Dear President Roosevelt:

I have read so much about you in the newspapers, and I like you very much, I know you will make good. I heard your speech over the radio, and thought it was very good, one thing I like about you when you make your speech, you say things that every one can understand, you don't use those long words that people don't know what they mean. I am very fond of drawing I have copied this picture from one of yours in the paper's, please keep it as.

Honorable Franklin D. Roosevelt,
President of the United States,
Washington, D. C.

Dear Mr. President:-

We are fortunate in that The John Day Company, publishers of your book, "Looking Forward", selected us to do the complete manufacturing of this book.

We have made up a special copy of this book for you and are sending it herewith and ask that you accept it with our very best wishes.

The writer would have liked nothing better than to have presented this book to you in person but he realizes that your time is at present, taken up with National and World problems, therefore to ask even a few minutes of your time, would be an imposition.

We wish you Health, Happiness and Prosperity and trust that God will spare you to the Nation.

Yours respectfully,

QUINN & BODEN COMPANY, INC.

Dear President Roosevelt,-

I inclose short clipping from couple Iowa papers (Daily), showing that the farmers of both Minnesota and Iowa demand the resignation of Mr. Wallace, who received your appointment as Secretary of Agriculture.

I have been a democrat ever since I got the Post office under Cleveland's Administration and have been very active in politics ever since. While I have lived in Mason City, Ia, for a number of years, I have many business interests in Minnesota connected with agriculture, and wish to state that Frank W Murphy of Wheaton, Minn., is so well and favorably known to all farm organizations, especially in the Northwest, that his appointment would have been looked upon with great favor by all farm interests, much more so I believe, than Mr. Wallace.

I am also mailing you a complimentary copy of the last book I wrote on the subject of "life". If you should find time to read any of it, you might find it interesting.

Yours very truly,

Nels Quevli

F. - L.—OLSON VICTORY CELEBRATION BIG SUCCESS

Large Town Hall Packed Full of Enthusiastic Listeners as Plan is Told

ATTY. NELS QUEVLI PROPOSES 3½% MONEY

Tells How to Secure Low Interest Rate for Farmers Which Would Help Everybody

By Special Reporter for Standard.

The Farmer-Labor-Olson Victory celebration called for Lakefield last Saturday was attended by a crowd of enthusiastic listeners that packed the large town hall. The meeting was called for 2 o'clock p. m. and just before it convened the Lakefield Concert Band, directed by Judge W. A. Lienke, played a number outside the hall and then moved into the hall and played a few selections preceding the formal opening of the meeting.

Nobles county was represented by Worthington and twelve townships headed by such men as Geo. Gunder-son of Seward township, chairman of the board; Harry Post and Harm Meyer, Henry Pass and Nick Schmidt for Bloom and Wilmont townships; Fred Smith and Martin Miller of Worthington.

Cottonwood county was represented by eleven townships, headed by Ed. Horkey of Southbrook township; Frank Pratt of Springfield, Dave Tibbedeaux of Amo and John T. Johnson and D. O. Dockendorf of Windom.

Jackson county was represented by Jackson and fourteen townships, headed by Chas. Johnson of Round Lake, Herman Rossow of Heron Lake township, John Grein of Rost township, Andrew Nasby of Petersburg township, and J. W. Malone and some others of Jackson.

Chas. Johnson, president of the Farmers Holiday Association called the meeting to order and made a good talk on the great victory of the farmer-labor party and the very large majority of Governor Olson, indicating that the people understood and highly appreciated what the Governor had done for them, and was doing in trying to get money for the farmer at a reasonable rate of interest, preserving the State Rural Credit Bureau and battling for the Frazier bill of 1½ per cent money to the farmer.

It was demonstrated that there was no opposition to the movement for 3½ per cent money from the farmer controlled banks, such as the First National Bank of Lakefield and the Windom National Bank of Windom. That the reason banks could not avail themselves of this 3½ per cent money was because it would show up on their statements as borrowed money, reflecting unfavorable conditions in the bank's business.

Mr. Johnson then introduced Attor-

ney Nels Quevli, who outlined the purpose of the meeting in addition to the celebration of the farmer-labor victory. He gave a clear illustration that we must all ride on the farmer's back, banker and business men of all kinds, and that if the farmer sinks, we all go down and under with him. That we must all forget our political or other prejudices and fight for the farmer. That the government's proposition to loan the farmer money at 7 per cent was only an invitation to commit financial suicide. That the rate of interest on money on the open world market was now and has been for a year or more only ½ to 1 per cent and it was a terribly cruel and inhuman treatment of the farmer to compel him to pay ten times more for money than it was worth when he had to sell his products in that same market. We should not abuse the farmer in that scandalous manner while he was trying to carry us all on his back across the dismal swamp of depression.

Nels Quevli's speech sounded in substance about as follows:

"What is the actual cause of the terrible condition of this country? It is time for the business man, the working man, the farmer and the professional man to do some re-~~real~~-thinking as to who is to blame.

"The key to the solution lies in the condition we find the farmer, all going broke and losing their farms.

"We all ride on the back of the farmer and when he is destroyed we all go down to destruction with him.

"What are they doing to destroy the farmer and who is doing it?"

"Two things have been done—are being done.

"1st, they compel the farmer to sell his products on the open world market as for instance oats at 7c and corn at 12c per bushel.

"2nd, he is not permitted to borrow money on that same world market basis for what it is worth, to-wit—½ to 1 per cent interest; he must pay 7 to 8 per cent.

"He is compelled to pay 7 to 10 times more for money than it is actually worth on the open market and he is not able to stand up under such a terrible loan and is going broke and everyone else with him.

"What is the interest rate on money in the New York and Chicago market and what has been the rate in the last two years? We read from the market report on money from the St. Paul Dispatch (New York, Oct. 26—Call money, steady; 1 per cent all day. Time loans, steady; 60 days ½ per cent; 90-120 days ¾; five-six months, 1 per cent."

"You notice that the world market on money is about ½ to 1 per cent and you know all the banks charge 8 per cent, 8 times more than it is worth.

"Scientists tell us that the frog can be cooked alive without his know-

ledge by increasing the heat so slowly and gradually that he does not notice it. The farmer is being cooked alive by the money trust and served to the big insurance companies. The deadly rate on interest that he must pay, cooks him so gradually and slowly, but surely, that it is difficult for the farmer to realize just how he is being destroyed.

"The 7 per cent, when he should only pay around 1 per cent, is too much when he has to sell his products on the world market.

"The only remedy that can be devised to bring this country back on its feet is the Frazier bill, which provides that the farmer shall be financed on his farm loans at 1½ per cent interest. As the farmer must prosper before anyone else can prosper, he must be treated fairly.

"That the rate of interest on money to the millionaire insurance companies and railroads is ½ to 1 per cent.

"In the Sioux City Journal of Sept. 28, 1932, we read the following in reference to the rate of interest the farmer must pay to the Reconstruction Finance Corporation:

JACOBSEN GETS DETAILED PLANS ON CREDIT WORKS. 7 PER CENT CHARGE FOR LOANS DRAWS CRITICISM, REPORT.

(By Tribune Bureau)
Washington D. C. (Special)—Obviously perturbed by the action Thursday of the Reconstruction Finance Corporation in assessing interest on farm loans at 7 per cent, C. C. Jacobsen, manager of the Sioux City Agricultural Credit Corporation went into session here Friday with other credit corporation managers.

Following the conference all of the visitors emerged sworn to secrecy. From reliable sources, however, it was learned today the 7 per cent interest rate set by the board Thursday was of special concern to Jacobsen and other midwestern managers here for the conference.

Presiding over the gathering was Ford Hovey, Omaha banker, who is in charge of formation of the credit corporations for the Finance Corporation itself.—Quoted.

"You notice from this, that the Reconstruction Finance Corporation offers to make the farmers loans of 7 per cent, or at 7 times more than the millionaire insurance companies have to pay. This is purely Destruction Finance, and not Reconstruction Finance. When you destroy the farmer, all others must go down with him sooner or later. No one is benefitted by the destruction of the farmer except the millionaire insurance companies with their roots extending into Europe. They are swallowing up the corn belt farmer and small country banker. Obtaining money at ½ to 1 per cent they will hold this rich land in the corn belt until its value comes back and make billions of dollars. The hard working pioneers who toiled 16 hours a day with their families for the last 50 years to build up the richest agricultural country in the world have been and are being robbed of

everything they have produced.

"What do they offer the farmer to relieve him of this outrageous burden of 7 and 8 per cent interest? Nothing.

"At what rate of interest do they offer money to the farmer? Why at 10 times more than its market value, to-wit 7 per cent.

"We read in the St. Paul Daily Dispatch the following in reference to the matter:

CHEAP MONEY PLEA REJECTED BY R. F. C. 7 PER CENT INTEREST RATE ON LIVE STOCK FEEDER LOANS.

Washington, Sept. 22.—The Reconstruction Finance Corporation has rejected appeals for "Cheap Money" livestock feeder loans to farmers from the new Agricultural Credit Banks, and will compete as little as possible with established banking institutions.

This was made clear today by Wilson McCarthy, director of the corporation, the government's three billion dollar agency.

In making formal announcement that livestock farmers will be charged 7 per cent, as disclosed in the Dispatch Tuesday, Reconstruction Finance Corporation officials said that farmers will be expected to rely to a large extent on commercial banks, as there is no intention of broadcasting cheap credit through the government's new agricultural set-up. One of the new regional farm credit banks has been located in Minneapolis under the management of John W. Barton, Minneapolis banker.

"You notice that the Reconstruction Finance Corporation is in charge of a big banker and the rate to the farmer will be 7 per cent—seven times more than it is worth on the open market, that is, on the world market, where he has to sell his produce—his oats and corn at about 10c.

"We read in the daily market report again about the rate of interest on money in the St. Paul Dispatch for October 25th as follows: 'New York, Oct. 25 (AP)—Call money steady; high 1 per cent; low 1 per cent; ruling rate 1 per cent; close 1 per cent. Time loans, easy; 60 days ½ per cent; 90-120 days, ¾ per cent; 5-5 months, 1 per cent.'

At the close of Mr. Quevli's address the meeting was thrown open to discussion and quite a number took part in asking questions and speaking their mind. The large crowd apparently enjoyed the meeting and the free lunch served in the large hall of the Cooperative Creamery. Some stayed for the dance in the evening as late as 11:30. Excellent dance music was furnished by A. R. Tkach and brother and all had a good time.

Announcement has been made that another meeting to discuss financial conditions and the plan to secure 3½ per cent money for farmers will be held at Worthington next Saturday and then one at Windom Saturday afternoon, Dec. 10. It is planned to organize a tri-county association with the purpose in view set forth at these meetings.

May 20, 1935.

*Book
sent to Arthur*

Dear Mr. Roosevelt:-

I am sending you today a copy of my new book entitled 'Vitamins and Diets'. This gives in a small volume the known facts on this subject and my conclusions after studying over five thousand cases of chronic disease in relation to diet. I am sure that much chronic disease could be prevented and the lives of middle aged persons could be doubled by attention to correct diets. Please read the book and study it. I have worked several years on it and while the conclusions may seem revolutionary I am sure that as far as our present facts are concerned they are correct. The job to be done in putting America on a correct diet is by far the biggest job in the country today.

My good friend Arthur Mullen has a copy of the book and will talk to you about it. I want to organize a group with a charter from Congress or a committee with a presidential appointment to study chronic disease and disseminate information on this subject.

I know you are friendly to scientific medical progress. Right here lies the opportunity to do a great good.

Respectfully Yours

D. T. Quigley

His Excellency,
FRANKLIN DELANO ROOSEVELT
President of the UNITED STATES OF AMERICA
Washington, D. C.

Your Excellency:

The most humble undersigned takes the liberty of sending you a drawing of "THE DECLARATION OF INDEPENDENCE".

I have made this expressly for you, and did this with a true hearty feeling for my own adopted fatherland.

I am of German birth and devotedly ask your Excellency to accept this drawing not as a gift, but as a token of my esteem.

I want to take this occasion to tell you how great and impressive your tremendous achievement is since you are at the helm of the ship of this beloved country.

I want to express my thoughts in this regard now, rather than later, as in the course of events I might be called to Gods' Kingdom, and I would feel sorry if I had delayed what the Lord our Beloved Saviour directed me to do.

I would be happier to the end of my days, knowing that I have sent this little token to your Excellency.

Thirty-four years ago I migrated from Germany, have one son born in New York, January 31st, 1906. I have been proud to live in this, my adopted fatherland ever since. I am a bookkeeper by trade, working for an Artist and School supply concern.

If my wish is not asking too much, I ask your Excellency to give me the opportunity to meet you face to face and shake hands with a man whom I so much admire. If my wish were granted, it would be the happiest day of my life.

Insofar as my reputation is concerned, enclosed please find letters from people who know me since I have been in the United States, and also copies of recommendations from concerns where I have worked in this beloved country.

May I humbly ask your Excellency to grant me the privilege of meeting you personally? May God bless you and your family always, I remain

Your faithful servant,

Paul Quit-Schreiber

TO WHOM IT MAY CONCERN:-
Mr. Paul Quint-Schreiber, who has been employed by the Bank of New York for over three years, had gone to Europe and was employed his firm from time to time to verify every account (over \$1,000) in our individual ledgers as an independent test against our bookkeepers and our regular system. He has given over this voluminous work very carefully and while writing independent of our employees, has brought out an exact balance agreeing with our general ledger to our satisfaction.
His expert report goes to an examining committee appointed for the verification of both our assets and liabilities. We, therefore, highly recommend Mr. Quint-Schreiber as an expert bookkeeper, a nice person, quick and correct at figures.

Yours respectfully,

John A. Smith
President

Honourable Sir:-

Under seperate cover I have sent you a F. D. R.
Democratic Campaign pipe, a special model of the
newest type of tobacco smoking pipe, the SAN-A-TON.

It is with pleasure that I send you this pipe with
my compliments and I hope you smoke it in good
health and enjoy it during your rest at Hyde Park.

Have also sent one to Hon. John N. Garner, Hon. John
E. Mack, Senator Robert F. Wagner and many other
prominent democrats.

Would have been at the Convention in Philadelphia
but my being disabled since 1918 prevented it.

Here's hoping that I will be able to place these
campaign pipes in many hands through our salespeople
who will sell them direct to the public and the
trade. Every one of these pipes being smoked will be
a silent but effective endorsement of the party.

With best wishes, I am

Yours cordially
