

Important Info Heading into FALL...

PREMIUM: For **2022**, interest on unpaid corn, soybean or popcorn premium will be deferred to **November 30th**.

- Premium for these crops are due September 30th. **RMA has approved a grace period allowing premium to be paid up to November 30th without attaching interest.** Interest will retroactively attach for the *previous 3 months for any premium paid on December 1st* and after. Margin Protection premium is still due in full by Sept 30.

SILAGE: a **corn appraisal** must be done before it is chopped for silage.

- Please contact our office **at least 10 days before chopping** to submit a claim. Communication with an adjuster ahead of time will aid in the appraisal process. *A silage appraisal MUST be completed for a claim to be paid on all policies (including a revenue decline on RP).*

2023 WHEAT & Margin Protection(MP)- Corn & Beans: **Policy changes** must be made by **September 30th**.

- Contact your agent if you would like to make changes and/or would like a quote. ***If no changes are made, your coverage will remain the same as it was for 2022.*** Adding Wheat coverage or MP for corn & beans for the first time must be done by September 30th. The base price for wheat is currently tracking at \$8.21. Margin Protection corn is tracking at \$5.94 & beans is at \$13.52.

STORED GRAIN: Any **'21 crop in the bin** must be measured by an adjuster before **'22 harvest begins**.

- Comingling crop years and grain from different counties can adversely affect your claim. Please contact our office so we can get you in contact with an adjuster.
