At Dr. Comfort® we understand the importance of foot care and are committed to helping people get back on their feet. With over 150 years of combined experience in foot care, footwear knowledge and pedorthic training, our team of educators know a thing or two about proper foot health.

Our shoes are available online and through healthcare providers who specialize in foot health. Proper footwear can help prevent more serious complications for those at risk. If you qualify, Medicare or other insurances may help cover the cost*.

*Your doctor or one of our providers can help determine if you qualify. To find a local provider visit drcomfort.com/storelocator or call at 800.556.5572.

You must properly maintain and care for your shoes. Cease using immediately and call your doctor if you have any signs of blisters, pain, swelling or other indications which could cause damage to your feet.
