Autobell® Car Wash Raises “Dollars for Scholars” to Support UNC Charlotte Student Emergency Fund

CHARLOTTE (April 1, 2021) – [Autobell Car Wash](#) is partnering with the [UNC Charlotte Young Alumni Chapter](#) to combat food insecurity and meet other emergency needs of University of North Carolina Charlotte students.

During the [“Dollars for Scholars” event](#), Autobell will donate \$1 from every Double PolyprocessSM or higher car wash sold on **Thursday, April 8**, at the company’s [29 locations](#) in **Mecklenburg, Gaston, Lincoln, Union, Cabarrus, and Iredell counties** of North Carolina. Donations will support the [UNC Charlotte Student Emergency Fund](#), which assists current students with unexpected and unavoidable emergency expenses, and the [Jamil Niner Student Food Pantry](#), which provides assistance to students with food insecurities. The fundraiser is part of the university’s [“Niner Nation Gives” campaign](#).

Autobell is currently including its [Interior Disinfectant service](#) (a \$9.95 value) complimentary with the wash options designated for the fundraiser, offering a bonus for customers who support the event.

“The unprecedented impact of COVID-19 magnified the challenges of many university students, especially those juggling school, work, transportation, and living expenses,” said Autobell CEO Chuck Howard, a 1971 UNC Charlotte alumnus. “The Student Emergency Fund has [awarded over \\$500,000 in student assistance](#) as of first quarter 2021, and the needs remain overwhelming. We’re glad to bring attention and resources to initiatives that help students thrive and succeed.”

ABOUT AUTOBELL

Surpassing 50 years of service, Charlotte, NC-based Autobell Car Wash remains unwavering in its focus on customers and the cars they love. Founded in 1969 by the late Charles Howard Sr., Autobell is privately held and operated by subsequent generations of the Howard family.

Currently operating [87 locations](#) in North and South Carolina, Virginia, Georgia, and Maryland with consistent expansion, Autobell continues its commitment to [team member training and development](#), [community involvement](#), [scholarship](#) and [fundraising](#) programs, and environmental protection and conservation. All Autobell washes treat 100% of wash water used and recycle up to 100% using technologically advanced equipment.
