MEMORANDUM:
June 7, 1943 - file date.

Mary Huss, Personal Sec'y to The Vice President, sent letter to Miss Brady, Office of Grace Tully, on the date of 5/14/43, re the telephone call Miss Brady made, desiring to thank the people in Peru and in Colombia who sent the President souvenirs via Mr. Wallace. Miss Huss says the medal from Colombia was a gift of the Hon. Carlos Sanz de Santa Maria, Alcalde (Mayor) of Bogota. The lapel pin contained a card from Guillermo Salinas Lopez, jeweller of Lima, Peru, but she is not sure whether the pin was a gift from Mr. Lopez or whether it was simply bought at his shop. The State Dept. is making inquiry and will pass the information on to her.————On 5/27/43, Miss Eaton wrote to Miss Brady, saying she now has the information to the effect that the lapel pin which Mr. Wallace handed to the President was the gift of Senor Salinas Lopez. Suggests a thank-you note be sent to him.————(Pencilled Notations: Thank you notes never came to file.-E.B.——See note from Mrs. Eaton attached saying ack's. would not be necessary from here.—E.B.).————Mrs. Eben sent the "V" shaped button and medal to Library "P".

Secretary McIntyre has referred to me your letter to him, as I arrange all appointments for the President.

I am sorry that we cannot arrange for the Norwegian gentleman you mentioned to present his postage stamp picture to the President in person. I know, however, that I do not have to explain to you or to him how extremely busy the President is during these critical war days and how difficult he is finding it to see many of his good friends whom, under happier circumstances, he would so enjoy. May I suggest, therefore, if he will have this picture mailed in my care, I will be glad to see that it is brought to the President's attention with a suitable word of explanation.

May I assure you of the President's appreciation of your good offices in this matter.

Your letter of June 20 - 1943 is before me, in answer to my letter - Re the Postage Stamp life size - master Proof of our President - Franklin Delano Roosevelt. by a real Patriot - a Norwegian - who is soon to be inducted, an American Citizen — It would be impossible to Mail - Paint - & feel Positive that the President would be heartened & welcome - this gift & labor of love & devotion - that took many weeks to Express - So realistically & beautifully. My dear Mrs. Prisk:

Thank you very much for your letter of January eighteenth, reminding me of the desire of your Norwegian friend to present to the President his postage stamp portrait. It was good of you to write once more, but I am afraid that I shall again have to give you an unfavorable reply.

As I explained in my letter of June thirtieth, the President has had to forego appointments of this kind since the beginning of the war, as he feels he must limit his engagements to those officials of the Government working directly on the defense effort. If, as you state, the picture cannot be mailed, my only suggestion would be that you have your friend bring it to the White House offices and leave it with the Reception Clerk, Mr. William Simmons. If you decide to follow this procedure, I suggest that you let me know when he is coming to Washington and also give us his full name.

Dear Mr. President:-

The enclosed book, "Give Out! Songs of, by and for the Men in the Service", is respectfully dedicated to you as the "first soldier of the land".

"Give Out!" has been compiled, with the cooperation of the various branches of the services, by the men in uniform themselves, and we hope that these undoubtedly genuine and"real" soldiers' and sailors' songs will help you relax in some of the all too few moments these strenuous days allow you for such pleasures. Perhaps some of the more earthy ones will get a laugh out of you, as they did - and do - out of so many thousand other men in the service of their country.
