

# SPR REEL SEEDBED CONDITIONER

## CHOP STALKS, STIR LOOSENED SOIL, LEAVE A LEVEL SEEDBED

**The Reel Seedbed Conditioner is a multipurpose field preparation tool used for managing stalks and/or preparing fields for planting.**

**Size residue** in the fall to speed decomposition. In the spring, cut, mix and spread residue on top of the field. Uniform soil density is maintained when leveling fall-tilled fields or when breaking crusted soils.

**Plant earlier** in damp, cold soils by exposing the soil and accelerating soil warming. With operating speeds up to 10 mph, many acres are covered quickly.

## FEATURES

- Toolbar is a heavy-wall 7" square tubing.
- Hardened steel blades for soil loosening and mixing.
- Heavy-duty 5-bar flexible spike-tooth harrow for leveling, stirring, and firming.
- Adjustable feathering board for use in high-residue conditions.
- Optional 3-bar and rolling basket for additional soil conditioning.
- Operate at speeds of 7-10 mph.

## The Reel Seedbed Conditioner is perfectly designed for field preparation.

Seven hardened spiral steel blades cut heavy crop stubble at ground level and loosen soil around the root.

Next, the 5-Bar Flexible Spike Tooth Harrow stirs, levels, and firms the loosened soil.

Finally, the feathering board completes the process, spreading residue and leveling plow ridges.

With several options, the Reel Seedbed Conditioner can be tailored to a growers' specific needs. A 5-bar harrow and feathering board or 3-bar harrow and rolling basket are available.

### Multiple Finishing Options

Available with 5-bar flexible spike toothed harrow with adjustable feathering board or 3-bar flexible spike toothed harrow with adjustable rolling basket

### Spiral Chopping Blades

Wear resistant, high strength, hard blades cut through the toughest corn stalks

### 7" Square Tubing Toolbar

Rugged, durable, heavy-walled tubing withstands high-speed operations

MODEL	Cutting Width	Approx. Weight	Transport Height	Transport Width	Field Capacity (acre/hr)
SPR-1020	20'-0"	7,555lbs	13'-10"	20'-0"	12-19
SPR-1026	25'-6"	8,579 lbs	13'-10"	25'-6"	16-24
SPR-1030	31'-3"	9,860 lbs	13'-10"	31'-10"	19-29
SPR-1036	36'-6"	11,090 lbs	15'-0"	36'-6"	23-34
SPR-1040	40'-2"	11,720 lbs	15'-0"	49'-2"	25-37

*\*Available with 5-bar harrow with feathering board or 3-bar harrow with rolling basket*
