SUMMER 2021

Note from Executive Director

Abbi Carroll

"Dogs' lives are too short, their only fault really."
-- Agnes Sligh Turnbull

Not long after our amazing followers shared ideas for Farley's bucket list, we had to say goodbye to him. We had no idea we would lose him soon, but after a rapid decline in his health, he crossed the Rainbow Bridge to be with Miss Bianca.

Although we didn't get to cross off as many items from his bucket list as we had hoped, his last days were spent in a home with lots of cuddles, love, and attention. We were also able to sneak in a quick painting and photo shoot.

Farley was the keeper of the snacks, Nap King, and lead in the choir. We miss you yelling at us to feed you, already. Say hi to Bianca for us.

Meet Taylor

My name is Taylor and I work at the shelter full time as a Kennel Attendant and Adoption Counselor, and I have been here since October 2018. I have a degree in Criminal Justice and Psychology, but have always wanted to work with animals. I love working with and being around animals all day. My favorite part of my job is seeing animals come in and go through their journey of getting adopted and going to their forever homes. I have three dogs; Gracie, Finlay, and Luna. I love taking the dogs on walks and going hiking. My favorite pastimes are spending time with family, photography, and traveling.

We would also like to congratulate Taylor and her husband on the newest addition to their family, their little boy Calvin! We are so happy for you both and can't wait to meet the future animal lover!
