
TABLE OF CONTENTS

Chapter 1: Introduction to Emerging Technologies	1
Impact of Emerging Technology	2
IT Governance	4
Introduction to Technologies	8
Final Thoughts	10
Chapter 1: Test Your Knowledge	11
Chapter 1: Solutions and Suggested Responses	13
Chapter 2: Information Technology and Ethics	15
Ethics	15
Reasons for IT Ethical Issues	18
Ethical Issues Related to Information Technology	20
Ethical Framework for Information Technology Decision-Making	22
Chapter 2: Test Your Knowledge	23
Chapter 2: Solutions and Suggested Responses	25
Chapter 3: Introduction to Data Analytics	27
Data Analytics	28
Analytics Concepts	29
Analytics Tools	42
Use Cases	44
Chapter 3: Test Your Knowledge	47
Chapter 3: Solutions and Suggested Responses	49
Chapter 4: Data Analytics Governance and Management	51
Data Analytics Projects	52
Implementing Analytics	52
Data Analytic Process	55
Data Quality	58
Data Governance	59
Ethics	62
Chapter 4: Test Your Knowledge	67
Chapter 4: Solutions and Suggested Responses	69
Chapter 5: Introduction to Artificial Intelligence	71
Artificial Intelligence	72
How to Build an AI Model	73
Types of Artificial Intelligence	73
AI Platforms and Software Applications	79
Use Cases	80
Chapter 5: Test Your Knowledge	83
Chapter 5: Solutions and Suggested Responses	85

Chapter 6: Artificial Intelligence Implementation and Management	87
Implementation Framework	87
Implementation Lifecycle	92
AI Governance and Management	97
Ethical Considerations	100
Chapter 6: Test Your Knowledge	103
Chapter 6: Solutions and Suggested Responses	105
Chapter 7: Cryptocurrency and Blockchain	107
Cryptocurrency and Blockchain	107
Cryptocurrency	109
Blockchain	113
How Does Blockchain Work? Cryptocurrency Example	122
Chapter 7: Test Your Knowledge	123
Chapter 7: Solutions and Suggested Responses	125
Chapter 8: Blockchain Developments and Governance	127
Blockchain Layers	128
Types of Blockchains	128
Smart Contracts	130
Other Developments	131
Use Cases	135
Governance and Management of Blockchain	137
Future Trends	142
Chapter 8: Test Your Knowledge	143
Chapter 8: Solutions and Suggested Responses	145
Chapter 9: The Metaverse and Non-Fungible Tokens	147
Metaverse	147
Non-Fungible Tokens	154
The Metaverse and NFT Economy	156
Chapter 9: Test Your Knowledge	161
Chapter 9: Solutions and Suggested Responses	163
Chapter 10: Introduction to Robotic Process Automation	165
How RPA Works	166
RPA Software Applications	170
Future Trends	172
Use Cases	173
Additional Resources	177
Chapter 10: Test Your Knowledge	179
Chapter 10: Solutions and Suggested Responses	181
Chapter 11: Robotic Process Automation Implementation and Management	183
RPA Framework: Successful RPA Projects	184
RPA Lifecycle	186
Governance and Management	194

Chapter 11: Test Your Knowledge	203
Chapter 11: Solutions and Suggested Responses	205
Chapter 12: Quantum and Edge Computing	207
Conventional Computing	208
Quantum Computing	208
Edge Computing	214
Chapter 12: Test Your Knowledge	221
Chapter 12: Solutions and Suggested Responses	223
Chapter 13: Augmented Reality	225
Virtual Versus Augmented Reality	225
Augmented Reality Equipment	228
AR Use Cases	231
Challenges and Limitations of AR	231
Management and Governance of AR	234
Chapter 13: Test Your Knowledge	237
Chapter 13: Solutions and Suggested Responses	239
Chapter 14: Introduction to Cybersecurity	241
What Is Cybersecurity?	242
Cybersecurity Challenges	243
Cybersecurity Domains	245
Security Concepts	246
Cybersecurity Trends	253
Chapter 14: Test Your Knowledge	255
Chapter 14: Solutions and Suggested Responses	257
Chapter 15: Cybersecurity Management	259
Cybersecurity Strategy	259
Cybersecurity Governance and Management	261
Cybersecurity Controls	262
Cybersecurity Reporting and Disclosure	268
Chapter 15: Test Your Knowledge	271
Chapter 15: Solutions and Suggested Responses	273
Appendix: Governance Frameworks	275
Glossary	289
Index	291
Final Exam Copy	297
