Automation Anywhere Certified Advanced RPA Professional Prep + Exam (version 11) ★★★★★ (803) ▼

100% Complete
Available for a limited time only, this learning trail will give you the ability to take the Advanced Certification test for FREE.

This learning trail teaches developers to focus on the knowledge of the product. It prepares you for the Advanced RPA Professional Certification – a knowledge-based test on the product and its features and functions.
If you have a Bot Developer badge and complete the Lead the Digital Workforce: Monitor, Measure & Manage Bot Performance course you are prepared to take the Advanced Certification. By the end of this learning trail, you should be able to:

- Describe how Automation Anywhere’s RPA tool can be used for creating software robots (Bots)
- Describe the new features of the Automation Anywhere client to build the bots
- Describe the new advanced features of the web control room
- Prepare yourself to take the Automation Anywhere Certified Advanced RPA Professional exam

Duration: 10 hours
Format: E-Learning
Certificate on Completion: Automation Anywhere Certified Advanced RPA Professional (version 11)
