as were others, but during that journey I learned six years of knowledge about life other than in the United States. Thank God for America!

It no doubt seems rude and out of place for me to write to you Mr. President, but after I do enlist I will no doubt never get to meet you, our leader.

I will come to Washington D.C. on my way to enlist if there is any possibility I meeting you if only for a moment. I will await your answer Mr. President. If it is necessary that I keep this to myself I will of course. Once I had to keep a secret in Japan I remember or I would have been killed. So I can be trusted.

A sincere, honest request from an American youth to our American leader.

Sincerely,
Robert Leigh

P.S. I understand that you like ships. I sketched one for you this morning.
