Dear Mr. President:-

We are herein shipping you one basket of
our Mineralized tomatoes. People who have eaten them tell
us that they are of superior quality and flavor. We believe
they are. What is your opinion?

We are both ex-service men following
scientific farming as a vocation. We believe our Mineralization
process is a decided improvement on the old method of farming.

We hope you enjoy the tomatoes. Yours for 1940.

Sincerely,

When the authorization for the Jefferson Memorial was first passed by Congress about three years ago it occurred to me that it would be appropriate for you to have a replica in bronze of Thomas Jefferson.

After several offerings in plaster by various sculptors, which were rejected, an acceptable likeness has been produced by George Aarons, Sculptor of Boston.

I am sending this Jefferson to you in the hope that it may be acceptable.

Distinguido Señor:

Tengo el alto honor de dirigirme a S.E. a fin de remitirle por impreso certificado, en calidad de obsequio, mi última obra "Historia Argentina".

Motiva esta decisión de mi parte, el hecho de haber consignado en las páginas 195 y 196, algunos conceptos de sus discursos pronunciados en Buenos Aires a raíz de su visita con motivo del Congreso Panamericano de la Paz.

También cito las palabras del entonces Canciller Dr. Carlos Saavedra Lamas, sobre su personalidad. (Pág. 196).

Su visita y su postura democrática, son hechos históricos, que marcan rumbos definidos a la sociedad universal, dignos de que figuren estampados con letras de molde, en los textos de estudio de nuestra juventud.

En esta república, mi obra se lee en casi todas las escuelas normales.

Si el Señor Presidente lo creyera conveniente, podría ordenar la adquisición de algunos ejemplares para ser distribuidos en Bibliotecas e Institutos de Norte América, a fin de que se conozca el espíritu que anima a los escritores de la Argentina sobre asuntos de trascendencia mundial.

En caso de tener acogida este pensamiento podría intervenir la Legación Norteamericana en Buenos Aires para disponer la cantidad y forma de adquisición.

Saluda al Señor Presidente con toda consideración y respeto.

To His Excellency The President of the United States.

The White House; Washington, D. C.

Dear Sir:

I am a boy of 18 years of age, and belong to the colored race of this Country; I am an Artist natually born, and I have made several things which has charmed the people of this City. I make them of burned matches.

Some of the things I make are Miniature houses completely furnished, Electric lamps, complete household funiture, Smoking stands, and many other things.

Please specify if I may make in particular , or would you like me to send something of my own choice.

My work has been on display at one of the largest Hotels of this City, and met the approval of every one who saw it. I had a desire to make something for you as a memorial in honor to you for what you have done for this Nation and for the great good you have done for my race. Elder M. L. Ivory, a Gospel Minister, who visited you on the 25 day of February 1935, encouraged me to make something nice for you, so that you can know and feel that we do apperciate all you are doing for us.

Therefore Mr. President, I am writing asking if I might do this. With kindest wishes for your future success in all things,

Sincerely your Native born American citizen

LEIGH, Mr. W. R.
April 21, 1938

Writes the President (from the Hotel Annapolis, Wash., D.C.) giving his background as a painter. Says his son, Wm. C. Leigh, has had some business relations with Mrs. Roosevelt. Encloses a clipping from this morning's New York Times, which he says corroborates what he has tried to express in the picture, the photograph of which he has submitted for the President's inspection. Attached is a photograph of his picture (original an oil painting 6- $\frac{1}{2}$ x 8- $\frac{1}{2}$ ft. in size) with diagram and explanatory sheet, entitled "Pseudo Civilization". Wants to spread reproductions of this picture over the length and breadth of the land, to arouse the people to realize what is being done to them. Will gladly donate picture to the Government. Is returning to NYC but will furnish further details upon request. -- In a memo of April 21 to Mr. Early Mr. McIntyre says he thinks this comes under the heading of "publicity" and best be forgotten. Mr. Early concurs. - There is attached a memo of April 19 from Mr. Kamee to Mr. McIntyre stating that the artist, Mr. Leigh and Mr. Henry Ziegler called at the Executive Offices. The artist wants to give the canvas to the President. -- Data attached.

RECEIVED

Dear Mr. Roosevelt,-

I am sending you under
other cover, two photographs, which I thought
might be of interest in your collection.

The one of you taken last week while
landing at Charleston had such a fine smiling
expression that we are all enjoying seeing it.

I was on top of the opposite tug with the
movie men.

The second photo was taken thirty seven years
ago at exactly the same spot and shows the first
Mr. Roosevelt (T.R.) as President landing at
Charleston to visit the Exposition in 1901.

You will note quite a difference in the way
used then to board the ship used to embark on.

The writer was on this photo work for some
New York paper. It has been my pleasure to be with
President Taft here also, as he used my big

White Steam Car in 8 trips thru 4 years visits,
and Col. Starling and Jimmy Sloan could tell you
some amusing and exciting times we had with him.

Of all the Presidential trips here, yours
have been the most pleasant and popular to our old
city. we are hoping we will see you many more times

Yours very truly,

M. B. Raine
