

SHUTIt®

BADASS™

Face Mount Self-Closing Gate Hinge

Offers a full 180° gate opening for an unobstructed passage,
with gate gaps as small as 1/2".

Weld-on and bolt-on models available.

Horizontally adjustable, 1/2" to 1" gate gap offers heightened security
and a symmetrical balance when installed with small gap latches.

No greasing or maintenance required on sealed bearings. EVER!

Exclusive offering of bolt-on and weld-on versions.
