
TABLE OF CONTENTS

Chapter 1: Building a Data Sleuth Team	1
The First Team	2
The Forensic Accountant	3
Technical and Strategic	3
Thorough and Efficient	4
Detail-Oriented and Effective Communication	4
Accounting Knowledge and Legal Knowledge	5
Meeting Deadlines and Developing Business	6
Forensic Accountant Problems	6
The Scalability Problem	7
The Strategy Problem	8
The Review Problem	9
The Sustainability Problem	10
Data Sleuth Solutions	10
The Scalability Solution	11
The Strategy Solution	12
The Review Solution	13
The Sustainability Solution	14
Chapter 1: Test Your Knowledge	15
Chapter 1: Solutions and Suggested Responses	17
Chapter 2: The Data Sleuth Process	19
Engagement Types	19
Simultaneously Managing Client Expectations and Objectivity	22
Professional Standards	24
The Data Sleuth Process	26
Chapter 2: Test Your Knowledge	35
Chapter 2: Solutions and Suggested Responses	37
Chapter 3: The Data Sleuth Necessity	39
Forensic Accounting Engagements Versus External Financial Statement Audits	39
The Evolution of Forensic Accounting	41
The Case of the Cash Back Payroll Scheme	42
Start With the Evidence, Not the Scheme	43
The Case of the Gambling Executive Director	44
Chapter 3: Test Your Knowledge	47
Chapter 3: Solutions and Suggested Responses	49
Chapter 4: Data Sleuth Considerations	51
Investigations Affect Real People	52
The Case of the Nonexistent Inventory	53
The Fraud Formula	55
Staying on Task with Purpose in Mind	55

The Investigation Decision Tree for a Data Sleuth	56
Recovery Avenues	59
The Case of the Man Cave	62
Chapter 4: Test Your Knowledge	65
Chapter 4: Solutions and Suggested Responses	67
Chapter 5: Client Communication and Involvement	69
The Case of the Initial Client Meeting	69
Client Expectations	72
Data Procurement	73
Client Involvement During an Investigation	75
Ongoing Client Communication	77
Chapter 5: Test Your Knowledge	79
Chapter 5: Solutions and Suggested Responses	81
Chapter 6: The Data Sleuth Case Plan	83
The Data Sleuth Process	83
The Client's Investigation Priorities	85
Evaluate the Subject's Access through Risk-Based Analysis	85
Data Sleuth Analysis Framework	87
From Conceptual Venn Diagram to Comparative Data Analysis	93
The Data Analysis Plan	94
Data and Information Gathering	96
Communication of the Case Plan	98
The Case of the Duplicate Payroll – Conclusion	99
Chapter 6: Test Your Knowledge	101
Chapter 6: Solutions and Suggested Responses	103
Chapter 7: Risk-Based Analysis	105
The Case of the Puzzling Entries	105
Risk Focus in Audits versus Risk Focus in Investigations	116
The Case of the Mom of the Year	116
Evaluating Risk in Divorce Cases and Estate and Trust Disputes	123
Chapter 7: Test Your Knowledge	127
Chapter 7: Solutions and Suggested Responses	129
Chapter 8: Data Sources and Data Processing Techniques	131
Data Sources Explained	131
Quantitative and Qualitative Data Sources	132
Data Sources for Quantitative Evidence	132
Data Sources for Qualitative Evidence	135
Using Quantitative and Qualitative Data Sources	136
Data Processing Techniques	137
Relevant Period	137
Getting Organized before Beginning Data Processing	139
Considerations before Processing Data	143

Account Scheduling Steps	143
Formatting Account Schedules and Normalizing Payees	147
Chapter 8: Test Your Knowledge	149
Chapter 8: Solutions and Suggested Responses	151
Chapter 9: Standard Data Sleuth Analyses: Comparative Analysis and Source and Use Summaries	153
Comparative Analysis	154
The Case of the Cash Flow Fiasco	155
Source and Use Summary and Analysis	158
Bank Account Source and Use Analysis	158
Credit Card Account Source and Use Summary	164
Chapter 9: Test Your Knowledge	169
Chapter 9: Solutions and Suggested Responses	171
Chapter 10: Standard Data Sleuth Analyses: Interesting Data Findings, Risk Indicator Analysis, and Payroll Analysis	173
Interesting Data Findings	173
Risk Indicator Analysis	180
Payroll Analysis	182
Overpayments of Payroll	190
Chapter 10: Test Your Knowledge	193
Chapter 10: Solutions and Suggested Responses	195
Chapter 11: Findings, Reports, and Testimony	197
Findings	197
Reports	199
A Report for Criminal Charges	200
Report Recommendations for Law Enforcement Referral	201
An Expert Report for Civil Litigation	203
An Expert Report for Insurance Reimbursement	203
Report Organization Recommendations	204
Testimony	205
Chapter 11: Test Your Knowledge	207
Chapter 11: Solutions and Suggested Responses	209
Chapter 12: Practice the Data Sleuth Process	211
Review of the Data Sleuth Case Plan	211
Review of Data Sleuth Data Processing	212
Review of the Data Analysis Plan and Standard Data Sleuth Analyses	212
