Rev-A-Shelf® Introduces the 4WDIVCC Craftsman Collection Walnut Adjustable Deep Drawer Divider Inserts – A Customizable Solution for Kitchen Organization.

Deep drawers can often become cluttered and chaotic, but Rev-A-Shelf® has the solution with the launch of the 4WDIVCC Craftsman Collection Walnut Adjustable Deep Drawer Divider Inserts. These versatile and stylish dividers bring order to kitchen storage without sacrificing aesthetic appeal or functionality.

Designed for 24", 30", and 36" base cabinet drawers, these inserts are trimmable, ensuring a precise fit for various drawer sizes. Crafted from solid wood, the high-quality construction is built for durability, while the recessed black wire accents add a modern, refined appearance. The unique curved design enhances both visual interest and accessibility, seamlessly complementing the rest of the Craftsman Collection.

Installation is quick and hassle-free, requiring just four screws to securely fit the insert into place. For added stability and convenience, the unit includes a removable black non-skid vinyl mat, which keeps stored items from shifting.

To provide a truly customized storage solution, each insert comes with four, five, or six removable and adjustable dividers. These dividers can be positioned either at an angle or vertically, allowing users to personalize their storage layout to accommodate a variety of kitchen essentials, from cookware to pantry items and baking supplies.

About Rev-A-Shelf® LLC.

Established in 1984 as a division of the family-owned Jones Plastic & Engineering, Rev-A-Shelf® LLC initially specialized in crafting metal and polymer Lazy Susan components for prominent U.S. cabinet manufacturers, distributors, fabricators, and retailers. Over time, it has transformed into the market leader, offering innovative residential cabinet storage solutions, high-quality wood components, high performance shelving hardware, and cutting-edge L.E.D. cabinet lighting.

Located in Louisville, KY., Rev-A-Shelf® is renowned for manufacturing thousands of innovative kitchen, bath, and closet accessories. Its reputation for superior craftsmanship extends to a diverse range of products produced under its Omega National Products by Rev-A-Shelf® subsidiary, including range hoods and floating shelves, as well as high-performance InnoVaShelf® floating shelf brackets. Additionally, Rev-A-Shelf® offers a comprehensive selection of L.E.D. lighting options for residential cabinetry and commercial display fixtures under the Tresco Lighting® brand.

Rev-A-Shelf® caters to primary markets, serving cabinet hardware distributors, major O.E.M. cabinet manufacturers, leading big box retailers, and a wide array of online web resellers.
