

Smart Trips Coordinator Log In

How to Log In as an STC:

1. Go to whatcomsmarttrips.org.
2. Click “Employers” at the bottom of the page.
3. Select the blue “Employer Sign In” button at the top.
4. Enter your work email.
5. Use the password: Smart1

Note: This login is separate from your personal Smart Trips account. Continue signing in as usual to log your own trips.

Once You’re Logged In

- View participating employees and run reports.
- Review your employee list.
 - If someone isn’t listed but has an account, they need to select your company as their employer. Have them log into their account, choose My Account (upper right) and click Update Account.
 - If someone no longer works there, click “Remove” next to their name (this does not delete their personal account).
- Update your STC password under “Employer Account” (top right).
You may use the same password as your personal login if you prefer.

If you have questions or trouble signing in, just reach out.
