## ECHOSKY

### Acoustic Baffle System

Today's open offices, hard-surfaced conference rooms and minimalist-inspired meeting spaces can result in acoustic distraction. EchoSky helps reduce sonic and visual over-stimulation for healthy, functional spaces. This modular kit of parts installs easily and creates a unique ceiling addition to any open space.

Color variation between dye lots is a natural characteristic of recycled PET felt due to the manufacturing process. Slight differences between samples and finished product may occur.

# Installation

Each EchoSky set comes as a kit of parts including: Simple Baffles, pre-drilled lightweight aluminum rack tubing, corner connectors, aluminum channel tracks with set screws and eyebolts for hanging. For more information, see the [EchoSky Installation Guide](#).

Please note: Kirei does not provide aircraft cable or ceiling hardware.
