## **Rev-A-Shelf® Expands Sink Base Solutions with New Almond and White Flexible Drip Trays (SBDTF Series)**

Rev-A-Shelf® announces the expansion of its Sink Base Drip Tray offering with the introduction of new Almond and White finish options in the SBDTF Series Flexible Drip Trays. Designed to help protect cabinet interiors from minor leaks and spills, these trays deliver both preventative performance and a clean, finished appearance beneath the sink.

Constructed from durable, easy-to-clean TPE, these trays feature a flexible design that simplifies installation in sink base cabinets. They can be trimmed with scissors to fit around plumbing while maintaining full floor coverage. Designed to capture everyday drips from garbage disposals, water lines, and drain connections, they provide an added layer of protection for the cabinet interior.

Available in three sizes to accommodate 27-30", 33-36", and 39-42" sink base cabinet openings and now available in Almond and White to better coordinate with a range of cabinet interiors, the SBDTF Series offers a subtle, integrated look without sacrificing functionality. Ideal for new installations or retrofits, these trays support long-term cabinet preservation in both residential and multi-family applications.

For more information on the SBDTF Series Flexible Drip Trays, visit [rev-a-shelf.com](http://rev-a-shelf.com).

### **About Rev-A-Shelf® LLC.**

Established in 1984 as a division of the family-owned Jones Plastic & Engineering, Rev-A-Shelf® LLC initially specialized in crafting metal and polymer Lazy Susan components for prominent U.S. cabinet manufacturers, distributors, fabricators, and retailers. Over time, it has transformed into the market leader, offering innovative residential cabinet storage solutions, high-quality wood components, high performance shelving hardware, and cutting-edge L.E.D. cabinet lighting.

Located in Louisville, KY., Rev-A-Shelf® is renowned for manufacturing thousands of innovative kitchen, bath, and closet accessories. Its reputation for superior craftsmanship extends to a diverse range of products produced under its Omega National Products by Rev-A-Shelf® subsidiary, including range hoods and floating shelves, as well as high-performance InnovaShelf® floating shelf brackets. Additionally, Rev-A-Shelf® offers a comprehensive selection of L.E.D. lighting options for residential cabinetry and commercial display fixtures under the Tresco Lighting® brand.
