NoVA Issues Call for Proposals

The Commonwealth Cyber Initiative (CCI) NoVA Node announces a call for proposals for the Spring 2020 Innovation Grants. Proposals for CCI NoVA Node Due May 15

Proposals may be submitted for up to 12 months. To be eligible for support, proposing teams must provide evidence of a clear need and unmet opportunity. Participating teams must focus on the commercialization of innovative technology, processes, and services that will result in economic benefit to the Commonwealth. Proposals must identify the project’s technology, market, and impact.

The competition will enhance Virginia's economy by catalyzing innovation and encouraging commercialization of academic research and development. The competition is open to all colleges and universities within Virginia. Individuals, teams, or organizations may submit proposals. Participating teams must be comprised of at least one faculty member or staff member from a Virginia higher education institution and at least one member of the business community.

For more information about the competition, visit the CCI NoVA Node website.

Academic Advising Honored

Graduate Education

Grading Updates for Graduate Courses

Spring 2020 Withdrawal Option and Alternative Grading Option

Graduate students seek advising and guidance from their faculty advisors, who help them identify courses that provide the best preparation for their future careers. The Office of the University Registrar has updated the Spring 2020 Withdrawal Option and Alternative Grading Option website to reflect the flexibility that is now available to students.

Before June 30, all in-person courses will be offered in an intentional online experience, and all in-person courses will be offered in an online, virtual environment. Registration for Summer Term will continue through May 31.
