DEFINITIONS

Authorized Partner - Farmers markets, farmers, roadside stands, and farm markets that are approved to conduct e-S/FMNP and SNAP business throughout Ohio.

Farm Market - a farmer-operated facility where fresh fruits and vegetables and other food items are offered for sale.

Farmstand (also known as a Roadside Stand) - a location at which an individual farmer sells their product(s) directly to consumers.

Farmer - an individual who grows or produces eligible food(s) and then sells the eligible food(s) at participating farmers markets, roadside stands, and/or farm market(s).

Farmers Market - a public, recurring assembly of farmers and food businesses selling products that they grow or produce directly to consumers.

Mobile Market

Ohio Direction Card - Ohio EBT (Electronic Benefits Transfer) is the electronic distribution of food assistance benefits. Benefits are accessed with the Ohio Direction Card. The Ohio Direction Card is similar to commercial debit and ATM cards.

Roadside Stand (also known as a Farmstand) - a location at which an individual farmer sells their product(s) directly to consumers.

Senior Farmers Market Nutrition Program (SFMNP) - a benefit program which provides older Ohioans convenient access to locally grown fruits, vegetables, fresh-cut herbs, and raw honey.

Supplement Nutrition Assistance Program (SNAP) - nutrition benefits to supplement the food budget of needy families so they can purchase healthy food and move towards self-sufficiency. In Ohio, SNAP is referred to as food assistance.

Women, Infants, and Children (WIC) Farmers' Market Nutrition Program (FMNP) - a benefit program funded by the United States Department of Agriculture (USDA) and administered by the Ohio Department of Health (ODH) Women, Infants, and Children (WIC) Program.

NOTE - Seasonal farmers markets display operating months only. Please check individual websites or social media for exact opening and closing dates.

Senior Farmers Market Nutrition Program (SFMNP)

This program's benefits are available for use May 15 through November 30.

The [Seniors Farmers Market Nutrition Program](#), or SFMNP, is designed to provide low-income seniors with access to locally grown, fresh fruits, fresh vegetables, unprocessed honey and fresh-cut herbs. Low-income seniors, generally defined as individuals who are at least 60 years old and who have household incomes of not more than 185% of the federal poverty income guidelines, are eligible for benefits under the SFMNP, but must re-apply every year to continue receiving benefits. Eligible and approved seniors will receive \$50 in benefits.

The SFMNP is a federally funded program administered by the [United States Department of Agriculture's \(USDA\) Food and Nutrition Services \(FNS\)](#) Agency, and in Ohio, by the [Ohio Department of Aging \(AGE\)](#).

The purposes of the SFMNP are to:

- Provide resources in the form of fresh, nutritious, unprepared, locally grown fresh fruits, fresh vegetables, unprocessed honey and fresh-cut herbs from farmers markets, farm markets and roadside stands to low-income older adults.
- Increase the domestic consumption of agricultural commodities by expanding or aiding in the expansion of domestic farmers markets, farm markets and roadside stands.
- Develop or aid in the development of new and additional farmers markets, farm markets, and roadside stands.

The Ohio Senior Farmers Market Nutrition Program operates according to a State Plan that is authored by the AGE and approved by the USDA. For complete program guidance, please visit the USDA website at <https://www.fns.usda.gov/sfmnp/senior-farmers-market-nutrition-program>.

SFMNP DEFINITIONS

What is the difference between an Authorized Farmers Market and a Farmers Market where Authorized Farmers sell eligible goods?

Authorized Farmer - a farmer authorized by the Ohio Farmers Market Network to sell eligible foods at participating farmers markets, farm markets, and/or roadside stands through the Ohio S/FMNP.

Authorized Farmers Market - a farmers market where local farmers and food producers assemble at a defined location for the purpose of selling their produce directly to consumers.

Farmers markets are intermediaries. They assist the Ohio S/FMNP with making the program more available to plain community farmers, lower technology farmers, etc. They will issue an alternative currency to be spent within their market at their **participating** farmers. Farmers markets also increase access to fresh, locally grown eligible foods to Ohio's older adults.

Authorized Farmers may often participate at Authorized Farmers Markets. In this case, the farmer may choose to accept benefits in one of several ways: with the Homegrown Benefits app, as farmers market currency or both.

Farmers Markets Where Authorized Farmers Sell Eligible Goods - a farmers market location where **Authorized Farmers** sell their goods, but where the farmers market itself is **NOT** authorized. In this situation, the farmer will accept the benefits directly.

Supplement Nutrition Assistance Program (SNAP)

This program's benefits are available for use year round.

The [Supplemental Nutrition Assistance Program](#) (SNAP), helps people with low income buy healthy food. This program is designed to supplement grocery budgets to increase buying power, raise nutritional levels, and safeguard the health and well-being of individuals and families in the State of Ohio. The program's goal is to ensure everyone, regardless of income, can afford nutritious meals.

SNAP is a federally funded program administered by the [United States Department of Agriculture's](#) (USDA) [Food and Nutrition Services](#) (FNS) Agency, and in Ohio, by the [Ohio Department of Jobs & Family Services](#) (ODJFS).

Women, Infants, and Children (WIC) Farmers Market Nutrition Program (FMNP)

*This program's benefits are available for use *** - ***.*

The [Woman, Infants and Children Farmers Market Nutrition Program](#) (“WIC FMNP”) provides eligible pregnant and breastfeeding women, women who recently had a baby, infants, and children up to 5 years of age with financial benefits to purchase eligible, locally-grown fruits and vegetables at farmers markets, roadside stands and/or farm markets.

The WIC FMNP is a federally funded program administered by the [United States Department of Agriculture's](#) (“USDA”) [Food and Nutrition Services](#) (“FNS”) Agency, and in Ohio, by the [Ohio Department of Health](#) (“ODH”).

The WIC FMNP is supplementary to the [Supplemental Nutrition Assistance Program](#) (“SNAP”) and to any other Federal, State or local food or nutrition assistance program, including the WIC Program.

The purposes of the WIC FMNP are to:

- Provide resources in the form of fresh, nutritious, unprepared foods (fruits and vegetables) from farmers markets to women, infants, and children who are nutritionally at risk and who are participating in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) or are on the waiting list for the WIC Program; and
- Expand the awareness, use of and sales at farmers markets.

The Ohio Women, Infants and Children Farmers Market Nutrition Program operates according to a State Plan that is authored by the ODH and approved by the USDA. For complete program guidance, please visit the USDA website at <https://www.fns.usda.gov/fmnp/wic-farmers-market-nutrition-program>.
