NRA Design Is Woven By Greeks

Two Local Women Turn Out Elaborate Piece of Hand Work.

One of the most elaborate pieces of hand work displayed here in some time is now to be seen at Fant's Book Store it was made by two local Greek women, Mrs. Terpy Manolas and Mrs. Eugenia Manromatis, who reside on South Main street.

The design, reflecting the patriotism of these two foreign born women who are the wives of former Greek subjects who have been naturalized as American citizens, is a reproduction of the large NRA Blue Eagle poster. The design is done in red and blue on a white background of material which is similar to heavy rayon. The needlework is perfect and many local people who have inspected it have marvelled at its beauty.

My dear Mr. Mononeack:

Your letter of September twentieth has been received and the President has read it with interest. He has requested me to thank you warmly for writing and for the copy of your book, "Human Chips", which you were good enough to send him. He is glad to have the volume and no doubt will enjoy looking through it at a favorable opportunity.

Very sincerely yours,

It is with great pleasure that I send you with my compliments copy of my recent book entitled "Human Chips." I feel that you, as the greatest political thinker and statesman of the period, would find interest in my presentation; particularly as Russia is today much in the public eye.

Dear President Roosevelt:

It is with great pleasure that I send you with my compliments copy of my recent book entitled "Human Chips." I feel that you, as the greatest political leader and statesman of the period, would find interest in my presentation; particularly as Russia is today much in the public eye.

My intimate knowledge of Russia and its people and the conditions through which they have been passing these recent years, enables me so to interpret that I trust my book may be something of a contribution.

The political and military life depicted in the narrative form of the book is built upon historical fact. I send the book to you with high regard.

Yours most sincerely,

Boris V. Monowack.

Washington, D. C.

Honorable Sir:

I am taking the privilege of forwarding to you,
under separate cover, a picture which was inspired by your
obvious success in overcoming the depression.

The picture, as you will note, has as a back-
ground dark clouds, representing the depression, with your
portrait portraying the "dawn of a new deal". The C.C.C.
camp indicates the new deal for the young men of this country.

Hoping you will enjoy this picture as much as
I enjoyed painting it; I remain,

Yours Very Truly,

100% PERFECT PIPE

- A Bowl and stem made from Genuine Briar. Finest Quality.
- B Can't pack a MAIER PIPE—as gunbarrel stem is bored through to bottom of bowl. This large bore prevents tobacco from closing up smoke passage.
- C Hook on end of spiral—digs out pipe heels, pushes back the tobacco, keeps smoke passage free from clogging.
- D Aluminum tube—lines the entire length of pipe stem—prevents briar wood from absorbing tobacco juices. Keeps pipe sweet, prevents strong, foul smelling pipes.
- E Every turn on spiral—is a new cooling surface—smoke passing around spiral, is cooled, prevents bite—burn—sting—of the hot smoke.
- F Every turn on spiral—is a scraper, or cleaner—removes all deposits in the aluminum tube, when spiral is drawn out with the bit, for cleaning purposes.
- G Every turn on spiral is a trap—prevents tobacco juices, or deposits, from being drawn into the mouth.
- H Aluminum tube—prevents pipe stem from splitting, bit tenon from sticking.
- I Shank on spiral—cleans out bit—prevents breaking of bit tenon.
- J Bit—made from best rubber vulcanite.

Hon. Franklin D. Roosevelt, President,

Dear Mr. Roosevelt:

The writer is mailing to you today, for your personal use, one of our hand made, dublin shape, virgin briar pipes, no stain, no varnish, with the 16 inch smoke passage, which we trust you will kindly accept with our compliments.

These pipes color up to a dark chestnut color through use. They are the only pipes that can be well kept. Copy of "FACTS" enclosed with pipe, will tell how to handle pipe. Always keep the groove on the spiral shank up.

Judging from the enclosed picture, the dublin shape pipe is your favorite, and that you still enjoy a real pipe.

We trust it will give you solid pipe comfort, and satisfaction, and will become your daily pal.

With best wishes, we are,

Sincerely yours,

The New Jersey Congress of Parents and Teachers has been holding its annual drive for members. Gloucester City Schools, Camden Co., offered prizes to the Art Class for posters to be used in the drive. The teacher, Mr. W. W. Weiss, told the students the object & use of the posters (they were exhibited in store windows, etc, etc) & forty students submitted original posters.

One of them I am taking the liberty of sending to you, Mr. President, and I feel sure it will interest you to know that a young girl (16 years of age) Miss Sue Missenger made use of the "Blue Eagle" to help the Parent Teacher Associations to secure members, as well as stressing the W.R.A.

Dear Mr. President:

Kindly pardon me for
taking the liberty of sending
this portrait, (I have made an
attempt to paint) of your excellency.
A very humble gift, to the most
brilliant President we have ever
known, and whom we may
well be proud of.

Most Sincerely,

Adelaide Melleny.

Dear Mr. President,

I saw you in Massachusetts when you went to Quincey, Mass. I got a glimpse of you when you went thru the Blue Hills Reservation.

I drew a picture of you, Mr. President. I do hope you will like it. I am sixteen years old, and I'm going to take up Art. I attend the Stetson High School in Randolph.

I was down at Lubec and Eastport, Maine. I could look over to Campbell's Island and see your summer home. Proud townspeople proudly pointed it out to me. My mother comes from Lubec, and her parents,

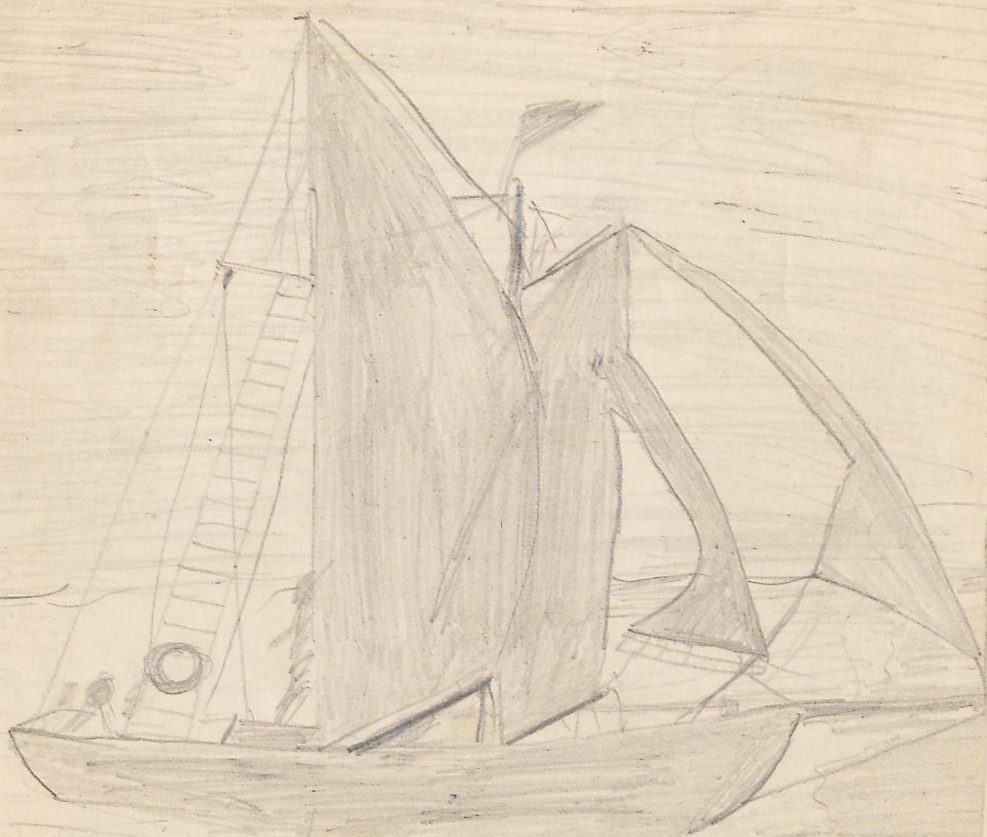

came from Eastport. They had a
little farm down there. I
have spent my summers there
ever since I was a year old.
I love it. I used to walk
along the beach and gather
pretty pebbles. My uncle always
hunts down in Lubec, and
have you ever seen darker
woods than those in Maine?
I haven't. I don't wonder you
love the place, and the sea.
I think that the Maine Coast
is wonderful.

Mr. President, my little
brother insisted upon sending
a picture of schooner "Amber
Jack," which he saw this summer.
so I am enclosing his letter,
such as it is.

Respectfully,

My dear Mr. Roosevelt:

It is a pleasure indeed that I have the opportunity of writing you, Mr. Roosevelt, my approval of the N.R.A. and the path you have surveyed through a multitude of difficulties, and I am sure the country has taken on a hopeful view of things since you have taken hold of the reins to steer the nation straight ahead from out of an uncertain situation, to a higher and more secure level where, under a Harvest Moon, there is plenty.

In tracing the years of my earliest recollection, I cannot remember a time when the country was more in need of the right man, to the right place, at the right time - A Man of Destiny. When people pull themselves out of a depressed state of mind, a great load will then have been lifted. The Country is pulling out and there is a brighter way ahead. The people must have faith.

I had faith when I undertook to have published a book on bells, when you were elected to fill the Presidential Chair, and my faith has never glimmered. I turned a deaf ear to "these times" and broke through the "lines". I faced the wall of most trying odds, to be sure, but today, BELLS: THEIR HISTORY AND ROMANCE, is in universities, schools, public and private libraries from California to New York, and in foreign countries.

My Dear Sir,

On the night of September 26th 1933, the City of Rochester staged a spectacular demonstration in honor of the N. R. A.

The people of this city responded one hundred percent to this grand showing of patriotism.

Our little four year old daughter wanted to do her part in this large celebration and we decided the most appropriate

Sir:

On October 14th, I wrote you the reasons for the delay in Mr. Trusty's arriving in Maine with his plane. He arrived here last night and is prepared to fly to Washington and drop the potatoes at Hoover Field at the exact time and place you designate, and which is convenient for the President to accept this gift from the people of the State of Maine.

In order that no inconvenience will be caused anyone, Mr. Trusty will fly to Baltimore and be prepared to drop the potatoes at the exact hour and place, so that they may be delivered to the President without any inconvenience to him.

Mr. Trusty plans to arrive at the time designated by you regardless of weather conditions. Anytime you designate after Monday, October 23rd will be satisfactory and we are prepared to cooperate with you in every manner.

Will you kindly wire your pleasure in this matter.
