This is to acknowledge your note of February 17th, and to say that we are sending to the President, marked for your attention, a copy of THE NEW PARTS SERIES by A. H. McCombs. It would be a great pleasure to send the President this book with our compliments but we hesitate to do so without your permission, and in the circumstances we have therefore accompanied the book with an invoice.

However we do hope that it will be possible for us to send him one or two of our publications with his permission, as we can think of at least two books which are likely to be of interest to him, one for everyday and the other for professional readers, or to speak. I refer to the book on FISHES: Their Habits and Migrations, described on Page 17 of our catalogue which I have taken the liberty of mailing you today, the other, a book which is about to appear under the title of NEW INTERNATIONALISM. This last book is in the same series with THE NEW PARTS SERIES and is described on Page 9.

If the President will permit us to do so, we should like very much to have the privilege of sending these two books with any others in the catalogue which he might care to see.

Dear Mr. President:

Your long association with our work leads me to hope that you will be glad to cooperate further by receiving a gift of some cedars of Lebanon from the people of the Near East as a token of their gratitude for what America has done ~~for~~ them.

The plan is to ship the trees from Beirut, Syria, on February 27th. They will arrive in New York March 31st. The United States Department of Plant Quarantine is cooperating, so there will be no complications there.

In offering this gift, symbolic of things eternal, the people of the Near East hope that the trees will be accepted by you and planted in an appropriate place in Washington.

We would greatly appreciate having even a brief message from you emphasizing the value of international neighborliness as exemplified by work carried on under the Near East Relief and its successor, the Near East Foundation.

We are planning a simple ceremony on Easter Eve, March 31st. The National Broadcasting Company has given us a national hook-up for describing the event. The details of the ceremony can be worked out in accordance with your desires, but we would like to know definitely that you will accept this gift before we permit the shipment and ceremony connected therewith to take place on the 26th and 27th of February in Beirut.

Trusting that this suggestion will appeal to you as an opportunity to further cement the existing goodwill between the peoples of the Near East and the United States, I have the honor to remain

Hon President of the U .S.

Under separate cover I am mailing you a drawing, indicating a proposed project which I trust will be the beginning of many more of its type. In brief the plan is one whereby the unemployed of the towns and cities can be placed out in the rural districts for the purpose of building anew.

The drawing portrays a portion of the combination city, which will be one mile wide and extend from the Lakes to the Gulf. One fourth to be used for parkway and roadway, the remaining three fourths for five acre homesites. In the days of old land acquired from the Spanish, French, Indians etc was opened for homesteads for the purpose of building up our country. Under a different age land can be acquired from the present owners and opened up for homesteads, but in this day and age, not for agricultural purposes but for the purpose of grubstaking the unemployed to a chance back to a new life.

Should this drawing merit your consideration, I am sure , it can at once be transformed from paper to actuality,

Respectfully,

President Franklin D. Roosevelt,
His Excellency,
Washington, D.C.

Dear President:

The Biloxi Colored High School, Biloxi, Miss.,
takes this opportunity to express our most humble gratitude
to you for the broad way in which we have been helped by the
plans offered by our much beloved President of these United
States.

Under separate cover, I am mailing a copy of a little
book of my own production. Attached find a song composed by a
member of our adult class conducted under the CWA program.

Our sincere prayers ascend daily for our President,
his family, and the success of his great administration.

Very humbly yours,

CWA SCHOOL SONG (TUNE BATTLE HYMN OF REPUBLIC)

I. We are pupils in the classes of the C.W.A.

We attended school each night,
Because we did not have to pay.
We have studied very hard,
And hope again for its return,
Let the C.W.A. go on.

Chorus

Glory, glory, hallelujah,
Glory, glory, hallelujah,
Glory, glory, hallelujah,
Let the C.W.A. go on.

2. Our President has done great works,

And wonders through the fall,
He answered us, he came to us,
And opened schools for all,
That we may be like others,
Who are climbing up life's hill;
Let the C.W.A. go on.

3. When we were blue and weary,

And we had no place to go;
The school house doors were opened,
Then our courage began to flow,
We are a grateful nation;
With our hearts filled up with joy,
Cause the C.W.A. went on.

(Words by Mrs. V. Major).
