The President's son, Elliott, saw the picture and liked it so well, he asked if it would be possible to get another copy for his wife Ruth. Would it be too much trouble to have another enlargement made, which we would be glad to pay for, and send it to Mrs. Elliott Roosevelt at Fort Worth, Texas?

Dear Sergeant Morgan:

I am sorry for the long delay in writing to thank you for your nice letter enclosing that very delightful sketch of Mrs. Elliott Roosevelt which I shall be very happy to forward to Colonel Roosevelt who is now in England. I know he will appreciate your thoughtfulness.

I really do want another large picture of the group, as Colonel Roosevelt thought his wife would like to have one for their family pictures. It is a particularly nice one because it is so informal.

Many thanks.

Dear Miss Tully,

Inclosed you will find a sketching of Mrs. Elliot Roosevelt taken from the original negative of the Col. and his wife, while attending a golf exhibition at the Broadmoor Golf Club, Colorado Springs.

I wish you would kindly forward, this little gift, to the Colonel with the compliments of the men and, officers stationed at the Colorado Springs Air Base; as I have been unable to obtain his address.

At this time I wish to correct a erroneous impression, that my Dad might have left in his last ---- letter to the President, in that although I was fortunate enough to catch the Colonel and, his wife in a candid picture, this sketch was made by my Dad at his studio in Brooklyn, New York. For I think it will be many a year before I will be able to obtain his rigid standard of quality.

Hoping that I have not put you through too much trouble,

I remain,

Respectfully,
Sgt. Hamilton Morgan.

P. S. Should I be able to be of future service before Oct. 10, 1942 please write to Sgt. Hamilton Morgan, 5000 - 15 Ave, Brooklyn, New York as I will be on fourlough until then. After Oct. 10 I will be at the above address.

Dear Sir:-

I am presenting to you a cane which has been handed down in our family since 1776. The owner of this cane was my great grandfather, born in Holland and came to Philadelphia in 1770. He was the first engraver and silversmith established in Philadelphia at 502 Chestnut Street, opposite the old State House. His mother's maiden name was Roosevelt and his name was Franklin Rice. He was married at Christ Church in 1772. That is where he was baptized and adopted the name of Franklin.

If you would care to know the real history of this cane I would be willing to forward it to you.

Very truly yours,

My Dear Mr. President

In spite of the added burden of draft board duty and the increased demands upon the civilian obstetrician, I have just completed for exhibit in the state library a set of painted patriotic china plates.

Included in this set besides a portrait plate, is a very personalized ash tray with your signature painted in gold. I had hoped to complete it sufficiently early to send it to you before the exhibit which begins November 9th. Professional work and emergencies have made this impossible.

I shall send the tray to you promptly at the close of the exhibit. However it is my intention to sell the other items and any others I can complete, and turn the proceeds over to war relief.

Your kind acceptance of this unusual tray would enhance the sale of the other items for an unquestionably worthy cause. I am trying to do my part in the war effort.

11-16-42

The President wrote to President Avila Camacho saying he has received the machine gun and ammunition which he so kindly gave to General (Stanley D.) Embick to transmit to him. Assured President Camacho that he will inspect this weapon with great interest, as a symbol of the efficiency of the Mexican Army. Said he is informed that this is a very excellent type and the Ordnance Dept. has asked that they be allowed to goover it very thoroughly for their information and guidance. -- The President's letter to President Camacho is as per draft supplied by Stanley Woodward, Dept. of State, by memo for Gen. Watson, Nov. 10, 1942 in response to the General's memo for Mr. Summerlin, Nov. 5, 1942. -- Attached are inter-office communications re receiving the gun and acknowledging receipt of it, also re permission for Ordnance Dept. to examine the weapon before the President finally disposes of it. --- Also attached is memorandum for Gen. Watson from Col. J. C. Raaen, Ord. Dept., Executive Officer, War Dept., Nov. 23, 1942 making formal request for the gun in order that it might be examined, and memo signed by Capt. C. E. Hon. Franklin D. Roosevelt,
President of the United States,
Washington, D. C.

Your Excellency:

I am taking the liberty of presenting to you, under separate cover, a tablet on which there is inscribed the Ten Commandments, to be used as a post-war measure in the manner I will describe below.

They say, in time of peace, prepare for war, and in time of war, prepare for peace. We failed to prepare for war during peace time, so let's prepare for peace during this war. If every soldier, including Hitler and Mussolini, after World War I, had been given the Ten Commandments with their honorable discharges, as a guide for a new way of life, we might have avoided all the gangsterism, Fascism and Hitlerism that developed in the world.

Now, of necessity, the cream of our youth has been taught to hate, shoot and kill, for the protection of themselves and their country. After their glorious and victorious return, we will, of course, give them the usual honorable discharge, parades and public acclamation. I respectfully suggest that in addition, each soldier receive with his honorable discharge the tablet I have mentioned, with the Ten Commandments engraved thereon, so that each soldier can have the Commandments before him to teach him his new way of life. This, I am sure, will prevent hate, dictators and wars.

This war should go down in history as the "Last War", and we may yet live to see the fulfillment of the prophecy of "turning swords and spears into plow shares."

I hope my suggestion will receive your favorable consideration, and that you will so advise me.

Respectfully yours,

Joseph B. Melman

"The work is great, for a house is prepared not for man but for God." 1. Par.

A Request

Since its establishment in 1915 The Central Association of the Miraculous Medal has worked earnestly in the interests of young men studying for the Priesthood. Its success has been due to a very great extent to the prayers offered for it by its friends. It is now engaged in completing a new major Seminary near Allentown, Pa., to replace the old Seminary at Germantown which was over-crowded, and naturally, we appeal for prayers to those who are devoted to the Priesthood of Mary's Son. "Unless the Lord build the house they labor in vain who build it."

For those who say frequently (about five times each week) the prayers found on the other side of this leaflet, the following spiritual benefits will be offered *each month* until March, 1943: A Novena of Masses by our priests and 100 Communions and 100 Rosaries by our Seminarians.

Leaflets in any quantity will gladly be furnished by Rev. Joseph A. Skelly, C.M., 100 E. Price St., Germantown, Phila., Pa.

The offering you sent for Vigil Lights is very gratefully acknowledged.

In silent eloquence these Lights will plead your cause before the Shrine of Our Lady of the Miraculous Medal and show your confidence in her all-powerful intercession.

Two Special Masses are offered each month for the intentions of those who burn Vigil Lights at Mary's Central Shrine: one Mass at the Central Shrine Altar, and the other in the Chapel in Paris where Our Lady appeared to Blessed Catherine Labouré.

Dear Mr. Roosevelt:

A line to you as friend to friend. First to introduce myself, - at present I am the County Hospital Missionary, not a paid missionary, but pay day some day, happy in the service God has called me to. How this World needs Christ as their pilot and guide. Anything we may do to turn America to God will be the Battle won.

I am sending to you a poster picture inspired by God, sent down to stand as a light to the people of our Country. This picture is a painting of the message God gave me but I am not able to carry the load alone, cannot finance this as a highway poster, but have prayed and feel if you see this timely picture you too would feel it America's greatest defense. Until we as a people come to God and repent of our sins we cannot go far, but God promises in his Holy Bible if we will return seek his face we will hear from Heaven. He has promised to heal our land.

This God sent picture if placed before the people in Army Posts, on Highway from Coast to Coast, or on Battleships, any place where the boys will view its beauty, a mighty turning to God would be our greatest defense.

"God has spoken."

I am putting all I have in this vision picture, a small life insurance policy, I will give my time and all to see this go through as God has asked. Pray God will speak to your heart that you may see this inspired picture as God's spoken word. America on her knees before God in prayer will win the battle before us.

"Let us Pray".

I have had this picture in Tacoma's Defense Window beautifully displayed. Now I send it to you with pleasure with a prayer you may put it through for God and the salvation of our people.

Mr. Franklin D. Roosevelt---#2

I am sending by insured mail, return postage paid, with this goes the prayers of myself and many that you may feel this the will of God. May God Bless you as you lead us through these trouble days. God give you strength and guidance and may Peace come to our land once more. I place this in your hands.

"Pray and Act as God leads."

I am sure you will be lead to act on this else God would not have sent down to earth. It will give me great pleasure to have a letter from you. Enclosed you will find a petition signed.

Thanking you kindly for anything you may do in helping me to carry this through for God's Glory. If we will God will do the great and mighty thing.

Yours in God's service,

Bonnie McCall.

My dear Mr. President:

Miss Bonnie McCall and her many sympathetic associates are forwarding to you, under separate cover, their conception of a poster whose symbolism would further inspire faith and hope in the men of America's armed forces.

I feel that the seriousness of Miss McCall's purpose will appeal to you. She has devoted her life to the attainment of peace and though she recognizes the necessity for our present turmoil, she is hopeful that the ultimate results to follow will bring that full measure of permanent stability and peace which is so badly needed in the world. Those who have joined their names to that of Miss McCall are serious and sincere too; all of them constitute a fine example and cross section of your American citizenry. You are often in their minds and their good wishes are strong and energetic.

With kind and sincere personal regards, may I remain in my name and that of Tacoma,

Sir:

May it please you to accept a book bearing on post-war problems and the bases of a just and durable peace--CHRISTIAN WORLD ACTION, by O. Frederick Nolde. A copy will come to you under separate cover.

This handbook for study and discussion groups deals with the place of the church in the world, the fundamental Christian attitudes in regard to peace, the economic and other aspects of post-war settlements, and the importance of Christian action to secure the right results.

Qualified agencies of a major church body (Lutheran) in the United States are making this studybook available, under the general imprint noted, as a contribution toward a just and durable peace.

Respectfully yours,
