RAISE *the* FUTURE

ABOUT US

WHAT WE DO

Since our founding in 1983, Raise the Future has designed and implemented evidence-based, wraparound services that reduce the amount of time youth spend in foster care without a permanent family. Our programs increase the likelihood of youth forming and sustaining positive connections that help to transform their futures.

OUR SOLUTION

Raise the Future programming works together to support youth and families at every step of their relationship journey. From connecting youth with stable relationships to strengthening families impacted by trauma, Raise the Future is bringing a brighter future within reach for youth and families for generations to come.

**We believe every
young person
deserves to go
through life
knowing they have
a caring adult by
their side.**

**RAISE *the*
