

March 31, 2020

Valued Anvil and Smith-Cooper International Customer,

SPF/Anvil import forged steel and SCI import forged steel will be consolidated into the SCI brand and offering effective immediately. We have plenty of inventory in the SCI distribution centers to handle all clients from both legacy companies.

Effective May 4, 2020 Import extra heavy seamless pipe nipple price sheets will be consolidated together to align pricing across the product lines. The Anvil list prices have been aligned to the most recent Smith-Cooper price sheet. To keep pricing consistent, we will be adjusting multiplier discounts to equalize common SKU's. Adjustments will be automatically updated in the Anvil International billing system on the effective date of May 4, 2020.

The following Excel price sheet will be revised to reflect the product line alignment due to the integration of the companies.

Product Line	Price Sheet
SPF XH Seamless Pipe Nipples	SPF.XHPNS-5.20

The new excel list price sheet will be available by April 15, 2020 for download on the Anvil and Smith Cooper websites, www.anvilintl.com www.smithcooper.com Please contact your local Anvil/SCI sales representative with any questions.

Thank you for your continued business,

Dean Taylor
Executive Vice President of Sales
