CLASSIC SERIES FROM *grande forge*

Born in the hearth of the forge, the "CLASSIC" series blends the nobility of **solid brass** with the rigor of forged steel. Balustrading and security doors built with these elegantly proportioned balusters have an intrinsic beauty that is timeless and compatible with both contemporary and traditional interior decors. All brass parts are highly polished and protected by a special lacquer. For indoor use only. **NOTE:** Steel is unfinished. Available painted upon request.
