My dear Miss Norbert:

Your letter of January fifteenth to the President has been received and, on his behalf, I want to thank you for your courtesy in sending him one of your drawings. You can be assured that he will appreciate your friendliness.

I am sorry that I must return to you, unsigned, the other drawing you enclosed. The President is so busy with urgent official duties that he is simply unable to comply with the many requests for his signature. I know that you will understand and will accept his very best wishes.

Very sincerely yours,

CACTUS AND SUCCULENT PLANTS

These plants have been selected from hardy stock for their ability to stand packing and shipping long distances. With careful attention to a few simple directions they will thrive and be a pleasure for several years.

They should be kept in a well ventilated room, sun room or porch where the temperature is above the freezing point.

WATERING

Water once a week in average weather; or if it is very hot and dry, water twice a week. In cool and damp weather they may be permitted to go several weeks without water.
