

WILLIAMSON CROP INSURANCE

101 E. Merrin St.

Payne, OH 45880

Silage & Stored Old Crop

Williamson Crop Insurance

SILAGE APPRAISALS

If you plan to harvest silage, an appraisal **MUST** be done before it is chopped. Please contact our office at **888.399.5276** **at least 10 days before chopping to submit a claim**. Communication with an adjuster ahead of time will aid in the appraisal process. A silage appraisal **MUST** be completed for a claim to be paid on all policy types (including revenue decline on RP).

OLD CROP IN THE BIN

If you have 2020 crop in the bin and plan to put 2021 crop on top this fall, please call our office so an **adjuster can measure the old crop remaining**.

Comingling crop years and grain from different counties can adversely affect your claim.
