Dear President F. D. Roosevelt;

We the Eighth Grade pupils of Holy Family School, Columbus, Ohio, want to tell you, how delighted and pleased we are to have you for our President and Leader.

From all that we have heard, read, and what you have already done, we feel that you have been sent to us, by Divine Providence in this hour of dire distress, to lead this nation back to happiness and prosperity again.

We feel that you will see to it, that our daddies and brothers will be back at work again, and bring joy and happiness to our

once happy homes where we have had nothing but misery, and unhappiness for nearly four years.

Each day our teacher, and class say special for you, and your cabinet, asking God to protect, guide and enlighten you in this most responsible duty.

Our pastor also Rev Father Gressel, says special prayers for you every morning after services.

So we feel confident that with the prayers of the whole nation, you cannot help but lead us back to prosperity.

We are also sending you two religious articles, a Sacred Heart badge, and a crucifix, asking you to carry them on your person, so the Sacred Heart will take special care of you, and protect

~~you from all harm, as we~~
~~could not afford to lose such~~
~~a God given President.~~

We would be delighted and
honored to have one of your
photographs for our Class Room.

Trust you do not think that
we have taken to much liberty
or out stepped our place.

We remain

Your Excellency,

This missive and my little, symbolic token are not intended for Franklin D. Roosevelt, the President of the U. S.

They are humbly intended and respectfully presented to Franklin D. Roosevelt, the human! The leader of men! The champion of the rights of his people! The subject of their confidence and admiration! My own choice of a leader and my own idol ever since I have known his characteristics, i.e. honesty, simplicity and courage, all of which make him a human.

I therefore pray that both my statements and my little symbolic token herewith presented to you from a fellow man be accepted by you with indulgence and forebearance as a simple, symbolic token of gratitude for your first achievement on behalf of your beloved people.

I received this.
Divine message for you.
To present you with a St
Christopher medal.
I am of the Catholic faith.
This medal has been blessed
especially for you.
The message came to me while
in deep prayer.
"You must send a St Christopher
medal to our beloved President
To guard him so he may travel
safely."

Story of St. Christopher

ST. Christopher, one of the most popular saints, was born about 200 A. D., to parents who were rulers in a Pagan kingdom. At an early age he attained enormous size and strength. He resolved because of his strength to serve only a man more powerful than himself and set forth in search of such a master.

In the course of his travels he came across a hut inhabitated by a hermit called Babylas, later bishop of Antioch, who upon hearing Christopher's story, told him he would find such a master in the Creator. Christopher became interested and received instructions in Christianity from Babylas. Upon the completion of these instructions he was baptized by Babylas.

Christopher was not endowed with the gift of fasting, so in order to be of some service he chose to take up his abode on the banks of a turbulent stream and through the medium of his strength to assist travellers across the torrent.

One day a Child called to Christopher for assistance, and crossing the stream he took the Child upon his back and commenced the journey back. As he neared the middle of the stream his load, which had been so light at the start, continued to grow heavier and heavier until he thought he was carrying the whole world upon his shoulders.

Upon reaching the bank he remarked this to the Child, who replied that although he had not carried the world, he had carried the Creator of it.

Received this.
Divine message for you.
To present you with a St
Christopher medal.
I am of the Catholic faith.
This medal has been blessed
especially for you.
The message came to me while
in deep prayer.
"You must send a St Christopher
medal to our beloved President
To guard him so he may travel
safely."

To prove his assertion he planted Christopher's staff in the ground which immediately sprung into a fruit-bearing palm tree.

It is from this incident that Christopher derived his name which means Christ-bearer.

St. Christopher's work at the stream is the reason that travellers adopted him as their patron and at the present time there are but few travellers, especially automobilists, who do not carry some symbol of St. Christopher.
