The President received your letter of January fourth and has read it with interest. He thanks you and your associate CWA workers for the fine gift presented to him and is grateful for this evidence of their interest and good will.

Very sincerely yours,

Dear Mr. President:

One hundred thirty-eight thankful, appreciative men offer this token of our sincere gratitude for the great work you have done for us and millions of others by the installation of the Civil Works Administration.

A dime each was eagerly given by every man -- they would gladly have given much more. A bronze metal worker in the group earnestly worked on his own time without pay. The size of the gift is small, but it is tendered for your acceptance with profound admiration and respect.

My dear Mr. Speaker:

Your letter of January third has been received December 15, 1933

and the President thanks you for your courtesy in

President Franklin D. Roosevelt
White House
Washington, D. C.

Your Excellency:

By separate mail I am sending you a
"Biography of Franklin D. Roosevelt," the work
of my son, William E. McDonald, 3rd, a "cum
laude" freshman at the Winchester High School;
he has just passed his 13th birthday.

In a preponderantly Republican "col-
lege freshman class" in a strongly Republican
town, Bill is one of the two pupils who com-
prise the Democratic personnel.

Mrs. McDonald and I felt that you
would enjoy seeing this honest-to-goodness
rating which one boy gives his president. In-
cidentally, the English teacher in showing the
Biography to the class said that though the
mark "A" expressed but little the Biography
itself was good, exceptionally good, work for
a freshman.

May I ask that you return the little
pamphlet after you have looked it over?

With best wishes to you and your
splendid wife and family for a holy and healthy
Christmas I am

Most sincerely,

Dear Mr. President:

Under separate cover I am sending you a group of Christmas Tree Lights which is in accordance with your statement given to reporters and printed in the St. Louis Post-Dispatch that you favored the old style candle light. For sometime I have been working along this same idea and believe I have come upon something that will replace the old style candle with more safety and same effect, therefore I take great pleasure in presenting to you my first group of lights, which of course are somewhat crude due to the fact that I have not the proper means to promote this as it should be. Dear Sir,

I cannot thank you enough that my husband got work on the C. & N. A. for about two years he has had no work of any account. I worked for a lady that has a clothing store and that way I got most of Mr Maurer's clothes. Then when the relief was established some men & women came around and questioned the people concerning their affairs. Asked whether we had any money in bank & all such foolish questions and when they were through they just laughed it off. I nearly always put some

of my earnings in bank so I have
money when the time comes to
pay my taxes & I don't think people
have a right to question such things
unless one has money enough to
live off. Well I hear we are going
to have a new Post Master hope
things will be better there. There
is some one that belongs to the P.O.
staff that don't do their business
right who it is, it cannot be found
out. Hope things will be better
all around soon. Here I'm
sending you another till maybe
it will be of some use to some
one. I work hard and try to
make an honest living. It has
always been my desire to own a
silk dress, but I've never been able
to see my way clear to get one there
were always debts to pay & expenses
to meet that I never got my desire.
Well I hope all will turn out
well and good as it should
be if you follow your words in
your inaugural address all will
be well. Wishing you & your
family Gods blessing (I hope about a

My Dear Mr, OR Miss, LeHand,

I most umbley beg your parden at this time, well knowing
yourmanny bothersom letters.
But PLEASE O PLEASE, let Mr, Roesenvelt. see and read this letter.
I am the old vetran duckshooter, mossback that presented him
with a famious Mansker Big Lake duck call with the SILVER REED,
your letter attc as proof.

My Dear President of U.S.A,

Mr Franklen.D. Rosenvelt Pres, I am now permently
located and have taken the Indivual work of Conservation,
of game, Being a old vetran mossback duckshooter in the yers
of 1880 & 90tys, devoted my life study since I were 10yr of age
I have given the studt of the duck thst flys the flyway of the
Mississippi Rver valey,

Practley I have shot them from the border of
Idaho to Mark Tree Arkansas,
It is now desire to try and help establish back the wild life as
near as posable that were in those dayso of 80ty & 90tys,
I find the worst enimey to our game are the natives of all
most all communities,

While in the Ozark Mt of Misoura I found natives
who killed the wild game at all times of the season,
If there can be and you see fit, give me a commison where by
I can exicute justice to our game (my State Authorites has
refused my request, as I am no Politican or stool pigeon for
there Gang, I never bite the hand that feeds me.) I assure you
that I will not be mean in this case, but will devote as much of my
time as posable inthe conservation of fish and GAME ,

I ask NO compensation what ever, Not asking for a apointment
simpley this little favor if it can be did I have no illwill
toward our Sportsmen, but rather a respect,
If it had bin for our sportsmen ,who owned private Lakes and
Ponds our ducks to day would have instict to day , owing to
Big buisnes draining our lakes marshes merley for the sake of
the \$ involved in ihr operation.

I derive my living from our duckshooting sportsnen as I am
the second best Hollow wood duck decoy maker in the U. S. A?
and by far ,make the best duck caller, I under stand the duck
customs habits, etc

Not bosting I clame the Championship of all
duck callers in ihe Misipa Rv valey and can subustanseuate

I allso teach through mail how to call the

Dear Mr. Howe:

Charles Murray of 112 South 30th Street,

He has a son, B.C. Murray, now living in

My dear Mr. Howe:

At the request of Mr. Charles Murray, 112 South 30th St.,
of this city, I am sending you a picture that is a gift
for Mr. Roosevelt.

The picture, which is of Mr. Roosevelt, was drawn by Mr.
Murray's son, Burtman, who is a resident of Minneapolis.
The sketch was made when Mr. Roosevelt was in Minneapo-
lis and the portrait has just been completed.

Mr. Burtman Murray is employed as a decorator at the
Orpheum theater in Minneapolis, and as I understand,
although he has never had any instruction, he has
always loved to sketch and paint.

Mr. Murray, Sr. is a man of very modest means and is
rightly proud of his son. We made a copy of the picture
for our paper and ran a little story about the gift.
It is with the greatest pleasure that I am writing this
letter for Mr. Murray and thus playing a small part in
such a genuine tribute.

Most sincerely,

Hon. Franklin D. Roosevelt,
President of the United States,

Dear President Roosevelt:

Within a few days you will receive a carton of fresh dates grown on the ranch of Colonel Dale Bumstead, Phoenix, Arizona. Mrs. Bumstead is the originator of this new method of marketing dates, in which they reach the consumer just as they were picked from the palm trees. These dates are picked from the direct descendants of the palms which furnished fruit for the feasts of the Pharaohs, and the banquets of King Solomon.

Our first mailing of fruits began with a McIntosh apple from your own orchard. The McIntosh grows successfully in the coldest climes of the American states. The date extends our monthly fruit mailings from the rigorous climes of the extreme North to that of our tropical Southwest, where the date is grown on palms reminiscent of Cleopatra and the Nile. Rich in glamorous tradition and the glorious history of the Far East, the history of date growing extends as far back as we have records, and further still into the dim mists that preceded the dawn of civilization.

The fresh date is the latest fruit to demand a place on the American table. Of all the fruits grown in the world, dates come the nearest to being a natural confection. The date industry is one of the important fruit activities that may be expanded profitably in the United States.

AMERICAN FRUIT GROWER is endeavoring to emphasize through its monthly fruit mailings to America's industrial leaders the importance, the romance of the various branches of our commercial fruit growing industry. It is the one publication which gives effective coverage of the extensive fruit areas of the United States. Commercial fruit growing is one of the few divisions of agriculture that has held its own during the lean periods of the past few years.

Fruit growers made money in 1933. They represent a profitable market.

My
Medal

'Tis only a scrap of silv'ry ore,
Yet more than treasure trove,
For Mary herself has giv'n to me
Freely this sign of love,
Her image is there with outstretched
arms,
Cross and the Hearts Divine,
A Heart that is pierced with sharpest
blade,
Thorns do the Other twine.

'Tis only a scrap of silv'ry ore,
Mark of a Mother's care;
And on it she graven in simple words,
Simply a Mother's pray'r:
"O Mary, conceived without a stain,
Void of our sin's decree,
Pray for us now and ever more
Having recourse to thee."

'Tis only a scrap of silv'ry ore
Hanging upon my breast;
But with it come peace and golden joy,
Mercy and final rest,
So leave to the world its tinsel wealth,
Power and gaudy love;
But let me retain my tiny scrap,
Scrap of the silv'ry ore.

My Medal

'Tis only a scrap of silv'ry ore,
Yet more than treasure trove,
For Mary herself has giv'n to me
Freely this sign of love,
Her image is there with outstretched
arms,

Cross and the Hearts Divine,
A Heart that is pierced with sharpest
blade,
Thorns do the Other twine.

'Tis only a scrap of silv'ry ore,
Mark of a Mother's care;
And on it she graven in simple words,
Simply a Mother's pray'r:
"O Mary, conceived without a stain,
Void of our sin's decree,
Pray for us now and ever more
Having recourse to thee."

'Tis only a scrap of silv'ry ore
Hanging upon my breast;
But with it come peace and golden joy,
Mercy and final rest,
So leave to the world its tinsel wealth,
Power and gaudy lore;
But let me retain my tiny scrap,
Scrap of the silv'ry ore.

Dear President -

I have heard of so many letters written to you, and I have thought of it long ago so I decided I would do it at last. I want to congratulate you, dear President, on the wonderful work you have done for our country since you are in office.

I want to tell you also that you are remembered every day by all of us in our prayers as it is a big responsibility on your shoulders. The school children and religious alike, all remember you.
