Dear Mr. President:

The other evening when you were
on the air, I heard you say: you were
praying and requested we pray with
you. Thank you Mr. Roosevelt for
this message to our people.

May 31, is the Feast of the Sacred Heart
of Jesus. He understands all our needs,
but, we must "ask," and we shall receive;
"seek" and we shall find, "knock" and
it shall be opened unto us.

The last time I sent you a Sacred
Heart badge was before you were elected
the first time. I, your remember,
when I learned you were going to see
the Governor at Albany, N.Y. I sent the
P.H. badge in care of him for you

and Mrs. Roosevelt. I feared for you then, and now, I fear for you again.

I hope you will pardon the liberty but I am also enclosing a couple of cards one for you and one for Mrs. Roosevelt.

They are printed especially for non-catholics and is known as the "Apostolate to Assist Dying Non-Catholics". But, we have found, these cards are very valuable also for persons who are unwell.

Personally, I have found anyone who uses them by reading them daily and promote this Apostolic work receives many blessings.

I had hoped when I came to Washington D.C. the latter part of June to visit my cousin (Dr. James L. Caranagh) at "Schuyler Arms" apt. to deliver these cards in person if I may, but have them framed so you and Mrs. Roosevelt could keep them in your bedroom and read them when you say your prayers night and morning.

But, as much as I would appreciate

get

the privilege and honor of meeting
you, I feel hearing about our
catastrophe after our return, those prayers
should be in your hands as soon
as possible, so am mailing them now.

Incidentally, I have often pondered,
if you had that Sacred Heart Badge
with you the time you almost got
shot.

I am sure God will hear our prayers;
prayer can move mountains.

Trusting the Sacred Heart of Jesus
will watch over us and be merciful to
those in Europe.

Yours sincerely in J. M. J. A. T.
(Miss.) Rose D. Scholley.

Dear Mr. President;

Because of your position as chief executive of our nation, and the interests of war and peace having increased so greatly in the immediate past, we felt it only right to send you a complimentary copy of our annual, which shows what the younger generation of our nation thinks about this issue which is a question of the world. Because of the present crisis we feel that it has been only fitting to dedicate this annual to peace. It has been constructed entirely by the senior class of only eleven members, advised by two instructors.

We hope this annual will convey to you our thoughts and ideals on peace as effectively as we tried to place them within it.

Yours in the interests of peace,

Senior Class of 1940

June 24. 1940;

Mr. President of U.S.:

I am sending you a
blessed medal of our blessed Mother
which may not mean much to
you, but it shall be as a sign
in thy hand, and as a memorial
before thine eyes—

I have petitioned her in a
Novena commencing July 1st in
a fiftyfour day prayer of the
rosary asking her to keep us
out of war, and war on our America
also that the light of Holy Ghost
will be bestowed upon wicked
leaders of the U.S.A. and Europe

obey, and one of them say those
shall not kill, all good Christians
will die for their faith and
country, but not for a bunch
of war mongers, international bankers
or politicians that howl into our
ears to help the Allies, our interest
is at home and not in Europe, why
spill the blood of our youth on European
soil, our constitution protects us
from foreign entanglement why
not abide it to it.

I plea with our Blessed Mother and
her Son, that they come near to
us their children, receive from
their hand that crown which
those who are but dust of earth
try to seize from them, the

of this Law, but they will lose
their thrones, they say Christ's
Gospel is out of date, and hinders
progress, and must no longer be
considered, they who say this soon
disappear into obscurity and are
forgotten, the proud, the
wordly, those who possess
unlawful riches, whose who
thirst for riches, honors and pleasures
alone, declaring his moral law
to be for past ages, will be
hurled against the Rock of
Calvary, those who see the
dawn of material civilization,
divorced from God, will surely die,
poisoned by their own false
doctrine, deserted and cursed
by their own children, whilst

we, who would console him, will
continue to salute him as Christ
the King, yes we ask him to
put to flight Lucifer, the

our homes, schools and society,
force him and his agents into

the ten commandments and
our constitution that exist for

MEMO FOR MISSY

Ever so many thanks for

Miss M. A. Le Hand,
The White House,

F. D. R.

A friend has given us
a very clever idea in the way of a most unusual and
personalized piece of home decoration, something, we
think, the President might like for his Krum Elbow
study.

It is in the form of a four-
foot screen, approximately 7' tall by 10' wide.
I have before me a photograph of one that was made
for the owner of the Shearer estate at Culpeper,
Virginia. The background consists of an aerial
view of the estate and on this are eight cartouches.
The cartouches have portraits of the owner and his
daughter mounted on their favorite hunters; a close
up view of the walled pictures of the live stock he
has raised, etc.

Of course there is no end to the
combinations that could be incorporated into such a
screen. For the President I had in mind for the back
ground a Hudson River scene, and for the cartouches or
inserts picturizations of his different hobbies, and,
of course, a portrait of him at one of them. All the
work can be done from photographs or prints.

This description may be difficult
to visualize, so, if you wish I will be glad to send
the photograph of the one we have for you to submit to
the President.

money goes for that purpose.
 Give them nothing to
 reply to. Of course, you
 must run again, you
 were here for this test
 & purpose I feel sure.

May I suggest giving the
 unemployed jobs training?
 Even a small salary would
 help them. I am unemployed,
 & have been for two years my
 husband, smart & an excellent
 chauffeur is driving a cab.
 We have barely enough to
 go on, but & we are not on
 relief. (- yet.)

I'm enclosing a "St. Anthony
 Lily", please put away in your
 wallet, it will help to give
 you strength and guide

Send our bags "over there."
 Help with material things
 all you can, but I feel it
 would be another "Belgium"
 incident if we gave men.
 They might be lost over
 there & this country, the
 New World, left improperly
 defended. You are a very
 smart man also a good
 one & that is important. Do
 not let certain papers, or
 your enemies or friends for
 that matter sway you from
 what you feel in your heart
 is right. See that the defence
 program is started & not
 talked about & that the

you. Please do not just
throw it away, (I don't believe
you will) return it to me
if you feel you can not keep
it. Please advise France &
England besides asking
for material aid which
I hope we can give them
in time, to pray to God
for help, only he can stop
the devil when he gets
too far. I am not eccentric
or a religious fanatic, I've never
written any one things like
this before, but I know you
believe in God & those men
have chosen science in place
of Him & now they suffer.
Thank you for reading this.

BATCHELOR, Joseph E.
Designer and craftsman in
Stained and Leaded Glass
Haddonfield, New Jersey

Wrote to the President asking if they may have the honor and privilege to donate an antique glass window or medallion in one of the windows in the new Hyde Park library. Says his Spanish son-in-law, Jose Llera, has in mind incidents in the life of Matthew Fontaine Maury which would make the background for a figure or bust study. It would be necessary for him to have the particular window size to determine the proportions, and a sketch would be submitted for possible suggestions and approval. Discussed the Marine Corps Emblem with his son-in-law, but has decided that he prefers the wider scope of possibilities and fitness of a Maury study. His daughter is studying Spanish in Puerto Rico in the hope that she and Jose may be of service to the Government some day in Latin American relations. -- Miss Leland replied on behalf of the President on July 25, 1940, saying that she brought Mr. Batchelor's letter to the attention of the Architect of the new library, and he advises her that the type of building which has been constructed is not such as to suggest the use of an antique glass window or medallion. Architect feels that the special treatment of any of the windows would be inappropriate in a building for which the design is based on the early architecture of Dutchess County. President is nonetheless grateful and send his sincere thanks. -- (Miss Leland's reply is as per information received from Mr. L. A. Simon, Supervising Architect's Office, Public Buildings Administration, July 22, 1940, in response to Miss Leland's memo of July 18, 1940.)
