President Franklin D. Roosevelt,
Washington, D.C.

Dear Mr. President:

I take the liberty of writing you these few lines, very respectfully and humbly.

Eversince your election, I have been admiring your way of doing things; and I am not the only one, but there are many that fully agree with me.

Since you have been the President of the United States of America, you have accomplished so much good, which fact the American People, and especially the Czechoslovaks, greatly appreciate.

The World Affairs, which you are now administering, placed you into such a situation, that the work you are accomplishing is gigantic; there are many that could not do it.

You have been working on a great problem, which only yourself can properly finish.

Eversince I learned from different sources that you are willing to serve as our president for another term, we the Czechoslovaks of America rejoice exceedingly.

Owing to the fact, that we are so near the presidential election and desiring to draw the attention of the voters; I have hung up the effigies of Hitler and Hirohito, the picture of which I am enclosing in my letter. I feel I am doing my patriotic duty and I am happy that I can do it for you, Mr. President.

Your noble wife is also working hard for the good of the American people, and she deserves my deeply felt thanks.

I remain,

Very respectfully yours,

Anton Prazak

JONES, Hon. Jesse,
Secretary of Commerce.
Nov. 6, 1944.

Sent following letter to Pres.: "I sent a half dozen pheasants to Mrs. Nesbit for you today, which were sent to me by Frank Hodges, of Olathe, Kansas. Frank is one of the tired old men of your Administration. He was manager of our RFC agency at Kansas City until about two years ago, when, at the age of 80, he retired. However, he is still able to go to South Dakota and shoot pheasants. He wrote me that on this trip he killed 100, which he said was the limit. Frank asked me to divide the birds with you."---11/11/44 FDR sent following letter to Mr. Hodges: "The pheasants you sent me through Jesse Jones were greatly appreciated. Mrs. Roosevelt and I, and other members of the family, enjoyed them very much. Jesse tells me that you are one of our tired old men, only 82, but still able to walk all day shooting pheasants. He also tells me that you are a good fisherman, so we have much in common."-"P.S. I think some of the birds must have flown away between Jesse's office and the White House, although we had plenty."

SULLIVAN, J. R.,

Poughkeepsie Lodge No. 275,
Benevolent and Protective Order of Elks,
Poughkeepsie, N. Y.
Oct. 23, 1944.

Wrote to Pres., requesting message to be included in their 50th Anniversary Program.----10/26/44 FDR sent following message to members of Lodge: "It gives me great pleasure to extend fraternal greetings to my brother Elks of Poughkeepsie Lodge as we celebrate the Golden Jubilee of its organization. Although I do not see as much of the members as previously, I value highly my membership in the home county lodge, and treasure happy memories of more active associations in other years. In war as in peace, the Elks do their full share of good work. Members of our armed forces everywhere are aware of the morale building agencies maintained by our order. I have long had a warm place in my heart for the Health Camp at Freedom Plains, maintained by our lodge for underprivileged children of Poughkeepsie and Dutchess County. It is good to know that this work is being continued, and that it will be enlarged through the funds to be raised in connection with the celebration."---Attached note to Mr. Ingling from mdp states that he will receive copy of Mr. Hassett's covering ltr with which Presidential message was sent.

Dear President Roosevelt:

I am sending you under separate cover a carton of Raleigh Cigarettes which I have used in the past four campaigns, and in the last two had the same inscription on them as is on the cigarettes mailed to you.

I made all of the coal mines in Saline County, Illinois, giving a package of these cigarettes along with a book of matches for Senator Scott W. Lucas, some of which I have also enclosed for you to see. I did my utmost to help return Senator Lucas to the United States Senate because I knew his opponent very well, having served in the Illinois Legislature with him. I am very proud of the record of Senator Lucas, and know that he will be able to help you with the load that you have to carry.

Please accept these cigarettes with my compliments,and my congratulations on your wonderful victory, and I am proud that you can still be called the "Champ" of the World.

My dear Mr. Gibson:

Your letter of November third to the President has been received and he asks me to thank you for your kind thought in sending him your picture. I can assure you, too, that he appreciates your expression of confidence in his leadership.

I am truly sorry that we cannot meet your wishes for the President's photograph and signature as we must conserve his time for the urgent official duties demanding his attention these busy days. Therefore, we have found it necessary to ask that he be excused from complying with requests of this nature. I know that you will understand.

Very sincerely yours,

SORS, Mr. Ivan
New York 24, N.Y.
Nov. 20, 1944 -

Letter and plaque sent to the President. Writer says he is a Czechoslovak artist and was too full of joy over the President's reelection. He made a plaque as he thought the President may have looked when he received the news of his reelection. Asks the President to accept it as his expression of what has been done for every free man in the world. Also would like to sketch the President from life.

Miss Tully on 12/7 referred by memo above correspondence, with plaque, to Hon. Summerlin for appropriate acknowledgment to the donor. Asks that the plaque be returned when it has served its purpose.

On 12/9 Mr. Summerlin wrote Miss Tully returning the plaque sent the President by Mr. Ivan Sors of New York, N.Y. An appropriate expression of the President's thanks has been addressed to Mr. Sors.....sent Series "B".

Thanking President for his cordial letter of 11/11, telling him he had received the pheasants sent by writer through Jesse Jones and that he and his family enjoyed them. Writer has more pheasants than they can use and desires to send the President ten more "very choice dressed birds" - had hoped some of these pheasants might form the main dish of a cabinet dinner some day. An added P.S. states that he is head of The Thousand Club in Kansas. --- In ack. of above date, Miss Tully says President appreciates his kind offer to send him more of those delicious pheasants as he is particularly fond of them. Suggests that writer send the pheasants for the President addressed to Mr. Louis Haughey, Georgia Warm Springs Foundation, Warm Springs, Ga. Extends President's best wishes to Mr. Hodges.
