President M.

Senator Brown's (Michigan) office
phoned.

+ P.P. 7. 9-m
The Michigan Cherry Festival Queen
wants to come to Washington next week to
present to the President the annual Cherry
Pie.

Mr. O'Day in the Senator's office
would like to be notified which day would
be convenient. I explained that I thought
it was customary for you to receive said
pie on the President's behalf. Will you
advise him or me which date - July 5, 6 or

Reading about your contemplated trip across
the country, and as one of your loyal admirers and faith-

supplying you with Mountain Valley Mineral Water on
your trip. This will safeguard your health against changes
of water around the country.

As we have offices all over the country,
each independently owned and operated, I can arrange to
put a few cases on the train at Washington, Memphis,
Louisville, Los Angeles and any other points specified,
or we can arrange to put on enough for the entire
trip in Washington, figuring a half gallon bottle per day.

As you probably know, Mountain Valley is
a mildly alkaline mineral water from Hot Springs, Ark. It
is a soft delicious table water, enabling a person to drink
a great deal more than you could of the hard waters of the
West.

My offer is to supply the water gratuitously,
of course, and I know it will help to make your ^{trip} more

My dear Mr. Roosevelt:

I am taking the liberty of sending you "7 Shifts." At first sight you may say "What interest would seven British workmen have for the President of the United States?" I have come to the conclusion, however, after a long and intimate contact with the British worker that in him we find the truest English spirit. I am fully convinced too that for actual patriotism there is more in the American worker than we find among the upper classes of our country. I am happy to see that you are sending a number of distinguished Americans to examine working conditions in Great Britain, and I thought you might get some pleasure out of "7 Shifts."

I am also sending you "My Mind a Kingdom" by George Thomas who has demonstrated the power of mind over the disabilities of the body.

I cannot say that I always agree with you; but I take the liberty of supporting you, and your integrity against all opponents.

My dear Mr. McIntyre:

Your letter of September sixth, to Mr. Marvin H. McIntyre has been referred by him to me with the request that I send you this little note to thank you for your friendly interest in writing and sending the two calendars. I will be glad to present one of these calendars to the President as you suggest, and I am sure that he will appreciate your nice thought of him. Please let me thank you, too, in the President's behalf, for the expression of approval of his leadership which your communication conveys.

My dear Namesake:-

Under another cover I am sending you, with my compliments, two copies of my 250-year Calendars one for yourself and the other for the President. I am sure you will find it interesting, entertaining and instructive.

I have never had the honor of meeting the President but my brother, Edward, buyer for Brooks Bros. of New York, and Mr. Roosevelt know each other very well.

Although I am nominally a Republican I firmly believe in the President and am sure he is doing his utmost to bring order out of chaos, and am convinced there is none who can do a better job. Because of his experience, sincerity and sterling American manhood I am with him 100 per cent.

In every great crisis in American history God has raised a Moses to lead his people out of bondage into the Promise Land of social and economic security and Franklin D. Roosevelt is the Modern Moses who is doing that very thing.

Because of the research value of this Calendar friends have advised that some National industry be allowed to use it for advertising. Should you know of anyone who might be interested, kindly advise.

With warm personal greetings and every wish for your good health and prosperity, I am,

Sincerely yours,

Wm. H. McIntyre

SYMPATHETIC?

The world is sympathetic; this statement
none can doubt.
When A's in trouble, don't we think that
B should help him out?
Of course, we haven't time ourselves to
care for any one,
But yet we hope that other folks will see
that it is done.
We want the grief and penury of earth to
be relieved;
We'd have the battle grandly fought, the
victories achieved;
We do not care to take the lead and stand
the brush and brunt;
At lifting we're a failure, but we're splen-
did on the grunt.

And there are others, so we find, as on
our way we jog,
Who want to do their lifting on the small
end of the log;
They do a lot of blowing, and they strive
to make it known
That were there no one else to help, they'd
lift it all alone.
If talking were effective, there are scores
and scores of men
Who'd move a mountain off its base and
move it back again.
But as a class, to state it plain, in lan-
guage true and blunt,
They're never worth a cent in life, for all
they do is grunt.

DON'T YOU WORRY

There's a town of Don't-You-Worry,
On the banks of the river Smile;
Where the Cheer-Up and Be-Happy
Blossom sweetly all the while.
Where the Never-Grumble flower
Blooms beside the fragrant Try,
And the Ne'er-Give-Up and Patience
Point their faces to the sky.

In the valley of Contentment,
In the presence of I-Will,
You will find this lovely city,
At the foot of No-Fret hill.
There are thoroughfares delightful
In this charming little town,
And on every hand are shade trees
Named the Very-Seldom-Frown.

Rustic benches quite enticing
You'll find scattered here and there;
And to each a vine is clinging
Called the Frequent-Earnest-Prayer.
Everybody there is happy,
And is singing all the while,
In the town of Don't-You-Worry,
On the banks of the River Smile.

WHICH PAYS BEST?

I hate to be a kicker, I always long for
peace,
But the wheel that does the squeaking is
the one that gets the grease.
It's nice to be a peaceful soul, and not too
hard to please,
But the dog that's always scratching is
the one that has the flees.

I hate to be a kicker, means nothing in a
show—

For the kickers in the chorus are the ones
that get the dough.

The art of soft soap spreading is a thing
that palls and stales,

But the guy that wields the hammer is the
one that drives the nails.

Let us not put any notions that are harm-
ful in your head,

But the baby that keeps yelling is the one
that gets fed.

TELL HIM NOW!

If with pleasure you are viewing
Any work a man is doing,
And you like him or you love him,
tell him now,
Don't withhold your approbation
Till the parson makes oration,
As he lies with snowy lilies on his
brow.

For no matter how you shout it,
He won't really care about it,
He won't know how many tear-drops
have been shed.
If you think some praise is due him,
Now's the time to slip it to him,
For he cannot read his tombstone
when he's dead.

More than fame or more than money
Is the comment kind and sunny
And the hearty warm approval of
a friend;
For it gives to him a savor
And makes him stronger, braver,
And gives you heart and spirit to
the end.

If he earns your praise, bestow it;
If you like him, let him know it;
Let the words of true encouragement
be said.

Do not wait 'till life is over,
And he's underneath the clover,
For he cannot read his tombstone
when he's dead.

COMMITTEE ON APPROPRIATIONS

1938-1939
Santa Barbara, California,
October 4, 1938.

PERSONAL

Dear Frank:

I found a pair of "Queens" on one of my avocado trees yesterday, so I promptly put them in a box with half a dozen "Myopans," and sent them by parcel post to you at Hyde Park. These avocados are out of season. As you know, they do not ripen on the tree, but stay there until they fall off. I hope that when they soften up you will find them to your taste. Our best varieties are ready to pick in February and March. I shall not forget you then. We have a big crop this year.

The only trouble with this product is that one can never get anything in the way of money for it. Two years ago I think I received a gross return of \$3.50 for my avocado crop! The quality of the fruit and the size of the crop were normal, but there was no market.

I am glad to hear that Jimmy is taking advantage of the hospitality of our good friend, Walter P. Murphy, by occupying his lovely house at Hollister, California. We are having gorgeous weather now, and I know that Jimmy will enjoy Mr. Murphy's place. I hope that soon he will be absolutely well.

I shall send you a line about politics as soon as I have my bearings.

I delivered your message to Doris about not seeing me again unless she accompanied me. She is delighted and says she hopes you mean it. So do I, because I have always wanted an open sesame, and now I have found it.

Doris joins me in warm regards to Mrs. Roosevelt and yourself.

Dear Madam,

With this mail I am sending a copy of
the Dud Dean Yarns for President Roosevelt. These are
from the many Maine-flavored Yankee tales that have
appeared for many years in Field and Stream.

Two or three of these stories have their
setting at Pierce Pond, in northern Somerset County,
where Mr. and Mrs. Boettiger fished in 1936.

I wish that our President would sample

Miss LeHand transmitted to him, for draft of acknowledgment for the President to send to Mr. Iwahashi, letter addressed to the President September 24, 1938 from Miss Helen Keller, Forest Hills, New York, forwarding to the President tokens of gratitude from Japan, and requesting that an acknowledgment be made to Mr. Takeo Iwahashi, Light House for the Blind, Osaka, Japan. Attached is article describing "The Mask of Bodhisattva", and indicating the gifts are from the Society of Old Masks used for Music Dancing. Miss Keller commented upon Mr. James Roosevelt's illness.-- In accordance with draft submitted by Mr. Summerlin on October 29th, the President wrote Mr. Iwahashi the same date, stating it gives him real pleasure to acknowledge the receipt, through the medium of Miss Helen Keller, of the Mask of Bidhisattva, the album of photographs, and the paintings on rice paper. -- As Mr. Summerlin suggested, Miss LeHand returned to him, for delivery, the President's letter to Mr. Iwahashi, on Oct. 31st.

My dear Mr McIntyre

I am sending you with this same post my wife's recent book "Maria Theresa, The Last Conservative". Would you be good enough to please see that The President receives it.

Knowing his interest in biographies, I thought it might please him to have it.

With this letter goes my warmest regards to you. I hope you are well and not too much overworked.

Sincerely your friend

Dear Mac:

I enclose a letter for the President, which I wish you would bring to his attention.

Will you be so kind as to look out for the box of avocados I sent him today by Parcel Post, Special Delivery, because these avocados are perishable, and I think they ought to get into the refrigerator as soon as possible.

A little later on, when the right time to pick them arrives, I am going to send Mrs. McIntyre a box containing so many she won't know what to do with them.

We are going to have a whale of a crop this year. The few I send the President are just the advance guard.

I hope all goes well with you.

Best regards.

Cordially yours,

W. G. McIntyre

My dear Senator:

Upon our return to Washington last evening after spending the past week in Hyde Park, the President found that grand box of avocados which you sent reposing in the refrigerator.

This morning he asked me to be sure to write you today to thank you for them and to tell you how delighted he is to have them.

Mrs. McIntyre has asked me to tell you how much she appreciates your thoughtfulness in saying you are going to send her a box a little later on. You are mighty nice to remember her.

MEMO FOR MARY

HAVE THESE ARRIVED?

G.

States Senate

TEE ON APPROPRIATIONS

Santa Barbara, California,
November 2, 1938.

PERSONAL AND CONFIDENTIAL

Dear Frank:

I am sending you a few samples of avocados, which I hope may reach you in good order. The round variety is what we call the "Myopan"; the green, oblong type is the well-known "Fuerte"; and the very smooth-skinned, pear-shaped variety, with a beautiful purple color, is the "Pueblo." Don't take the trouble to acknowledge them. I hope you will be duly impressed with my achievements as an agriculturist!

Jim Farley asked me two weeks or more ago, what I thought of the outlook in California, and I wrote him quite frankly, stating, that from the best opinion of those who were well-informed about the confused condition in the state, Olson's election as Governor seemed certain; that Downey for Senator and Patterson for Lieutenant Governor might be defeated.

I also told Jim that I was taking no part in the campaign, since, having agreed to take the Chairmanship of the Board of the Dollar Steamship Lines, I did not want to involve the new work in politics, directly or indirectly.

Since my letter to Jim, the situation has clarified somewhat, and it is now my opinion that Olson, Patterson and Downey will all be elected by reduced majorities.

I hope to have the pleasure of seeing you in Washington about the middle of November - and this time I am bringing Mrs. McAdoo with me. She joins me in warm regards to you.

Cordially yours,

W. McAdoo
