SUBJECT : Place of Burial.  
Private Adam Darosky, Co. "K", 58th Infantry.  
American Cemetery at Senoncourt, Meuse, France.

I am sure that you will pardon the use of a form letter such as we are sending you to-day, when you try to realize under what great stress this office is working in order to give as prompt advice as possible concerning facts which are of such very vital importance to our sorrowing friends, whose brave men have suffered martyrdom on battle-fields within our sphere of European operation.

It is with great sorrow that I am writing you, and only the urgency of your desire to know, prompts me to push forward this notification when my note is required to be so formal because of the great number to which my name has to be signed.

You have probably already received official advice concerning the death of the one whom you gave to your country and the world for the saving of civilization.

You will be comforted in knowing that his body lies buried in a spot which is under our care and control, and that there will be no danger of its loss or neglect.

We are sending you, herewith, a note which gives general answers to a number of questions which our bereaved friends are often asking, and it will probably give information concerning some of the things you are anxious to understand.

Please be sure of our earnest desire to guard your interests in every possible way, and our satisfaction in being able to care for the resting places of our dead.

AMERICAN EXPEDITIONARY FORCES  
HEADQUARTERS SERVICES OF SUPPLY  
OFFICE OF THE CHIEF QUARTERMASTER, A.E.F.  
GRAVES REGISTRATION SERVICE.

G.R.S. )  
BULLETIN ) INFORMATION FOR THE FRIENDS OF OUR DEAD.  
NO. 10-B ) -----

1. THE GRAVES REGISTRATION SERVICE, a branch of the Quartermaster Corps, is the official organization of the War Department, charged with the acquisition and control of cemeteries in every country embraced within the Field of Operations. It is also responsible for the marking and preservation of all graves. No other organization shares this authority, or has power to effect arrangements or make promises concerning this work. It must be remembered also that this Service does not bury the dead, but confines its operations to the location and control of graves. It is not prepared to give information on other subjects.
2. CIRCUMSTANCES OF DEATH. The Graves Registration Service does not receive information relative to the circumstances surrounding the death of soldiers, and inquiries under this heading should be addressed to the chaplain of the organization in which the soldier was serving at the time of his death.
3. OUR FIELD FORCE operates within all areas, and every effort is made to perfect identifications and to guard the resting places of our dead. The Government has undertaken to do every thing which is humanly possible, in view of the extreme difficulties involved in the stress or consequence of the greatest war in the history of the world.
4. THE EXACT LOCATION OF A GRAVE is communicated, whenever possible, to the person whom the soldier had previously registered as the proper one to be addressed, in case of casualty. The great mass of information to be gathered, verified, and transmitted, will generally account for delays in notification.
5. FLOWERS, FLAGS, ETC. We are frequently asked to accept commissions to place flowers, flags and other gifts on separated graves, but such requests must necessarily be denied because of the wide extent of our territory, the exhausting nature of the work, and the impossibility of reaching a thousand or more burial places under the difficult conditions which obtain. Such requests are also discouraged for the reason that there should be no inequality in the treatment of our nation's dead.
6. MONUMENTS. For the same reason, in addition to the fact that the Government would eventually be obliged to transport monuments with bodies to designated places of final burial, it is not at present permitted to erect any permanent monument; all graves being temporarily marked with a cross or the regulation headboard, such as is used in National Cemeteries in the United States. No other markers can be authorized until the final disposition of the dead has been made.
7. PERSONAL EFFECTS. Personal effects are not handled by this Service. Inquiries concerning the same should be addressed to The Adjutant General of the Army, Washington, D. C.
8. DISINTERMENTS. The exhumation of bodies is at present prohibited by the laws of the countries in which we are operating. No exception can be made until the War Department shall have completed its plans for the shipment of bodies to the States. This applies also to disinterments for emplacement in metal caskets; such action, for military reasons, having been disapproved.

9. RETURN OF BODIES to the U. S. will be made in due time, except in cases where a specific request to the contrary is made; which request should be addressed to The Adjutant General of the Army, Washington, D. C., who will issue proper instructions. Due announcement of the return of bodies will be made, and the time cannot be hastened by appeals for priority, precedence, or favoritism in the listing of claims. The final disposition of bodies will be considered and executed as an entire project, at such time, probably after the conclusion of peace, as the vastness and difficulty of this almost inconceivable task may make possible.

10. While some of these restrictions may seem unreasonable to friends in the first outburst of their sorrow, experience has shown the same to be necessary, and our people are asked to accept the sacrifice which they impose, in the same spirit in which our men on the world's battle-field have offered up themselves, viz., for the good of a great cause.

By Authority:

CHARLES C. PIERCE  
Lieut.-Colonel, Q.M.C. , U.S.A.  
Chief, G.R.S.

PHOTOGRAPHY OF GRAVES  
AMERICAN EXPEDITIONARY FORCES

1. PHOTOGRAPHY OF GRAVES is entirely controlled by the Chief of the Graves Registration Service. American Expeditionary Forces, France. No photography of graves should be taken except by the special photographers of this Service, who, under the operation of military orders, are assigned to the Staff of its Chief, by the American Red Cross.
2. An officer of the American Red Cross, designated as Director of Photography, is assigned to the Staff of the Chief, Graves Registration Service, for this work, under his direction, and funds are provided through the War Chest contributed by the American people. No funds should be sent to the Graves Registration Service, the Red Cross, or individual officers for this purpose from any private source.
3. Operators are now photographing graves in France, Belgium, Italy, Great Britain and Ireland, and it is expected that within a very few months the finished photographs will be transmitted to the relatives of our dead.
4. Owing to the difficulties of obtaining the necessary technical staff, and the inadvisability of setting up a large photographic laboratory in France, it has been decided to distribute these photographs through the Bureau of Communication, American Red Cross National Headquarters, Washington, D. C., and all applications for pictures should be filed there, as soon as notification of the location of grave has been received by a relative from the Chief, Graves Registration Service.
5. The photographers work under route instructions issued by the Chief, Graves Registration Service, and in the interest of economy and labor-saving, it has been decided that these operators will not be able to make special trips to distant points to take individual photographs in response to urgent request received from the United States or elsewhere. The time so consumed would prolong the period of waiting on the part of many others.
6. It is the desire to furnish the best possible service to sorrowing friends at home, and with this end in view, it is earnestly requested that relatives of our dead will be as patient as possible in awaiting these photographs. It will be appreciated that if requests are forwarded directly to the Graves Registration Service of the Army in France, it will only add to the burden of the work, without achieving the end in view; as, for reasons given above, appeals for priority, precedence or favoritism in the listing of claims cannot be considered, and photographs can only be forwarded from Washington.

By direction of Lieutenant Colonel Charles C. Pierce,  
Chief, Graves Registration Service:

MAURICE B. DIX,  
Captain, American Red Cross,  
Director of Photography,  
Graves Registration Service.

Mr. Joe Darosky,  
10 Cleveland St.,  
Hudson, Pa.

Dear Sir:

The War Department desires to ascertain the wishes of the families of officers, enlisted men, and civilian employees regarding the permanent disposition of the bodies of those who have died overseas.

The original plan of the Department was to deliver the body in every case at the home address of the deceased to the person legally entitled to dispose of the remains. A desire has been expressed, however, in numerous instances to have the body remain abroad, and General Pershing is likely soon to enter into negotiations with the French and Allied Governments with the view of establishing permanent cemeteries for members of the American Expeditionary Forces. Marshal Petain in a most courteous letter has informed General Pershing that "France would be happy and proud to retain the bodies of the American victims who have fallen upon her soil."

A bill is now before Congress for the establishment of "Fields of Honor" abroad, which will insure future care by the United States Government as national cemeteries are now cared for. Burials have been made heretofore in cemeteries of the Allied nations or at or near the battle field in land set apart for this purpose as a cemetery, and religious services in accordance with the rites of the Protestant, Catholic, or Hebrew faith have been held at the grave.

In case the remains of a deceased soldier are returned to the United States they will be interred either at the former home of the deceased or at a national cemetery, according to the wishes of the one authorized to direct the disposition of the remains, and all expenses, including transportation, casket, shipping case, flag, and the preparation of the remains for shipment, will be paid by the United States. Hire of a hearse and other burial expenses incurred at the home of the deceased may be paid, on application by the relatives, by the Bureau of War Risk Insurance, Treasury Department.

In order that the proper disposition of the remains may be made, and that such disposition be directed by the person entitled to do so, the War Department will recognize the right to direct the disposition of remains in the following order:

In the case of an unmarried man—

- (1) Father; (2) mother, if father is dead; (3) brother, if both parents are dead; (4) sister, if both parents are dead and there are no brothers.

In the case of a married man—

- (1) Wife; (2) parents or children and other relatives in order set forth above.

It is desired that the information indicated on the inclosed card be furnished concerning the person named thereon at the earliest practicable date. If the card is received by some one not authorized to direct the disposition to be made of the remains, please deliver this circular and the card to the person who is entitled to do so.

The Department is unable to state when it will be possible to begin the removal of the remains of the soldiers, but the information requested is being collected at this time in order that there may be no delay when the time comes for such removal.

In returning the card please use the inclosed addressed penalty envelope, which requires no postage.

Very respectfully,

P. C. HARRIS,  
*The Adjutant General.*
