

September 30, 2020

Valued Anvil and Smith-Cooper International Customer,

Effective Nov. 2, 2020 import welded pipe nipple price sheets will be merged to align pricing across both the Anvil and Smith-Cooper welded nipple product lines. The Anvil list prices have been aligned to the most recent Smith-Cooper price sheet. List prices between the combined price sheets were nearly identical, however, to keep pricing consistent where discrepancies exist, we will be adjusting multiplier discounts to equalize common SKU's. Adjustments will be automatically updated in the Anvil International billing system effective November 2, 2020.

The following Excel price sheet will be revised to reflect the product line alignment due to the integration of the companies.

Product Line	Price Sheet
SPF Welded Pipe Nipples	SCI.PNW-6.19

The new excel list price sheet will be available for download on the Anvil and Smith Cooper websites, www.anvilintl.com and www.smithcooper.com. Please contact your local Anvil Smith-Cooper sales representative with any questions.

Thank you for your continued business,

Dean Taylor
Executive Vice President of Sales
